Community Colleges in Virginia require new students to take a test for math placement. Often students do poorly on this test just because they are not prepared -- and then they may get set back a semester or even a year taking developmental math. This book explains the answers to the practice questions for the Virginia Community College System's math placement test (for the developmental math section only). Use it to prepare for the test so you can get the score you need to start college taking the math you want. Note: The questions whose answers are explained in this book are not included. To use the book you will need to use the Internet to see the questions. (Or email the author, who will send the questions to you.)
