New Testament Greek

This first-year Greek textbook discusses all the forms and basic syntax of Koine Greek, complete with extensive paradigms, examples, and explanations. --from publisher description

Greek for the Rest of Us

If you'd love to learn Greek so you can study your Bible better, then this newly revised second edition of Greek for the Rest of Us is for you. Developed by renowned Greek teacher William Mounce, this revolutionary crash-course on "Greek for the rest of us" will acquaint you with the essentials of the language and deepen your understanding of God's Word. You'll gain a sound knowledge of Greek, and you'll learn how to use tools that will add muscle to your Bible studies. This book is divided into three major sections (Foundational Greek, Church Greek, and Functional Greek), each of which builds on the previous section and takes you to the next level. Depending on which levels you take, the book will teach you how to: Read and pronounce Greek words Learn the fundamentals of the Greek noun and verb system Conduct effective Greek word studies Learn the basics of Greek exegesis for biblical interpretation Decipher why translations are different Read better commentaries Be comfortable using reverse and traditional interlinears Understand the information displayed by biblical software

Learn Biblical Greek Pack

This in-depth yet student-friendly introduction to Koine Greek provides a full grounding in Greek grammar, while starting to build skill in the use of exegetical tools. The approach, informed by twenty-five years of classroom teaching,

emphasizes reading Greek for comprehension as opposed to merely translating it. The workbook is integrated into the textbook, with exercises appearing within each chapter rather than pushed to the end or located in a separate book. This enables students to practice concepts as they encounter them in the chapter--ideal for distance learning or studying beyond the traditional classroom. The book covers not only New Testament Greek but also the wider range of Bible-related Greek (LXX and other Koine texts). It introduces students to reference tools for biblical Greek, includes tips on learning, and is supplemented by robust web-based resources through Baker Academic's Textbook eSources. Resources for students include flash cards and audio files. Resources for professors include a test bank and an instructor's manual.

Mounce's Complete Expository Dictionary of Old and New Testament Words

This expanded workbook is designed with you, the student, in mind and intended for use with the standard-setting Basics of Biblical Greek textbook, now in its third edition. Two optional chapters have been added to the Basics of Biblical Greek Workbook, allowing you to read large chunks of the biblical text and enjoy the fruits of your labor faster than ever before. Each chapter is divided into six sections and includes extensive exercises and significant biblical passages for translation. One of the most helpful and unique features of the workbook remains. You can go through the workbook on one of two tracks: Track 1 follows the workbook (and textbook) in its regular order, while Track 2 is organized so you can learn verbs earlier in the course. Not only is the flexible two-track system even easier to use online, but a workbook answer key is also provided. Many other resources are available, including vocabulary flashcards; video and audio helps; Greek fonts; quizzes for each chapter; fun songs and games; and much, much more.

Fundamentals of New Testament Greek

If you think that . . . • Aorist is a major artery of the heart • Clause is the surname of the fat guy in the red suit • Syntax is Uncle Sam's slice of alcohol and tobacco sales . . . then you need English Grammar to Ace New Testament Greek. It's designed to help you get a quick brush-up on the English grammar you've either forgotten or never quite learned, in a way that ties directly to your first-year Greek studies. With chapters such as "You Ain't Nothing but a Noun Dog" and "Inflection: Trouble Understanding Yoda You Have, Yes?" this colorful, entertaining book compares elements of English grammar with similar elements in Greek grammar. It can either be used as a one-week intensive study to prepare for Greek grammar, or be readily incorporated into actual Greek studies. English Grammar to Ace New Testament Greek features: • A brief summary of the scope of English grammar • Short, easy-to-read chapters • An introductory devotion in every chapter • Lessons coordinated with Mounce's Basics of Biblical Greek • Tips for vocabulary memorization and sentence diagramming • Glossary

Reading Biblical Greek

Reading Biblical Greek is designed around three core elements: grammar,

vocabulary, and reading and translation. It introduces first-year students to the essential information needed to optimize their grasp of the fundamentals of biblical Greek---no more and no less---enabling them to read and translate the Greek of the New Testament as soon as possible.

Basics of Biblical Greek Grammar

This new primer offers a succinct, single-volume introduction to biblical Greek that has already been tested in classrooms around the country. Divided into 32 separate lessons, each containing a generous number of exercises, the text leads students from the Greek alphabet to a working understanding of the language of the Bible.

Biblical Greek: A Compact Guide

Daniel B. Wallace's groundbreaking books *Greek Grammar Beyond the Basics: An Exegetical Syntax of the New Testament* and *Basics of New Testament Syntax* have become the standard textbooks among colleges and seminaries for teaching New Testament Greek syntax. This workbook, designed to accompany both books, presents a dynamic approach to learning Greek syntax. Instead of simply learning syntax in single-verse snippets, students are exposed to all of the major syntactical categories in exegetically and theologically significant passages.

Basics of Biblical Aramaic

The *Basics of New Testament Syntax* provides concise, up-to-date guidance for intermediate Greek students to do accurate exegesis of biblical texts. Abridged from *Greek Grammar Beyond the Basics: An Exegetical Syntax of the New Testament*, the popular exegetical Greek grammar for studies in Greek by Daniel B. Wallace, *The Basics of New Testament Syntax* offers a practical grammar for second-year students. The strengths of this abridgment will become quickly apparent to the user:

- It shows the relevance of syntax for exegesis and is thoroughly cross-referenced to *Exegetical Syntax*.
- It includes an exceptional number of categories useful for intermediate Greek studies.
- It is easy to use. Each semantic category is discussed, and a definition and key to identification are provided.
- Scores of charts and tables are included to enable the intermediate student to grasp the material quickly.

Basics of Biblical Greek Grammar

Diligent study of God's Word involves engaging with it in the language it was written. Learning Greek can be a challenging experience for seminary students, but it is a critical piece of their education. Engaging with the Bible in its original language will lead to deeper understanding, new insights, and provide tools to enter into the conversation surrounding God's Word. *Biblical Greek Made Simple* is a one-semester textbook that teaches the basics of biblical Greek. Designed with the modern student and curriculum in mind, this grammar introduces all the essential elements of biblical Greek while also utilizing the tools and features of Logos Bible Software to help retain and enhance knowledge of Greek. Each chapter

includes exercises tailored to its contents as well as additional teaching material for further advancement. Daniel Zacharias provides a solid overview of the entire biblical Greek system, while challenging students to understand how this ancient language is relevant to meaning and translation.

An Introduction to Biblical Greek Grammar

This expanded and updated workbook is designed with the student in mind and intended for use with the standard-setting Basics of Biblical Greek Grammar textbook, now in its fourth edition. Two optional chapters have been added to the Basics of Biblical Greek Workbook, allowing students to read large chunks of the biblical text and enjoy the fruits of their labor faster than ever before. Each chapter is divided into six sections and includes extensive exercises and significant biblical passages for translation. One of the most helpful and unique features of the workbook remains. You can go through the workbook on one of two tracks: Track One follows the workbook (and textbook) in its regular order, while Track Two is organized so you can learn verbs earlier in the course.

Biblical Greek Exegesis

For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew, creating the need for a new, more accurate, more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's?· The most accurate, in-depth definitions based on the best of modern evangelical scholarship· Both Greek and Hebrew words are found under each English entry (Vine's separates them)· Employs both Strong's and G/K numbering systems (Vine's only uses Strong's)· Mounce's accuracy is endorsed by leading scholars

Basics of Biblical Hebrew Grammar

Clear. Understandable. Carefully organized. Basics of Biblical Greek Grammar by William D. Mounce is the standard textbook for colleges and seminaries. Since its initial publication in 1993 its integrated approach has helped more than 250,000 students learn New Testament Greek. The fourth edition of Basics of Biblical Greek Grammar has been updated throughout based on continuing feedback from professors, students, self-learners, and homeschoolers, making it even more effective for today's students. As well, improvements have been made based on recent developments in scholarship. The key to the effectiveness of Basics of Biblical Greek Grammar in helping students learn is in how it introduces them to the language. Students learn about the features of the Greek language in a logical

order, with each lesson building upon the one before it. Unnecessary obstacles that discourage students and hinder progress are removed, such as rote memorization of endless verbal paradigms. Instead students receive encouragement along the way to assure them they are making the necessary progress. As well, detailed discussions are included at key junctures to help students grasp important concepts. By the time students have worked their way through Basics of Biblical Greek Grammar they will have learned: The Greek Alphabet Vocabulary for words occurring 50 times or more in the Greek New Testament The Greek noun system The Greek verbal system, including indicative and nonindicative verbs, and participles A robust suite of learning aids is available for purchase to be used alongside the textbook to help students excel in their studies. These include a workbook, video lectures for each chapter featuring the author, flashcards keyed to vocabulary in each chapter, a laminated quick study sheet with key concepts, and audio of the vocabulary for each chapter to aid in acquisition.

Greek Grammar Beyond the Basics

Biblical Greek: A Compact Guide, Second Edition by William D. Mounce is a handy, at-a-glance reference for students, pastors, and teachers. It follows the organization and format of the fourth edition of Basics of Biblical Greek Grammar, but it is also usable by students who learned with a different grammar. By limiting its discussion to the "nuts and bolts," Greek language students working on translation and exegesis will more quickly and easily find the relevant grammatical refreshers. Students can, for example, check on the range of meaning for a particular word or make sure they remember how aorist participles function in a sentence. The paradigms, word lists, and basic discussions in Biblical Greek: A Compact Guide Second Edition points students in the right direction and allow them to focus on more advanced Greek study.

Learn to Read New Testament Greek

This pack contains everything you need to learn the original language of the New Testament, no matter if you are already enrolled in a class or learning on your own. It includes 36 video lessons on six DVDs, the most popular introductory Greek grammar today (Basics of Biblical Greek), along with the corresponding workbook, audio, and other necessary tools. First published in 1993, William Mounce's Basics of Biblical Greek Grammar, now in its third edition, has consistently been rated as the most helpful introduction to the field, and a collection of complementary tools provides readers with a holistic learning experience. In addition to the textbook, the pack includes: Basics of Biblical Greek Video Lectures, featuring 36 video lessons accompanying the passages in the textbook. Basics of Biblical Greek Workbook, with study exercises and passages for translation practice. Basics of Biblical Greek Vocabulary Cards, including 1,000 vocabulary flashcards for studying. Basics of Biblical Greek Vocabulary Audio, to help with correct pronunciation and ordered according to the textbook. Biblical Greek Laminated Sheet, for a quick reference guide to common language questions. The Learn Biblical Greek Pack includes everything you need to start learning Greek today and find new depth reading God's Word in the language it was originally written.

The Morphology of Biblical Greek

This book provides a general introduction to the grammar and syntax of Hellenistic, or New Testament, Greek. With twenty-four chapters, it is suitable for two-semester courses. Each lesson is structured around equipping students to read passages drawn directly from the Greek New Testament. In addition to the traditional Erasmusian system, students are offered the option of using a historical Greek system of pronunciation similar to that used in early Christian preaching and prayer. The book includes extensive reference tools, including paradigms for memorization, grammatical appendices and illustrations. The text is accompanied by a website that offers a workbook of passages for translation. Each chapter of the grammar concludes with a vocabulary list of Greek terms that appear in that lesson's assigned passage for translation, found in the online workbook. Audio recordings of all vocabulary words and translation passages, using the historical Greek system of pronunciation, are provided online.

Learn Biblical Greek Pack 2. 0

This comprehensive guide uses a highly effective teaching method to introduce readers to New Testament Greek quickly. The book provides all the basics of a beginning grammar. In addition, it includes a wealth of reading and translation exercises and activities, helpful grammatical resources, and accented Greek text. Audio files for the book are available through Baker Academic's Textbook eSources. Now in paper.

The Basics of New Testament Syntax

A Graded Reader of Biblical Greek

This companion to Basics of Biblical Greek and Greek Grammar Beyond the Basics contains annotated readings from the New Testament designed for second-year students of the Greek language.

Beginning Biblical Hebrew

Keyed to David Alan Black's popular Learn to Read New Testament Greek main text, this supplemental workbook includes 1300 Greek to English/English to Greek sentences, more than 700 drilling exercises to reinforce the foundational principles of Greek grammar, and many other helpful learning resources for introductory Greek students.

English Grammar to Ace New Testament Greek

An enduring academic favorite now updated for the first time in fifteen years, this user-friendly introduction to New Testament Greek keeps discussion of grammar as non-technical as possible. Author David Alan Black provides tools and exercises for bringing the student to the experience of reading from the Greek New Testament after just seventeen lessons. Among the revisions to this third edition are updated

discussions and scholarship, further back matter vocabulary references, and additional appendices.

Reading Biblical Greek

This pack contains everything you need to learn the original language of the New Testament, whether you are enrolled in a class or learning on your own. It includes the most popular introductory Greek grammar today (Basics of Biblical Greek), the corresponding workbook, 36 video lessons on six DVDs, and other important learning tools.

Basics of Biblical Greek Workbook

Students of biblical Greek and Hebrew may not know everything they need to know, but they do know there's a lot they need to know! Whether studying for exams or translating passages of Scripture, students need critical information at their fingertips. Instead, it's usually scattered throughout textbooks, self-made crib sheets, and sticky-notes on their computer monitor. Now there's a better way! The Zondervan Get an A! Study Guides to Biblical Greek and Biblical Hebrew are handy, at-a-glance study aids ideal for last minute review, a quick overview of grammar, or as an aid in translation or sermon preparation. Each set contains four information-packed sheets that are laminated and three-hole-punched, making them both durable and portable. The study guides are tied to Zondervan's Basics of Biblical Greek and Basics of Biblical Hebrew.

A Workbook for New Testament Syntax

A complete introductory grammar that builds on a classic approach to learning Greek. In An Introduction to Biblical Greek, John D. Schwandt integrates the rigor of a classic Greek grammar with the fruit of contemporary language learning. The result is a one--stop introduction to New Testament Greek that is both scholarly sound and academically friendly. This textbook teaches students the basics of the Greek language through 37 lessons that are supported by translation and writing exercises from the New Testament. These practical lessons and exercises will help readers grasp Greek grammar and vocabulary as they start to translate the text of the New Testament itself. Appendixes on additional grammatical topics offer students the opportunity to dive deeper into their study of the Greek language.

Basics of Ancient Ugaritic

An Introduction to Biblical Greek Grammar focuses on the linguistic and syntactic elements of Koine Greek to equip learners for accurate interpretation. Drawing upon twenty years of Greek teaching experience and the latest developments in linguistics and syntax, Harris introduces students to basic linguistic concepts and categories necessary for grasping Greek in ways that are clear and intuitive. This solid foundation enables students first to internalize key concepts, then to apply and build upon them as more complex ideas are introduced. Several features are specifically designed to aid student's learning: Key concepts are graphically coded to offer visual reinforcement of explanations and to facilitate learning forms and

identifying their functions Key concepts are followed by numerous examples from the Greek New Testament Students learn how to mark Greek texts so that they can begin to "see" the syntax, identify the boundaries of syntactic units, and construct syntactic outlines as part of their preaching or teaching preparation Four integrative chapters, roughly corresponding to the midterms and final exams of a two-semester sequence, summarize material to date and reinforce key concepts. Here students are also introduced to exegetical and interpretive concepts and practices that they will need for subsequent Greek studies and beyond. "Going Deeper" and "For the Curious" offer supplemental information for students interested in learning more or in moving to advanced language study. The accompanying workbook and video lectures (both sold separately) reinforce key concepts through additional contact with the material from each chapter of the grammar. All exercises in the workbook are taken from the Greek New Testament and the Septuagint and include extensive syntactical and exegetical notes to aid students.

Essentials of New Testament Greek

This easy-to-understand book includes everything you need to learn Biblical Aramaic, including a lexicon of Biblical Aramaic, the complete annotated text of all 269 Bible verses written in Aramaic, and a downloadable grammar workbook with chapter exercises and answer key.

Learn New Testament Greek

Accompanying CD-ROM contains "answer key to the accompanying workbook and full-color, printable charts and diagnostics [and] Acrobat Reader [and] FlashWorks, a fun and effective vocabulary-drilling program from Teknia Language Tools."--Page 4 of cover.

Biblical Greek

The purpose behind this book is to show that Greek is very regular in the way it forms words--if you know the rules. It explains why Greek words do what they do, in a way that second-year Greek students can understand. Can be used with the author's Analytical Lexicon to the Greek New Testament.

Lexical Aids for Students of New Testament Greek

The Reading Biblical Greek Workbook is a companion resource to Reading Biblical Greek: A Grammar for Students. The workbook breaks up the Greek text of Mark 1-4 into manageable portions and provides the vocabulary and grammatical assistance required for beginning students. The Reading Biblical Greek Workbook is an integral part of the learning experience for students, it helps them to read and translate the Greek of the New Testament, and ultimately equips them to read the Greek New Testament itself. The student will have read and translated the whole of Mark 1-4 by the time they complete the workbook

Keep Up Your Biblical Aramaic in Two Minutes a Day

Biblical Greek Exegesis presents a proven, highly practical approach to the study of intermediate and advanced Greek grammar. Most textbooks focus on learning syntactical categories, illustrated by sentences taken from the Greek New Testament, and place little emphasis on how to apply Greek grammar to the Greek text in preparing sermons and lectures. In contrast, Biblical Greek Exegesis stresses "real-life" application. Beginning with selections from the Greek New Testament, students learn intermediate and advanced Greek grammar inductively by analyzing the text. The process closely resembles the approach used in sermon and lecture preparation. In Part 1 (SYNTAX), students work through nine selections from the New Testament, taken from the Gospels, Paul's letters (including Romans), and the General Letters. The selections are arranged in order of increasing difficulty. The student becomes familiar with syntactical categories through translation, grammatical analysis, and grammatical diagramming, supplemented by class discussion. Equally important, the length of these selections allows for semantic diagramming and analysis. This provides a tool for analyzing larger units of meaning, which is not possible when working only with sentences that illustrate specific points of grammar. In Part 2 (EXEGESIS), the student takes the sections from the Greek New Testament through a twelve-step method of exegesis and exposition. The student works through one section of approximately fifteen verses every two weeks, beginning with the first step--spiritual preparation--and ending with application and a preaching/teaching outline. This approach has two benefits. Advanced Greek students learn to use the Greek text and grammar as they will in the "real world." They also learn to integrate other significant areas such as literary form and textual criticism, as well as the use of exegetical tools. In short, they become better expositors of the Word of God. Bibliographies are provided for each of the twelve steps in the exegetical process. Also included is a summary of syntactical categories based on Wallace's Greek Grammar Beyond the Basics. This successfully field-tested approach to intermediate and advanced Greek will help students bridge the gap between understanding the categories of Greek grammar and the demand to communicate the meaning and significance of the New Testament message to the twenty-first century.

Greek for the Rest of Us

An Introduction to Biblical Greek

This volume is the best book available for building New Testament Greek vocabulary with new improvements to make it even better!

Basics of Biblical Greek Workbook

Readers learn how to intelligently use commentaries and reference works that will produce more beneficial Bible study with minimal knowledge of New Testament Greek.

Reading Koine Greek

Achieving the right balance of amount of information, style of presentation, and depth of instruction in first-year grammars is no easy task. But Mark Futato has produced a grammar that, after years of testing in a number of institutions, will please many, with its concise, clear, and well-thought-out presentation of Biblical Hebrew. Because the teaching of biblical languages is in decline in many seminaries and universities, Futato takes pains to measure the amount of information presented in each chapter in a way that makes the quantity digestible, without sacrificing information that is important to retain. The book includes exercises that are drawn largely from the Hebrew Bible itself. Fourth printing, 2012.

Learn to Read New Testament Greek, Workbook

This teaching grammar on Ugaritic---Basics of Ancient Ugaritic by Michael Williams---begins with the alphabet, and each new lesson builds on the ones before it. Each chapter concludes with a set of exercises that enables students to know whether he or she is grasping the fundamentals of the language.

The Analytical Lexicon to the Greek New Testament

This is an all-new analytical Greek lexicon, based on the critical Greek text (UBS3), with Goodrick / Kohlenberger numbers and new grammatical paradigms.

Basics of Biblical Greek Vocabulary Cards

A standard Greek reference tool allowing students to learn vocabulary quickly by listing words according to their frequency of use in the New Testament.

A Primer of Biblical Greek with CD

Depth, accuracy, relevancy and up-to-date presentation make this intermediate Greek grammar the finest available. Written by a world-class authority on textual criticism, it links grammar and exegesis to provide today's second-year Greek student with solid exegetical and linguistic foundations.

Complete Vocabulary Guide to the Greek New Testament

Keep Up Your Biblical Aramaic in Two Minutes a Day has been specially designed to help you read a small amount of Biblical Aramaic daily, in a manageable and enjoyable way. It focuses on the fundamentals of language learning--vocabulary, morphology, and syntax--in a maximally efficient and enriching way. The page for each day presents: 2 new vocabulary words, with transliteration and definitions, beginning with the most common words and proceeding to the rarest, the English text of a verse from Daniel or Ezra, with the day's 2 Aramaic words embedded in it, as they appear in the verse and the Aramaic text of the verse, in full and then divided into phrases or clauses, with the corresponding English phrases or clauses next to them. More than 1/3 of the words in Biblical Aramaic appear only once in the Bible. When these hapax legomena begin to be presented in Keep Up Your Biblical Aramaic in Two Minutes a Day (about 3/5 of the way through the book), all

that appear in a particular verse are presented together as the new words for the day. The result is that--although there are 716 unique vocabulary words in Biblical Aramaic--by the time you reach the end of this book you will have learned every single word that occurs in Biblical Aramaic. And during this process, you will have read most (more than 80%) of the Aramaic verses found in the Bible.

Biblical Greek Made Simple

Basics of the Biblical Greek is an entirely new, integrated approach to teaching and learning New Testament Greek. It makes learning Greek a natural process and shows from the very beginning how an understanding of Greek helps in understanding the New Testament. Basics of Biblical Greek: combines the best of the deductive and the inductive approaches, explains the basics of English grammar before teaching Greek grammar, uses from the very beginning parts of verses from the New Testament instead of 'made-up' exercises, includes at the beginning of every lesson a brief devotional, written by a well-known New Testament scholar, that demonstrates how the principles taught in the lesson apply directly to an understanding of the biblical text, is the most popular first-year Greek course used in colleges and seminaries today, comes with an interactive study aid CD-ROM, containing an eight-minute greeting from the author and the fun, helpful, and graphical vocabulary-memorizing program 'Learning the Basics of Biblical Greek' (runs on Power Mac and Windows 95), where you can hear Greek words pronounced and sung in more than 200 familiar hymns. The CD-ROM also contains the powerful Greek vocabulary-drilling programs Flashworks(TM) and Parseworks from Teknia Language Tools (runs on Macintosh and Windows 3.1 and 95). A separate workbook is also available. And complimentary teacher helps are located on the author's website (<http://www.homeschooling.org>).
