There have been many notable descriptions of music but perhaps one of the most apt from the viewpoint of law and commerce was Ian Hay's statement, "Music is about the most vulnerable piece of property that a man can bring into the world, especially today. " With the increased use of music brought about by technological advances, such as radio, sound films and tele vision, and the concomitant decrease in the sale of sheet music and phonograph records, the need for writers and publishers of music to share in the revenue from public performances became urgent. With this urgency the author's rights in the public performance of his music became the subject of much literature and litigation which continues to this day. The purpose of this book is to present a clear picture of this much written and litigated about subject: the au'thor's right in the public performance of his music. In order to do this we must indicate not only the nature of the right but also how it is exer cised for it should be evident that with performances taking place throughout the world and in a multitude of ways, the exercise of the right by an individual author or publisher would present insurmountable problems.

Something about the Author

A cold-blooded murder was just committed on a luxurious British cruise ship returning from the sun-drenched Caribbean islands of Martinique, Barbados, and St. Maarten. The ship's controller was bludgeoned with a ten-pound dumbbell in the fitness center. The victim was an especially nasty character who took great pleasure in advising headquarters which departments on the "Pegasus" fell short of their monetary goals. It's no wonder he was killed. Alec DunBarton, a Scottish bank auditor, comes to the rescue of Flagship Cruise Line to examine the controller's books. Although Alec is haunted by his past, he soon finds himself totally at home on the "Pegasus"—drinking Glenlivet, smoking his pipe, and singing whenever the spirit moves him. By means of song lyrics, Alec's able to decipher clues and describe his suspects. Was it the slick cruise director, the adulterous plumber, the mild-mannered security officer, the lonely cruise consultant, the plump masseuse, the seductive fitness instructor, or the wealthy passenger? If you're ready for adventure, come aboard. They're all expecting you!
