The battle of Wabash, or St. Clair's Massacre, was the greatest defeat of the American Army by Native American forces. The campaign opened in 1791, when an newly formed American Army, under the command of Revolutionary War hero, Arthur St. Clair, set off into the wilderness of Ohio in an effort to wrest control of the Northwest Territory from the various native tribes. Plagued by logistical problems, bad weather, and native ambushes, the expedition dragged on for months as the American army slowly eroded due to injury, sickness, and desertion. Then, on a cold November day, an allied Native army descended on the Americans. In the ensuing chaos, the Americans were slaughtered, taking over 90% casualties. In this book, author John F. Winkler, re-examines this one-sided victory, analyzing what the American's did wrong and how the Natives achieved a victory that they could never repeat.

We form art. Art forms us. The title of this book has a dual meaning. As humans form works of art, we are in turn formed by what we create. The art world constantly evolves, as today's artists interpret, challenge, and ultimately create the world around them. The 11th edition of Prebles' Artforms reflects this dynamic environment; it is one of the most exhaustive revisions in the book's history. Three recent trends drive this edition: changing pedagogical needs, new scholarly research, and recent creativity by artists around the world. MyArtsLab is an integral part of the Prebles' Artforms program. Engaging activities and assessment provide a teaching and learning system that helps students experience and interact with art. Key learning tools include ART 21 videos, Studio Technique videos, and our hallmark Closer Look tours of works of art. Teaching and Learning Experience This program will provide a better teaching and learning experience-for you and your students. It: Personalizes Learning with MyArtsLab: The new MyArtsLab delivers proven results in helping students succeed, and provides engaging experiences that personalize learning. Provides Thematic Exploration: Help students explore the reasons for creating art, the motivation for individual artists, and how art impacts its audience. Emphasizes Critical Thinking: Chapter opening-Thinking Ahead questions encourage students to focus and think critically about the issues to come. Focuses on Art Today: More than 175 new images reflect the author's view that contemporary art provides the best path to art appreciation because of its currency and global nature. Prebles' Artforms

This publication is one of a series of handbooks prepared by the United Nations Statistics Division (UNSD) to help countries, particularly developing countries, implement the 1993 system of national accounts (SNA). It attempts to cover the conceptual and practical aspects of linking business accounts to national accounts through countries' experiences. The handbook aims to provide a general guide to business accounts and the possibility of linking items in them to SNA concepts allowing for local rules and regulations. It cannot provide a set of concrete and detailed international guidelines due to the diversity of business account standards among countries and the extent to which business accounts are made available to statisticians. The main target audiences for this handbook are staff responsible for the compilation of national accounts although it is also a useful reference tool for those who prepare statistics for the preparation of national accounts.
