Jeffrey Meyers, the author of highly acclaimed biographies of Hemingway and George Orwell, offers this masterly work on British novelist D. H. Lawrence (1885-1930). Meyers' fresh insights into Lawrence's life illuminate Lawrence's working-class childhood, his tempestuous marriage, and his death in France after the scandalous publication of *Lady Chatterley's Lover*, revealing Lawrence's complex method of intermingling autobiography and fiction. Through intensive research and access to unpublished essays and letters of Lawrence and his circle, Meyers describes the circumstances of his mother's death, the reason for the suppression of *The Rainbow*, and the author's protean (and extreme) sexuality that mirrored that of his fiction.

### **Women in Love**

You could describe D.H. Lawrence as the great multi-instrumentalist among the great writers of the twentieth century. He was a brilliant, endlessly controversial novelist who transformed, for better and for worse, the way we write about sex and emotions; he was a wonderful poet; he was an essayist of

burning curiosity, expansive lyricism, odd humor, and radical intelligence, equaled, perhaps, only by Virginia Woolf. Here Geoff Dyer, one of the finest essayists of our day, draws on the whole range of Lawrence's published essays to reintroduce him to a new generation of readers for whom the essay has become an important genre. We get Lawrence the book reviewer, writing about *Death in Venice* and welcoming Ernest Hemingway; Lawrence the travel writer, in Mexico and New Mexico and Italy; Lawrence the memoirist, depicting his strange sometime-friend Maurice Magnus; Lawrence the restless inquirer into the possibilities of the novel, writing about the novel and morality and addressing the question of why the novel matters; and, finally, the Lawrence who meditates on birdsong or the death of a porcupine in the Rocky Mountains. Dyer's selection of Lawrence's essays is a wonderful introduction to a fundamental, dazzling writer.

### **Selected Poetry**

D. H. Lawrence wrote over 500 poems, compiled in several poetry collections. His early works place him in the school of Georgian poets, and his later poetry belongs to the modernist tradition. Lawrence's poetry was mostly influenced by Walt Whitman. ### **D. H. Lawrence**

From early, rhyming work in *Love Poems and Others* (1913) to the groundbreaking exploration of free verse in *Birds, Beast and Flowers* (1923), the poems of D.H Lawrence challenged convention and inspired later poets. This volume includes extensive selections from these and other editions, and contains some of his most famous poems, such as 'Piano', a nostalgic reflection on lost youth and love for his mother; 'Snake', exploring human fear of the natural world; the short, cutting comment of sexual politics of 'Can't be Borne'; and the quiet philosophical resignation of 'Basta!'. Using the revised poems, but in the order in which they appear in their original collections, this selection offers a fresh perspective that reveals an innovative poet who gave voice to his most intense emotions. In his introduction, James Fenton discusses the early publication and critical reception of Lawrence's poems, his developments as a poet and his use of free verse. This edition also includes a chronology, further reading and appendices, including Lawrence's comments on the work of Walt Whitman.

## **D.H. Lawrence**

In 1932, two years after D. H. Lawrence's death, a young woman wrote a book about him and presented it to a Paris publisher. She recorded the event in her diary: "It will not be published and out by tomorrow, which is what a writer would like when the book is hot out of the oven, when it is alive within oneself. He gave it to his assistant to revise." The woman was Anaïs Nin. Nin examined Lawrence's poetry, novels, essays, and travel writing. She analyzed and explained the more important philosophical concepts contained in his writings, particularly the themes of love, death, and religion, as well as his attention to primitivism and to women. But what Anaïs Nin brought to the explication of Lawrence's writing was an understanding of the fusion of imaginative, intuitive, and intellectual elements from which he drew his characters, themes, imagery and symbolism.

## **A Study of the Poems of D. H. Lawrence**

Women in Love is a novel by British author D. H. Lawrence published in 1920. It is a sequel to his earlier novel *The Rainbow* (1915), and follows the continuing loves and lives of the Brangwen sisters, Gudrun and Ursula. Gudrun Brangwen, an artist, pursues a destructive relationship with Gerald Crich, an industrialist. Lawrence contrasts this pair with the love that develops between Ursula and Rupert Birkin, an alienated intellectual who articulates many opinions associated with the author. The emotional relationships thus established are given further depth

and tension by an unadmitted homoerotic attraction between Gerald and Rupert. The novel ranges over the whole of British society at the time of the First World War and eventually ends high up in the snows of the Swiss Alps. As with most of Lawrence's works, *Women in Love* caused controversy over its sexual subject matter. One early reviewer said of it, "I do not claim to be a literary critic, but I know dirt when I smell it, and here is dirt in heaps - festering, putrid heaps which smell to high Heaven."

that Lawrence saw published in seven collections during his lifetime, and that appeared after his death in a further two collections, Nettles (1930) and Last Poems (1932), are assembled, edited and annotated in Volumes I and II of the Cambridge Edition of The Poems. Volume III gives access to more than 120 poems which Lawrence either chose not to collect or was, for various reasons, unable to collect during his lifetime, and which have therefore been largely neglected. The volume also includes more than 190 early and variant versions"--

"The Rainbow" is a 1915 novel by D. H. Lawrence. It follows a Nottinghamshire farming family through the transition from the pre-industrial to the industrial age, with a particular focus on the young and aspiring Ursula who dreams of a more fulfilling life. Lawrence's 1920s "Women in Love" is the sequel to this book and continues to follow the lives of the Brangwen Sisters. David Herbert Lawrence (1885–1930) was an English poet and writer. Lawrence's works mainly explore the effects that industrialisation had on people and society through looking at issues including vitality, emotional health, sexuality, and instinct. Although he was considered little more than a pornographer until his untimely death, he is now hailed as a significant writer of classic English literature. Other notable works by this author include: "Women in Love" (1920), "The Trespasser" (1912), and "Sons and Lovers" (1913). Read & Co. D. H. Lawrence (1885-1930) made a contribution to poetry that, in the words of Louise Bogan, "can now be recognized as one of the most important, in any language, of our time." *Birds, Beasts and Flowers*, his first great experiment in free verse, was published when he was thirty-eight. This Black Sparrow edition reprints the first edition (New York: Thomas Seltzer, 1923) with a few corrections of typographical errors and the restoration of a number of lines considered indecent in 1923. The cover reproduces D. H. Lawrence's design for the dust jacket of the first edition. Many of these individual poems are popular in anthologies. However, they are best read in the context and continuum of the whole book. In

preparing the original collection for publication, Lawrence grouped the poems in a purposeful sequence. For a later printing he prefaced many of the sub-sections with brief quotations from the third edition of John Burnet's *Early Greek Philosophy*.
