Political Ideologies

Drawing from his extensive business management experience, Pradip Chand turns traditional wisdom on its head when he proposes that Brand Loyalty is inversely proportional to the income and education levels of the 'knowledge consumer'. He examines how and why brands become strategic assets, traces the evolution of the knowledge consumer and what can companies do to protect equity of the brands they have nurtured over the decades. A new approach to building a Brand Loyalty that gives marketers a competitive edge in today's high-tech, high-stake brand-hostile environment. The book combines the knowledge with engaging real life case studies and proven examples.

The Art of the Motorcycle

Although manufactured for only one year, 1974, the Ducati 750 Super Sport was immediately touted as a future classic. It was a pioneer motorcycle – expensive and rare, and produced by Ducati’s race department to celebrate victory in the 1972 Imola 200 Formula 750 race. Owing to its uniqueness and rarity, the 750 SS has become extremely expensive and desirable, fetching prices beyond the most expensive contemporary Ducati; for Ducatisti, it is the Holy Grail.

Just a Spoon Full of Laughter is a great read for anyone that's been to a doctor's office and made it out alive. Written by an actual physician, it will keep you in stitches (no pun intended) from one story to the next. See for yourself what could be so funny about the physician office visit. Whether it's recalling his first sigmoidoscopy or performing an autopsy, you'll keep this riveting series of short humorous stories right there in the bathroom for pleasurable reading. You may even find yourself somewhere between the pages. From an author who will never be a New York Times Best Seller, it's a great book for young or old, male or female, professional or not. It's especially ideal for that person in your life who has everything except a sense of humor. It's ideal as a stocking stuffer, white elephant gift or for future yard sales. WALNECK'S CLASSIC CYCLE TRADER

Daring and defiant there's no stopping diver Hawk Ridley as he takes the plunge into a briny world of untold riches and danger. The Caribbean is a fortune hunter's dream, salted with the gold of galleons long ago claimed by the deep. Now Hawk's headed for the Windward Passage of Haiti to stake his claim. But a rival team has also picked up the scent, and they're willing to turn the sea red with blood to get to the gold first. Fighting off ruthless competitors is nothing new to Hawk but fighting off a beautiful woman is a different story. Is she an innocent stowaway or a seductive saboteur? Between the cool millions lying on the bottom of the ocean, and the boiling-hot race to grab it, Hawk's about to find the answer and make a discovery Twenty Fathoms Down that will blow you out of the water. “Primo Pulp Fiction.” —Booklist

Imagery and Text: A Dual Coding Theory of Reading and Writing presents, for the first time, a unified theory of both reading and writing that derives from and is completely consistent with the Dual Coding Theory of cognition, one of the most influential and empirically sound theories of cognition ever developed. This is the first book to take a systematic theoretical approach to all of the central issues of literacy, including decoding, comprehension, and memory in reading; and planning, drafting, and reviewing in writing. Additionally, theoretical accounts are provided for such profound and elusive literacy concepts as meaning, engagement, inspiration, and persona. Dual Coding Theory is unique in theorizing how both verbal and nonverbal cognition are woven throughout all aspects of literacy. An outstanding advancement in understanding literacy, Imagery and Text: A Dual Coding Theory of Reading and Writing: * Explains the major aspects of both

reading and writing from an empirically well-established cognitive theory that embraces both language and mental imagery, emphasizing the powerful role of nonlinguistic knowledge and mental imagery in literacy; * Offers a human alternative to current computer-based theories of cognition and literacy derived from artificial intelligence, treating literacy as an essentially human activity that includes imagery and affect; * Provides moment-by-moment accounts of both the reading process and the writing process and comparisons with other theories; and * Presents an extensive review of educational research on the application of dual coding theory.

The Pantah Desmodue brought Ducati into the modern world of motorcycles. They were immediately more reliable than the earlier bevels, and established a blueprint that continues today. The proliferation of models is such that it can be difficult to determine the exact specification of an example. This book provides a guide to all of the individual models, their attributes and pitfalls, and what to look for when purchasing. When new, the Ducati Desmodue twins provided state-of-the-art

The second edition of this highly successful textbook analyses the structure of later medieval society in Europe, identifies its main groups and their political programmes, and examines their impact on the political, economic and social history of the major European states. There are many additions and expansions in this new edition, and the important chapter on the Central Monarchies (of Poland, Hungary, Bohemia, Rumania and Lithuania) has been newly contributed by Professor J M Bak of the University of British Columbia.

The Complete Idiot's Guide to Motorcycles

The modern Superbike era began in the 1970s, and was long dominated by Italian marques, particularly Ducati's 750 and 900 Super Sport. Since then, Ducati has produced a long series of sporting bikes, several of them among the most desirable motorcycles ever built. In this new all-color history, with the endorsement of Ducati General Manager Ing. Massimo Bordi, Ian Falloon chronicles the evolution of these exciting motorcycles, from the birth of the 750 GT in 1970, through the Super Sports and Mike Hailwood Replicas, and right up to the marque's latest air-

As the journalist Walter Lippmann noted nearly a century ago, democracy falters "if there is no steady supply of trustworthy and relevant news." Today's journalists are not providing it. Too often, reporters give equal weight to facts and biased

opinion, stir up small controversies, and substitute infotainment for real news. Even when they get the facts right, they often misjudge the context in which they belong. Information is the lifeblood of a healthy democracy. Public opinion and debate suffer when citizens are misinformed about current affairs, as is increasingly the case. Though the failures of today's communication system cannot be blamed solely on the news media, they are part of the problem, and the best hope for something better. Patterson proposes "knowledge-based journalism" as a corrective. Unless journalists are more deeply informed about the subjects they cover, they will continue to misinterpret them and to be vulnerable to manipulation by their sources. In this book, derived from a multi-year initiative of the Carnegie Corporation and the Knight Foundation, Patterson calls for nothing less than a major overhaul of journalism practice and education. The book speaks not only to journalists but to all who are concerned about the integrity of the information on which America's democracy depends.

Cycle World Motorcycle Books: Cycle World on Ducati 1982-91

While the history of European competition motorcycles has been largely dominated by Italian, British, and German marques, other builders around the continent have also played significant roles from the turn of the century to present. Arranged by nation, this book examines more than two dozen important marques, including Bultaco, CZ, Elf, Husqvarna, KTM, Ossa, Peugeot, and many others. A wealth of rare photography, including a special color section, includes candid shots of the top personalities and the bikes both at rest and at speed.

This is a comprehensive, visual history of the motorcycles from Britain that were bred in the US and Canada. Tuck in with Triumph Motorcycles in America and get ready for the ride of a lifetime. Triumphs have been part of North America's motorcycling soul since long before World War II. Born in Britain but bred in the US and Canada, Triumph's iconic models—Bonneville, Trophy, Thunderbird, Daytona, Tiger, Speed Twin, Speed Triple, and Rocket III—resonate deeply with enthusiasts who love their style, sound, performance, and undeniable coolness. It's not coincidental that Triumph was Steve McQueen's favorite ride. Triumph Motorcycles in America is packed with thorough, entertaining text, plus hundreds of historical images, most of them in color and never before published. This incredible volume of history and culture was written by award-winning professional journalist and lifelong Triumph fanatic Lindsay Brooke, with a foreword by America's favorite "Triumph guy," Peter Egan. Don't think twice about it, Triumph Motorcycles in America is a must-have for every fan of Britain's most legendary bike brand.
