History of Thomaston, Rockland, and South Thomaston, Maine

"Using the whirlwind techniques of physical theatre, the two male actors portray the horrors of female

human trafficking and the drug trade. They play multiple characters, switching roles, genders, ages, at lightning speed and with seamless ease. The play makes a worthy Winner of the 2012 Baxter Zabalaza Thetare Festival at the Baxter Theatre Centre." -- Back cover.

Auto Repair For Dummies

"The Builder's Guide provides the building industry with the latest and best practical information on how to apply building science principles to structures as systems in mixed-humid climate regions."--Publisher's website.

A Slice of the Pie

Motorcycle Workshop Practice Techbook

"In recent years the debate on multiculturalism in the UK and other Western societies has focused principally on Islam, and the specific 'problems' said to be posed by Muslims have been invoked to justify the claim that multiculturalism has failed. That claim is opened to scrutiny and challenged in this unique collection through a series of explorations of specific issues and controversies - including the question of the veil, crime, political Islam, the role of Muslim women, sexuality and the Danish cartoons affair - and through more general reflections on the nature of multiculturalism. By exploring the nature of cultural differences and sensitivities and examining the way

conflicts have played out, this challenging book makes a wide-ranging contribution to debate and a more constructive inter-cultural engagement. The contributors draw upon the disciplines of social science, ethics, theology, philosophy and education to examine the nature of the issues and flashpoints and to draw out implications for theory, policy and practice." --from back cover.

The Living Temple of Witchcraft Volume Two

Introduction: Mediated America: Americana as Hollywoodiana / Jan Olsson, Kingsley Bolton -- Italian marionettes meet cinematic modernity / Jan Olsson -- "A red-blooded romance"; or Americanizing early multi-reel feature cinema: the case of *The Spoilers* / Joel Frykholm -- Song of the sonic body: noise, the audience, and early American moving picture culture / Meredith C. Ward -- Constructing the global vernacular: American English and the media / Kingsley Bolton -- You only live once: repetitions of crime as desire in the films of Sylvia Sidney, 1930-1937 / Esther Sonnet -- Punks! Topicality and the 1950s gangster bio-pic cycle / Peter Stanfield -- Importing evil: the American gangster, Swedish cinema, and anti-American propaganda / Ann-Kristin Wallengren -- Sun Yu and the early Americanization of Chinese cinema / Corrado Neri -- If America were really China or how Christopher Columbus discovered Asia / Gregory Lee -- Civil rights on the screen / Michael Renov -- Goodbye rabbit ears: visualizing and mapping the U.S. Digital TV transition / Lisa Parks --

Archival transitions: some digital propositions / Pelle Snickars -- Are Americans human? / Evelyn Ch'ien -- Afterword: Rethinking the American century / William Uricchio.

Preserving New York

Now available in paperback, Janet Mendel's classic work includes 270 recipes for traditional Spanish dishes from Andalusian red garlic fish soup to Catalan chicken, Asturias stuffed sardines and Galician fish stew to Castilian roast baby lamb and shepherds' stew from La Mancha. Her inspired introductions set the food in the context of a land situated on the crossroads of civilizations, and where the food is a true melting pot of many cultures.

Media, Popular Culture, and the American Century

How does a suburban pizza joint end up profiled on national magazine covers and network TV news? (Hint: The secret is not in the sauce.) When Nick Sarillo decided to open a family-friendly pizza restaurant in the suburbs of Chicago, people thought he was nuts. Having worked as a carpenter for much of his adult life, he lacked any formal experience in restaurants or in managing a small business. Everyone told him no one else would ever care about his place the way he did. They warned he'd have to work 20-hour-days and monitor every employee just to stay in business. But Sarillo saw things differently, and set out to run his business in a radically different

way. Today Nick's Pizza & Pub is one of the top ten busiest independent pizza restaurants in the country, with two locations that gross about six times the revenue of the typical pizza restaurant. And in an industry where most employees leave within less than a year, Nick's annual turnover rate is less than 20 percent. How did he do it? The secret lies in Nick's purpose-driven culture, in which every employee—from the waiters to the chefs to the managers—is equipped with the tools necessary to do their jobs while also advancing the company's overall mission. The result is higher sales, a dedicated team, and a big little business that is beloved by the entire community. In *A Slice of the Pie* Sarillo tells the story of how he built his extraordinary culture and shows how anyone can follow his methods. For instance, Nick's managers engage the staff by tracking and rewarding unusual metrics, such as how many guests request a particular server or the average check amount of each carryout host. Likewise, team members of all ages and levels of experience are encouraged to express themselves, acquire new skills, and suggest ideas to help the business grow. *A Slice of the Pie* will help transform even the smallest, simplest, and most ordinary business into a successful, high-performance organization.

Wingfield College and Its Patrons

Multi-volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location. For students, job candidates, business executives,

historians and investors.

I'm Pretty Sharp

As a leading Confederate general, Braxton Bragg (1817–1876) earned a reputation for incompetence, for wantonly shooting his own soldiers, and for losing battles. This public image established him not only as a scapegoat for the South's military failures but also as the chief whipping boy of the Confederacy. The strongly negative opinions of Bragg's contemporaries have continued to color assessments of the general's military career and character by generations of historians. Rather than take these assessments at face value, Earl J. Hess's biography offers a much more balanced account of Bragg, the man and the officer. While Hess analyzes Bragg's many campaigns and battles, he also emphasizes how his contemporaries viewed his successes and failures and how these reactions affected Bragg both personally and professionally. The testimony and opinions of other members of the Confederate army--including Bragg's superiors, his fellow generals, and his subordinates--reveal how the general became a symbol for the larger military failures that undid the Confederacy. By connecting the general's personal life to his military career, Hess positions Bragg as a figure saddled with unwarranted infamy and humanizes him as a flawed yet misunderstood figure in Civil War history.

Poverty

In the sixth installment of the award-winning Temple of Witchcraft series, popular author Christopher Penczak explores the quest of the God. In this volume, the twelve signs of the zodiac represent the God's symbolic journey through the sky. Each archetypal astrological force offers readers unique insight into the mysteries and the role of a high priest or high priestess. This manual of practical exercise, witchcraft theology, and ministerial advice also explores witchcraft and the modern world, discussing how contemporary issues can be approached from the perspective of witchcraft spirituality. A magickal education through the zodiac signs Learning tools for pagan ministers Earth stewardship and working with ley lines Ancestor work Trance work through dance and plant substances Mediumship within witchcraft Communing with your own personal twelvefold pantheon The lessons in this advanced magickal book culminate in a powerful self-initiation ritual that combines the lessons of the Goddess's descent and the God's journey, to bring awareness, understanding, and personal power.

Braxton Bragg

The 650th anniversary of the foundation of Wingfield College was the occasion for a special two-day symposium marking the culmination of a three-year UEA-funded research project into the college and castle. The building projects of the late medieval aristocracy focused on their homes and the monasteries, churches or chantry foundations under their patronage where their family were buried and

commemorated. This commemoration allowed a visual celebration of their achievements, status and lineage, the scale and prestige of which reflected on the fortunes of the family as a whole. Wingfield is explored in the context of both the actual building of the castle, chantry chapel and the college, and that of the symbolic function of these as a demonstration of aristocratic status. The contributions to this book examine many topics which have hitherto been neglected, such as the archaeology of the castle, which had never been excavated, the complex history of the college's architecture, and the detailed study of the monuments in the church. The latest techniques are used to reconstruct the college and castle, with a DVD to demonstrate these. And the context of the family and its fortunes are explored in chapters on the place of the de la Poles in fifteenth century history, as soldiers, administrators and potential claimants to the throne.

Merchant Vessels of the United States

Super Pop!

Since its formation in 1932, Saudi Arabia has been ruled by two interdependent families. The Al Sa'uds control politics and the descendants of Ibn Abd al-Wahhab impose Wahhabism—a violent, fanatical perversion of the pluralistic Islam practiced by most Muslims. Stephen Schwartz argues that Wahhabism, vigorously exported with the help of Saudi oil money, is what incites Palestinian suicide bombers, Osama

bin Laden, and other Islamic terrorists throughout the world. Schwartz reveals the hypocrisy of the Saudi regime, whose moderate facade conceals state-sponsored repression and terrorism. He also raises troubling questions about Wahhabi infiltration of America's Islamic community and about U.S. oil companies sanitizing Saudi Arabia's image for the West. This sharp analysis and eye-opening expose illuminates the background to the September 11th terrorist attacks and offers new approaches for U.S. policy toward its closest ally in the Middle East.

Building Bamboo Fences

Poverty has dire consequences on the ability to fulfil one's aspirations for life. Poverty has strong implications for social cohesion and societies' abilities to function in harmonious ways. This book presents the readers with the core concepts, latest development and knowledge about policies that work to eliminate absolute poverty. This volume shows what the consequences are for the quality of life of those living in poverty. It describes life for people in poverty in general, but also deals more specifically with children, in-work poverty and the elderly, thus providing a life, generational and global perspective on poverty, including the impact on people's happiness levels. The book also discusses policies aimed at poverty reduction, such as changes to the labour market - including the risk of working poor - and shows that there is a variety of possible instruments available to reduce poverty. These range from direct provision of social security to ensuring

education and a better functioning labour market. Written in an engaging and accessible style, the book provides a succinct insight into the concept of poverty, how to measure it, the situation of poverty around the globe as well as different types of possible interventions to cope with poverty. Supporting theory with examples and case studies from a variety of contexts, suggestions for further reading, and a detailed glossary, this text is an essential read for anyone approaching the study of poverty for the first time.

Towards Understanding the Intrinsic in Body Movement

Creating Effective Learning Environments

The Official Lsat Preptest

Hannah's list: Ghosts are cold to the touch. Being tied up isn't much fun. And danger is a sure-fire prescription for amazing sex! When Hannah Campbell attends a memorial service for the neurosurgeon who once saved her life, the last thing she expects is a lightning strike that knocks her out cold and blasts her lungs full of the departed's ashes. Things only get weirder when she wakes up to find the deceased standing over her hospital bed, insisting she help him track down the terrorists who blew up his plane. Professor Takeshi Shimodo doesn't know what to

believe when smart-mouthed Hannah appears on his doorstep, claiming to be haunted by the ghost of his best friend. Yet she exhibits some extraordinary psychic abilities. And her determination to find justice for the crash victims, in spite of her fragile health, touches his heart. Takeshi's acupuncture techniques are meant to calm Hannah's erratic heartbeat, but the longer they are together, the more his magic fingers have the opposite effect. Soon, their passion flares hotter than any lightning strike. But now the terrorist they seek is hunting them. And the FBI is suspicious Hannah knows just a little too much. Without some "spiritual" help, they haven't a ghost of a chance. Warning, this title contains the following: explicit sex, graphic language and violence.

Governments and Rebellions in Southeast Asia

NOTE: NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT--OVERSTOCK SALE -- Significantly reduced list price U.S. Army Counterinsurgency and Contingency Operations Doctrine, 1860-1941, is the first of a two-volume study on the U.S. Army's experience in "small war" situations and the development of low-intensity conflict doctrine. Focusing on the suppression of insurgent or other irregular forces during overseas constabulary and contingency operations from the Civil War years up to America's entry into World War II, Andrew J. Birtle has filled an important omission in military historiography by writing about the underlying theories, concepts, and methods employed in the conduct of myriad

unconventional missions with soldiers serving as governors, constables, judges, diplomats, explorers, colonizers, educators, administrators, and engineers. Even though official, codified, written doctrine for counter guerrilla, pacification, and nation-building activities prior to World War II has long been viewed as nonexistent, Birtle uncovers through his meticulous research an evidentiary thread of continuity in the Army's performance and thus maintains that some of the central principles governing such operations were indeed incorporated into official Army doctrinal literature. The events discussed unquestionably occurred long ago, but many of the issues raised by Birtle have enduring relevance for today's Army. People, places, and events may change, yet the fundamental questions involved in suppressing insurrections, fighting irregulars, administering civilian populations, and conducting foreign intervention remain surprisingly constant in this unpredictable world of ethnic tensions and turmoil. By studying how soldiers dealt with these complex issues in the past, Birtle's well-written account offers valuable insights to guide current and future soldiers when called upon to conduct similar operations. Military strategists, historians, and civilians interested in America's early history may find this resource appealing and offer a better understanding of Army doctrine from a historical perspective. Honda C50, C70 & C90

Preserving New York is the largely unknown inspiring story of the origins of New York City's nationally acclaimed landmarks law. The decades of struggle behind the law, its intellectual origins, the men and women who fought for it, the forces that shaped it, and the buildings lost and saved on the way to its ultimate passage, span from 1913 to 1965. Intended for the interested public as well as students of New York City history, architecture, and preservation itself, over 100 illustrations help reveal a history richer and more complex than the accepted myth that the landmarks law sprang from the wreckage of the great Pennsylvania Station. Images include those by noted historic photographers as well as those from newspaper accounts of the time. Forgotten civic leaders such as Albert S. Bard and lost buildings including the Brokaw Mansions, are unveiled in an extensively researched narrative bringing this essential episode in New York's history to future generations tasked with protecting the city's landmarks. For the first time, the story of how New

York won the right to protect its treasured buildings, neighborhoods and special places is brought together to enjoy, inform, and inspire all who love New York.

Islam in the West

With a Haynes manual, you can do it yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the motorcycle. We learn the best ways to do a job and that makes it quicker, easier and cheaper for you. Our books have clear instructions and plenty of photographs that show each step. Whether you're a beginner or a pro, you can save big with Haynes!

- Step-by-step procedures
- Easy-to-follow photos
- Complete troubleshooting section
- Valuable short cuts
- Color spark plug diagnosis

Complete coverage for your Honda C50, C70 and C90 for 1967 thru 2003:

- Routine Maintenance
- Tune-up procedures
- Engine, clutch and transmission repair
- Cooling system
- Fuel and exhaust
- Emissions control
- Ignition and electrical systems
- Brakes, wheels and tires
- Steering, suspension and final drive
- Frame and bodywork
- Wiring diagrams

Shaking Off the Dust

A deep river pit in Natchez, Mississippi, reputed to be the hiding spot for Jean Lafitte's hidden treasure and a dumping ground for numerous murder victims, becomes the site of a dangerous showdown for Penn Cage, in a tale beset by racial tension, betrayals and illicit sex. By the author of Third Degree. Reprint.

Citroen BX Service and Repair Manual

Seamlessly blending the personal and the political, *Grounded* tells the story of a hot-rod F16 fighter pilot whose unexpected pregnancy ends her career in the sky. Repurposed to flying remote-controlled drones in the Middle East from an air-conditioned trailer near Vegas, the Pilot struggles through surreal twelve-hour shifts far from the battlefield, hunting terrorists by day and being a wife and mother by night. A tour de force play for one actress, *Grounded* flies from the heights of lyricism to the shallows of workaday existence, targeting our assumptions about war, family, and the power of storytelling. *Grounded* won the 2012 Smith Prize; a 2013 Scotsman Fringe First Award; Best Production of 2013 Award from the Off-West End Theatre Awards; was named a London Top Ten Play in both the Evening Standard and The Guardian; 2016 Lucille Lortel Award for Outstanding Solo Show and the 2015 Teatro Netto Festival Grand Prize.

U.S. Army Counterinsurgency and Contingency Operations Doctrine, 1860-1941 (Paperbound)

Haynes has discovered all the problems that motorcycle owners could possibly encounter when rebuilding or repairing their bikes. Documenting the most common DIY fixes with hundreds of illustrations and step-by-step instructions, this compendium of repair, modification and troubleshooting advice is applicable to all domestic and import marques.

Super Pop! offers a maximum-pleasure, minimum-effort way to become smarter, happier, and more likely to survive your next family function (or a shark attack). This hilarious and wide-ranging guide sorts nearly 500 different bestsellers, blockbusters, and underappreciated gems into quirky top ten lists, like "Outwit Death: Essential Lessons in Survival," and "Achieve Mindfulness: Movies That Will Show You the Way (With Wise Elders Now Included)." So whether you're looking for some motivational workout music, need help planning a July 4th double feature, or just want to pick up some knowledge without straining your brain, this book has you covered. With new insights on old classics and fresh ideas for jaded eyes, Super Pop! makes sense of pop culture — and then puts pop culture back to work!

Worst of Both Worlds

Cutlass 1970-87

This book includes designs of traditional Japanese bamboo fences, as well as diagrams illustrating the basic techniques of creating a fence including splitting bending, joining and tying bamboo. Paired with step-by-step instructions, these designs will prove the perfect starting point for those who aspire to become a professional garden designer.

The Devil's Punchbowl

Striking a unique balance between skills and theory, Intercultural Competence provides readers with the background and confidence to succeed in today's multi-cultural environment. Blending both the practical and the theoretical, the concrete and the abstract, this book is both enjoyable to read and thoroughly researched. By clearly explaining different theories and the significance of cultural patterns and having readers practice what they learn via examples in the book, Intercultural Competence better prepares readers to interact in intercultural relationships. The book also provides a discussion of important ethical and social issues relating to intercultural communication. The authors cover American multiculturalism as well as global cultural issues.

Builder's Guide to Mixed and Humid Climates

Assessing Tracked and Wheeled Vehicles for Australian Mounted Close Combat Operations

The Two Faces of Islam

We assess trade-offs between tracked and wheeled combat vehicles by exploring lessons learned from conflict in various parts of the world, the implications of advanced technologies, and system-level implications of the different classes of vehicles.

Intercultural Competence

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been

interviewed on the Today show, NBC Nightly News, and other television programs.
