The Big New Yorker Book of Cats

Automotive News

Presents the latest safety ratings, dealer prices, fuel economy, insurance premiums, maintenance costs, and tires of new model automobiles.

Automobile Year 2006/07

Business Review Weekly

After plummeting through a hole in her backyard and finding herself once again in the room of mysterious jars, eleven-year-old Olive unwittingly releases two of Elsewhere's biggest, most cunning, most dangerous forces.

Kelley Blue Book April - June 2009 Used Car Guide

Published for more than 50 years, this annual covers the year's main motoring events, from Formula One to the latest styling studies and concept cars, and takes an overview of the period it has chronicled. Famous photographers look back

and select their favourite images from more than five decades of racing.

New Car Buying Guide

New Cars & Trucks Buyer's Guide

Modern cars are more computerized than ever. Infotainment and navigation systems, Wi-Fi, automatic software updates, and other innovations aim to make driving more convenient. But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack. The Car Hacker's Handbook will give you a deeper understanding of the computer systems and embedded software in modern vehicles. It begins by examining vulnerabilities and providing detailed explanations of communications over the CAN bus and between devices and systems. Then, once you have an understanding of a vehicle's communication network, you'll learn how to intercept data and perform specific hacks to track vehicles, unlock doors, glitch engines, flood communication, and more. With a focus on low-cost, open source hacking tools such as Metasploit, Wireshark, Kayak, can-utils, and ChipWhisperer, The Car Hacker's Handbook will show you how to:

- Build an accurate threat model for your vehicle
- Reverse engineer the CAN bus to fake engine signals
- Exploit vulnerabilities in diagnostic and data-logging systems
- Hack the ECU and other firmware and embedded systems
- Feed exploits through infotainment and vehicle-to-vehicle communication systems
- Override factory settings with performance-tuning techniques
- Build physical and virtual test benches to try out exploits safely

If you're curious about automotive security and have the urge to hack a two-ton computer, make The Car Hacker's Handbook your first stop.

The Times Index

This is a phenomenally detailed book which covers the car from bumper to bumper. Every detail of important repair and maintenance jobs is covered. Covers all 'Mk1' (cars with pop-up headlights) 1.8-litre models 1994-98; the only aftermarket workshop manual available for the MX-5; written in an easy to use, friendly style; step-by-step procedures supported by hundreds of photos & illustrations; covers all aspects of maintenance and repair; and applies equally to Eunos Roadster (Japanese market model) and Mazda Miata (US market model).

Look what The New Yorker dragged in! It's the purr-fect gathering of talent celebrating our feline companions. This bountiful collection, beautifully illustrated in full color, features articles, fiction, humor, poems, cartoons, cover art, drafts, and drawings from the magazine's archives. Among the contributors are Margaret Atwood, T. Coraghessan Boyle, Roald Dahl, Wolcott Gibbs, Robert Graves, Emily Hahn, Ted Hughes, Jamaica Kincaid, Steven Millhauser, Haruki Murakami, Amy Ozols, Robert Pinsky, Jean Rhys, James Thurber, John Updike, Sylvia Townsend Warner, and E. B. White. Including a Foreword by Anthony Lane, this gorgeous keepsake will be a treasured gift for all cat lovers. Praise for The Big New Yorker Book of Cats "The Book of Cats comes a year after The Big New Yorker Book of Dogs—a publishing slight that, though it stings, I'll forgive, as the latest anthology was worth the wait. . . . Two standout articles feature real-life obsessives of ages past who reveal today's Caturday devotees—with their GIFs and Tumblrs and hastily aggregated listicles—for what they truly are: amateurs. . . . Eat your heart out, Cute Overload."—The New York Times Book Review "A beautiful hardcover."—Jenny McCarthy, People "This irresistible anthology of articles, poems, essays, fiction, cartoons, and covers pulled from the New Yorker is a veritable treasure trove for cat lovers. Just dive right in; with stories from the likes of John Updike, Maeve Brennan, Roald Dahl, and Haruki Murakami interwoven with hilariously wry cartoons, one can't help but be enthralled. A must-have."—Modern Cat "A shiny, well-fed tome . . . The anthology embodies the cat's defining characteristic: its cluster of opposites, rolled together into a giant hairball of cultural attitudes—something, perhaps, at once uncomfortably and assuringly reflective of our own chronically conflicted selves."—Brain Pickings "This gorgeous book has earned a permanent spot on my coffee table. It is an absolute joy to read and browse through, and I know it will bring me hours and hours of pleasure for years to come. And it makes a purr-fect gift for the special cat lovers in your life."—The Conscious Cat "[A] sumptuous volume."—The Dallas Morning News "One need not own cats (or do cats own their owners?) or even be a pet

lover to savor this feline-focused offering.”—The Sacramento Bee “[A] fun collection of short stories, articles, humor, poems, and charming color covers from the magazine’s archives . . . [a] high-quality, attractive work.”—Library Journal “Covers, cartoons, authors of pieces both longer and shorter, reflect current views of the feline subject in all its glory. . . . The quality, humor and variety make for another successful New Yorker collection.”—Kirkus Reviews “An eminently giftable anthology.”—Publishers Weekly From the Hardcover edition.
