The second novel in the "enthralling" (Midwest Book Review) Annals of Drakis fantasy epic The Rhonas Empire of the elves is built upon an unquenchable thirst for conquest. The elves control the Aether—the mystical substance that fuels their magic. And one use of this Aether is to compel total obedience on the part of the slaves drawn from the races they have defeated. But there are legends that tell of an age when humans and the other slave races were free, ruling powerful empires of their own. Tales carried down from generation to generation speak of a hero who will lead an uprising against the empire. That hero, so the stories say, will be a human named Drakis. When a captive dwarf called Jugar works Aer magic to destroy the Aether wells of the Western Provinces, it signals the start of a rebellion straight out of legend. In the ensuing chaos, the warrior-slave named Drakis, along with a small group of fellow slaves, flees—lured on by a melody that coils itself around his mind and conjures disturbing visions of dark wings, claws, iridescent scales, and fire. Pursued by the Rhonas Iblisi Inquisitors, this desperate band of fugitives makes its way across the ocean only to find a desolated, seemingly lifeless land. Following the melody he alone can hear, Drakis stumbles on the incredible truth: dragons are real. Attacked by these fierce, fire-breathing beings, the group escapes through a fold that opens into the remains of a once-great empire. Cut off from the world they know, can they survive the dangers of this treacherous realm, and find a way back to those they left behind—bringing the truth of the legends to the army of the rebellion even now being raised in the name of Drakis?

As Columbus sets sail on his first voyage to the "Indies" from the Spanish port of Palos de la Frontera, he writes to his son Diego: "When we return, Diego, you will no longer be the son of a penniless vagabond. No, Diego, you will be the son of the Admiral of the Ocean Sea. As we cross the bar and leave the land to enter the great Ocean Sea, I speak this promise to you and to the wind: we will leave our mark, Diego, and our name. Many will remember this day and this place. "

This early work on Martin Luther is both expensive and hard to find in its first

edition. It details the life of the monk responsible for translating the Bible from Latin into German and for inspiring the Lutheran movement. This is a fascinating work and is thoroughly recommended for anyone interested in the history of European religion. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The chance discovery of a dead woman on a dingy river bank in New Jersey changed the life of 8-year-old Robert Galen forever; it propelled him into a lifelong

study of medicine, beginning under the sage counsel of his mentor, Dr. Agnelli. In turn, his medical career led him to two ill-fated marriages and one would-be recaptured romance. Then, alone and in near despair, Galen found a new reason for being, in his old friend Bob Edison, along with his patient wife, Nancy, and in the three, orphaned Hidalgo children, whom he rescued from the wrath of a hurricane. Together, the six—and a host of other injured souls—attained solace living at Safehaven, the often-miraculous refuge perched on the side of a mountain in the endless hills of northeastern Pennsylvania. R.A. Comunale chronicled this deeply human saga in his first two novels, *Requiem for the Bone Man* and *The Legend of Safehaven*, both of which won him widespread praise for his vivid characters and sharp insights into the human condition. Now, in the long-anticipated third installment of the series, *Comunale* brings the residents of Safehaven together once more, perhaps for the last time.

Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, Anthem takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of Anthem is both modern and readable.

If my poetry can melt your heart, then I also believe, being in love gives us all a great reason to live. Imagine, if only one kiss could take over your world, then what would love overall do for you? My dad gave me a special gift in life, what I call a, "Lifetime Gift". My dad took me down to the local "Soup Kitchen" when I was little and let me experience the gift of "Love". I observed, ate, laughed, with the less fortunate ones. Growing up from my life experiences, makes me humble, and to be thankful. I was born and raised in a city called Danbury, Connecticut, USA. I have experienced a powerful spiritual awakening, that has transformed me into someone like I have never thought would exist. We all shed spiritually in life from time to time, as long as we live. In the end, I know."I Exist", now that is so ever powerful, when you can touch other people's lives through "Love". "We need more

“Love” in this generation, more than ever before”

I have been lucky enough to be able to read Linda's poems for quite some time now & my life has been made richer for it. They make me laugh, cry, happy, angry, sad, thoughtful, sometimes all at the same time! I hope you enjoy them as much as I do & treasure this book from this remarkable woman. LEE (LA) I first started reading Linda's poems last year and immediately felt she should do something

more with them. I told her to try and publish them so other people could enjoy her work too. Ever since she became more self assured about her work which resulted in more and more poems, eventually leading to this book Linda's poems are always touching, heartfelt and they strike a nerve every time. You never know if they are autobiographical, but each reader can relate the poems to events in his or her life. One of her lyrics has even been used by a Scottish rock band to transform into a song. This book will capture you from the first poem till the last. ilona brandwijk (rockstage management Holland) They are beautiful and I identify with the sentiment and words of every single poem there because they reflect my life experience, my wants, desires and fears and they will other people's too. People need to read words like that provide confirmation that they are not alone in feeling like that and that its something that we all go through in life. I think to publish them or even to music to them would be excellent. Some musicians out there don't write as well as you. I really think you could do very very well with them. Lizzie (Dublin)

This is the only English translation of this important book by the world's most distinguished Bach scholar. This work is widely regarded as the most authoritative and comprehensive treatment of the Bach cantatas. It begins with a historical survey of the seventeenth-century background to the cantatas, and performance

practice issues. The core of the book is a work-by-work study in which each cantata in turn is represented by its libretto, a synopsis of its movements, and a detailed analytical commentary. This format makes it extremely useful as a reference work for anyone listening to, performing in, or studying any of the Bach cantatas. All the cantata librettos are given in German-English parallel text. For the English edition the text has been carefully revised to bring it up to date, taking account of recent Bach scholarship.

"Un-Reined Soul" is a bilingual poetry collection expressing in both English and Spanish the full spectrum, from triumph to tragedy, of the modern human experience. The overlying theme of finding the inner voice that had been dormant for many years and using those emotions to fully express the depth of the human soul is one which is universal to any who have lived, loved or lost. The inspiration

for the works contained in Un-Reined Soul comes quite literally from everyday life. The poet takes moments in time and expresses them in a way that can touch the hearts, minds and souls of readers, relating to specific moments in their own lives. Readers will be uplifted by expressions of love, hope and family, experiencing awakenings of self-reflection through the poets inner most thoughts. The books opening work, Unleashed is a poem that describes the awakening of a soul that once lay dormant and the new feelings and experiences that are revealed when that place is, at last, touched by the hand of inspiration. Thief reflects on how individuals come into our lives disturbing, uncovering and exposing things we never knew had always existed below the surface, ultimately making the reader wonder who was really the Thief. Reflection is a poem of self examination and introspection. At its core, it questions the juxtaposition of others perceptions of who we are to the true self that can be found in moments of inner contemplation. Liberarme a poem in Spanish that expresses the pain felt by a heart that remains imprisoned by a lost love. Expressing the beauty and pain of life is close to the heart of El Rios Paolino, who has experienced an abundance of both in her own life and has gained a newfound perspective by putting pen to paper in the creation of Un-Reined Soul. In the heart of the poet is the desire to show each reader that there is a new corner of their soul waiting to be un-reined.

As Tina is ironing, she questions things and then her mind wonders with each item she irons. What ever happened to perma-press? Tina asks herself as she is ironing a linen pair of capris, and is having difficulty getting the wrinkles out. She goes

through the history of fabrics, from perma press, to wrinkle free, to natural fibers, to those that today need ironing, just when life should be simpler. As Tina is ironing her husband's dress shirt, she questions why her husband is steadfast on wearing a business suit with a dress shirt and tie in his stock broker business. She also reflects on what a clean-cut person he is, and how everything has to be in order, and when things get out of order, that it drives him crazy. Speaking of crazy. As Tina irons a dress she wore to a party she attended with her husband, she reflects on the good times they used to have together and wondered what happened between them.

### **The Cantatas of J. S. Bach**

Jumping is a work of visionary fiction that begins with a nihilistic act. The main character, a young man, feels life's limits are killing him, drives to a remote area, walks 100 yards, and leaps into a dark and mysterious chasm, known locally as the "Void." Friends and family are stunned. What he meets in the Void is his own larger spiritual history—a cohort of souls he incarnated with, a string of past lives he visits—and he's changed profoundly and permanently. Because of his story, others jump. What are they jumping to? Duncan Robert is the first to jump. No one saw him do it, but some claim they felt something at the moment he jumped—a sort of missed beat, or skip, in the order of things. The Void waits in the woods just outside of town and has for as long as anyone can remember, though no one knows why. In the tradition of *The Celestine Prophecy* and *Mutant Message Down Under*, this teaching fable explores the necessity of taking risks, life beyond the limits and time and space, and humanity's place in the universe. "In a way, Jumping is similar to spiritually directed fantasy or channeled work. I've never written anything like it and typically don't read anything like it, so I'm short on language to describe it. It's metaphysical and fiction, which removes it from the category of straight channeling or metaphysical self-help books." —Jane Peranteau

### **The Day We Still Stand Here**

In this revised edition of his poetry collection, *A Pale Shade of Blue*, Tommy Melis explores topics ranging from feminism and equality to religious oppression and existential freedom. For this revision, he has added new poems written between 2011 and 2012 and included previously unreleased poetry written between 1999 and 2008, representing his earliest work. Like most Cuban Americans, he grew up in a family that celebrated their rich cultural history as both Cuban exiles and first-generation Americans. The characters represented in his poems have overcome mental illness and found healing in identifying common societal themes between the blurred lines of justice and freedom. Having to find their way to the light, they speak out of the darkness they have seen, and their relentless emotional trappings they each seek to be free from. The stories are of perseverance and often speak of things normally swept under rugs. The poems in this collection are divided into five distinct books: Book One: *The Tree Growing* represents rebirth and belief; Book Two: *Stems* considers embracing and releasing the darkness; Book Three: *Branches* speaks to oppression and cultural moldings; Book Four: *Fire* covers lessons learned; and Book Five: *Roots* looks at the connection between the poet and his reader. *A Pale Shade of Blue* opens up the world of a vibrant culture and

the emotions associated with overcoming personal challenges for all to consider.

### **Short Stories (Some a Little Longer)**

This volume contains Ridley's first three plays, which heralded the arrival of a unique and disturbing voice in the world of contemporary drama. They are seminal works in the development of the 'in yer face' theatre that emerged in Britain during the mid-1990s. The three plays here all manifest Ridley's vivid and visionary imagination and the dark beauty of his outlook. They resonate with his trademark themes: East London, storytelling, moments of shocking violence, memories of the past, fantastical monologues, and that strange mix of the barbaric and the beautiful he has made all his own. The Pitchfork Disney was Ridley's first play and is now seen as launching a new generation of playwrights who were unafraid to shock and court controversy. This unsettling, dreamlike piece has surreal undertones and thematically explores fear, dreams and story-telling. The Fastest Clock in the Universe is a multi-award-winning play which caused a sensation when it premiered at Hampstead Theatre in 1992. An edgy and provocative drama, it is now regarded as a contemporary classic. Ghost from a Perfect Place is a

scorchingly nasty blend of comedy, spectacle and terror where a monster from the past meets the monsters of the present.
