Pass the Celpip: Canadian English Language Proficiency Index Program Study Guide & Practice Questions

It's been a decade since Lynne Dorfman and Rose Cappelli wrote the first edition of *Mentor Texts* and helped teachers across the country make the most of high-quality children's literature in their writing instruction. In the second edition of this important book Lynne and Rose show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new "Your Turn Lessons," built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Lynne and Rose offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter a "Think About It--Talk About It--Write About It" section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing--focus, content, organization, style, and conventions. Rose and Lynne write in a friendly and conversational style,

employing numerous anecdotes to help teachers visualize the process, and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.

Marvelous English Multi-purpose Guide

The best managers ensure that the decisions and actions taken by their business are all connected to the same overall strategy. Managers who fail to do so squander time, money, and resources on unimportant tasks, then try to correct the problem with new plans and methods. Some of these solutions are worthwhile in their own right, but they too will inevitably fail if they're not connected to the organization's other decisions and actions. Strategic DNA helps readers build the vital connections their business needs to bring its strategy to life. Author Lawrence Hobbs explains how to unite managerial activities and focus strategies for maximum effect using alignment-building methods that retain the discipline needed to stay on course. Crammed full of insights and tricks of the trade, Strategic DNA is an invaluable guide to making management investments pay off in a strategy that works -- and keeps working.
