I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) Wear just 33 items for 3 months and get back all the JOY you were missing while you were worrying what to wear. In Project 333, minimalist expert and author of Soulful Simplicity Courtney Carver takes a new approach to living simply--starting with your wardrobe. Project 333 promises that not only can you survive with just 33 items in your closet for 3 months, but you'll thrive just like the thousands of woman who have taken on the challenge and never looked back. Let the de-cluttering begin! Ever ask yourself how many of the items in your closet you actually wear? In search of a way to pare down on her expensive shopping habit, consistent lack of satisfaction with her purchases, and ever-growing closet, Carver created Project 333. In this book, she guides readers through their closets item-by-item, sifting through all the emotional baggage associated with those oh-so strappy high-heel sandals that cost a fortune but destroy your feet every time you walk more than a few steps to that extensive collection of never-worn little black dresses, to locate the items that actually look and feel like you. As Carver reveals in this book, once we finally release ourselves from the cyclical nature of consumerism and focus less on our shoes and more on our self-care, we not only look great we feel great-- and we can see a clear path to make other important changes in our lives that reach far beyond our closets. With tips, solutions, and a closet-full of inspiration, this life-changing minimalist manual shows readers that we are so much more than what we wear, and that who we are and what we have is so

Sandra Gustafson's Great Eats London

Seeing my father in his hospital bed, I realized how much joy my father had missed out on. When I was growing up, he was always so busy working. I don't think he took the time to appreciate the simple things until way later in life. Even in his last few months, his frustration with traffic, people, and the hospital dictated his happiness levels. I knew that I needed to appreciate life more. It was possible, but I lacked an important skill-one I hadn't learned in the first forty years of my life. That skill was being grateful every chance I had. I started by focusing on the big things in my life, then kept going deeper to enjoy the little things. Along the way, my productivity and happiness grew. My gratitude practice healed me in the midst of one of the toughest years I've ever experienced.

Buddha's Diet

Minimalism is the thing that gets us past the things so we can make room for life's most important things—which actually aren't things at all. At age 30, best friends Joshua Fields Millburn & Ryan Nicodemus walked away from their six-figure corporate careers, jettisoned most of their material possessions, and started focusing on what's truly important. In their debut book, Joshua & Ryan, authors of the popular website *The Minimalists*, explore their troubled pasts and descent into depression. Though they had achieved the American Dream, they worked ridiculous hours, wastefully spent money, and lived paycheck to paycheck. Instead of discovering their passions, they pacified themselves with ephemeral indulgences—which only led to more debt, depression, and discontent. After a pair of life-changing events, Joshua & Ryan discovered minimalism, allowing them to eliminate their excess material things so they could focus on life's most

Digital Minimalism

In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that

are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "*Love Your Life, Not Theirs* is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for *Woman's Day* "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of *Where the Light Gets In* "In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, *NBC TODAY* and Host of *HerMoney* with Jean Chatzky Podcast

Goodbye, Things: The New Japanese Minimalism

Don't Settle for More Most of us know we own too much stuff. We feel the weight and burden of our clutter, and we tire of cleaning and managing and organizing. While excess consumption leads to bigger houses, faster cars, fancier technology, and cluttered homes, it never brings happiness. Rather, it results in a desire for more. It redirects our greatest passions to things that can never fulfill. And it distracts us from the very life we wish we were living. Live a better life with less. In *The More of Less*, Joshua Becker helps you

- Recognize the life-giving benefits of owning less
- Realize how all the stuff you own is keeping you from pursuing your dreams
- Craft a personal, practical approach to decluttering your home and life
- Experience the joys of generosity
- Learn why the best part of minimalism isn't a clean house, it's a full life

The beauty of minimalism isn't in what it takes away. It's in what it gives. *Make Room in Your Life for What You Really Want* "Maybe you don't need to own all this stuff." After a casual conversation with his neighbor on Memorial Day 2008, Joshua Becker realized he needed a change. He was spending far too much time organizing possessions, cleaning up messes, and looking for more to buy. So Joshua and his wife decided to remove the nonessential possessions from their home and life. Eventually, they sold, donated, or discarded over 60 percent of what they owned. In exchange, they found a life of more freedom, more contentment, more generosity, and more opportunity to pursue the things that mattered

most. The More of Less delivers an empowering plan for living more by owning less. With practical suggestions and encouragement to personalize your own minimalist style, Joshua Becker shows you why minimizing possessions is the best way to maximize life. Are you ready for less cleaning, less anxiety, and less stress in your life? Simplicity isn't as complicated as you think.

The 21-Day Challenges - Complete Series

What if everything you ever wanted isn't what you actually want? Twenty-something, suit-clad, and upwardly mobile, Joshua Fields Millburn thought he had everything anyone could ever want. Until he didn't anymore. Blindsided by the loss of his mother and his marriage in the same month, Millburn started questioning every aspect of the life he had built for himself. Then, he accidentally discovered a lifestyle known as minimalism...and everything started to change. That was four years ago. Since, Millburn, now 32, has embraced simplicity. In the pursuit of looking for something more substantial than compulsory consumption and the broken American Dream, he jettisoned most of his material possessions, paid off loads of crippling debt, and walked away from his six-figure career. So, when everything was gone, what was left? Not a how-to book but a why-to book, *Everything That Remains* is the touching, surprising story of what happened when one young man decided to let go of everything and begin living more deliberately. Heartrending, uplifting, and deeply personal, this engrossing memoir is peppered with

insightful (and often hilarious) interruptions by Ryan Nicodemus, Millburn's best friend of twenty years.

Bring Gratitude

The instant New York Times, USA Today, and Publisher's Weekly bestseller *A bold new plant-based plan that challenges popular keto and paleo diets*, from an award-winning gastroenterologist. The benefits of restrictive diets like paleo and keto have been touted for more than a decade, but as renowned gastroenterologist Dr. Will Bulsiewicz, or "Dr. B," illuminates in this groundbreaking book, the explosion of studies on the microbiome makes it abundantly clear that elimination diets are in fact hazardous to our health. What studies clearly now show--and what Dr. B preaches with his patients--is that gut health is

the key to boosting our metabolism, balancing our hormones, and taming the inflammation that causes a host of diseases. And the scientifically proven way to fuel our guts is with dietary fiber from an abundant variety of colorful plants. Forget about the fiber your grandmother used to take--the cutting-edge science on fiber is incredibly exciting. As Dr. B explains, fiber energizes our gut microbes to create powerhouse postbiotics called short-chain fatty acids (SCFAs) that are essential to our health. SCFAs are scientifically proven to promote weight loss, repair leaky gut, strengthen the microbiome, optimize the immune system, reduce food sensitivities, lower cholesterol, reverse type 2 diabetes, improve brain function, and even prevent cancer. Restrictive fad diets starve the gut of the critical fiber we need, weaken the microbes, and make our system vulnerable. As a former junk-food junkie, Dr. B knows firsthand the power of fiber to dramatically transform our health. The good news is that our guts can be trained. Fiber-rich, real foods--with fruits, vegetables, whole grains, seeds, nuts, and legumes--start working quickly and maintain your long-term health, promote weight loss, and allow you to thrive and feel great from the inside out. With a 28-day jumpstart program with menus and more than 65 recipes, along with essential advice on food sensitivities, Fiber Fueled offers the blueprint to start turbocharging your gut for lifelong health today.
