Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Hunter Pocket Adventure Guides contain all the practical travel information you need - places to stay and eat, tourist information resources, travel advice, emergency contacts, and more - plus condensed sections on history and geography that give you good background knowledge of the destination. The author is fascinated with the destination and her passion comes across in the text, which is lively, revealing, and a pleasure to read. Sidebars highlight unusual facts and tell of local legends, adding to your travel experience. Detailed town and regional maps make planning day-trips or city tours easy. Adventures covered range from town sightseeing tours and nature watching to sea kayaking and organized jungle excursions. Travelers looking for a more relaxed vacation may want to sign up for traditional dance lessons in Bolivia, drum classes in the Dominican Republic, or attend a weaving school in Bolivia - these cultural adventures will introduce you to the people and afford you a truly unique travel experience. "Over the last two years I have traveled Bolivia four times. Among the score of Bolivian guides that I have reviewed, two stand out: "Pocket Adventures

Bolivia" and "Footprint Bolivia". Both are solid guides, yet, both have their flaws.

Angel Boy

Science and Technology Annual Reference Review

This book illustrates that life has its highs and lows, but tomorrow is another day, so
make the most of each and every day. A modern-day Huck Finn is said to illustrate
the character (Angel Boy) and his experiences. Only with the riches that you are
born with, love of life, family, and friends, can you truly live. These, along with his
dramatic occurrences in life, are fluid throughout the book. My reason for creating
Angel Boy is to tell the world that life is exactly what you make of it. If you believe
in yourself, I mean truly believe, then a person can do just about anything they
dream of. You only get one chance at life, so live it wisely! It is up to you to make
the right choices each and every day. This story will enlighten you and illustrate
to you that the world is yours. Yours to experience to the fullest. Do it right, give it
all that you have, and live it richly like Angel Boy! Find your place to call home!
This book is great for people of all ages! Can you tell what parts of the book are
based on true life experiences and what are not? Sure this book has a touch of real
experiences and can entertain all sorts of readers. Enjoy Angel Boy, it is only one
of several books to follow.
