## **Punishing Persistent Offenders**

### **New Zealand International Review**

Exploring the issue of Islamophobic attacks against Sikhs since 9/11, this book explains the historical, religious and legal foundations and frameworks for understanding race hate crime against the Sikh community in the UK. Focusing on the backlash that Sikhs in the UK have faced since 9/11, the authors provide a theological and historical backdrop to Sikh identity in the global context, critically analysing the occurrences of Islamophobia since 9/11, 7/7 and most recently post-Brexit, and how British Sikhs and the British government have responded and reacted to these incidents. The experiences of American Sikhs are also explored and the impact of anti-Sikh sentiment upon both these communities is considered. Drawing on media reporting, government policies, the emerging body of interdisciplinary scholarship, and empirical research, this book contributes to the currently limited body of literature on anti-Sikh hate crime and produces ideas for policy makers on how to rectify the situation. Providing a better understanding of perceptions of anti-Sikh sentiment and its impact, this book will be of interest to scholars and upper-level students working on identity and hate crime, and more generally in the fields of Religion and Politics, Cultural Studies, Media Studies, and

International Studies.

## **The Wondrous Story of Anesthesia**

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

## **Blood Oath**

## **Parents**

Edited and written by an international "who's who" of more than 100 authors, including anesthesiologists, nurse anesthetists, bench scientists, a surgeon, and representatives of industry, this text provides a comprehensive history of anesthesia, unique in its focus on the people and events that shaped the specialty

around the world, particularly during the past 70 years when anesthesia emerged from empiricism and developed into a science-based practice.

### **Publishers, Distributors & Wholesalers of the United States, 1997-1998**

#### **West Africa**

This is a practical guide for journalists and other writers whose job takes them into contact with the law. This edition takes account of recent and forthcoming changes in the law as they affect journalists.

#### **The Waterlow Stock Exchange Yearbook**

Contains the proceedings of the 21st International Congress of Theoretical and Applied Mechanics, ICTAM04, held in Warsaw, in August 2004. This book discusses the field of mechanics, and is aimed at engineers and scientists. The texts of 27 invited lectures are included along with a CD-ROM with 1225 extended summaries of presented papers.

### **Information Management & Technology**

#### **The World Who's Who of Women**

This book aims to track a typical patient's stay in the intensive care unit and highlight some of the pitfalls that may occur along the way. Each pitfall starts with either the clinical scenario or a related question. It then identifies the Pitfall. This pitfall will be looked at from two perspectives, physiological plausibility and evidence. Some of these observations will be evidence based, some will be physiologically plausible, and others will be experience based. Outcome based EBM in Critical care has come of age in the last 5-10 years. This book extensively cites and interprets large critical care RCTs focusing on those from the last 5-8 years. The authors work in different setups in India and the UK and hope that this will highlight different medical and socio-cultural practices when dealing with critically ill patients. This book covers clinical scenarios and identifies practical lapses that creep into patient management. We hope this book appeals to all personnel who care for patients in ICUs and also for anyone trying to figure out the answers as to

how to best improve outcomes for our ICU patients.

### **Investors Chronicle**

The 2008 Dramatists Guild Resource Directory™ is the official annual reference for playwrights put out by the Dramatists Guild. This up-to-date directory is the authoritative reference for any serious or casual playwright. It contains a number of useful resources for playwrights, all in one place: \* Comprehensive listings of submission opportunities \* Conferences and festivals \* An annual submission calendar \* Listings of commercial producer \* Publishers and theaters \* Agents \* Attorneys \* Colonies and residencies \* Fellowships \* Grants & emergency funds \* Membership and service organizations \* Workshops The 2008 edition also includes many new features not previously published in past years, such as: # The new Dramatists Guild format standard for plays and musicals # Dramatist Bill of Rights # Colleges, Universities and training programs for dramatic writing # Discounted hotels in the New York City area # Dramatists Guild Ten City report This invaluable resource is sure to assist the playwright in many facets, freeing up more time for writing.

### **Major Information Technology Companies of the World**

This handbook provides a detailed analysis of threats and risk in the international system and of how governments and their intelligence services must adapt and function in order to manage the evolving security environment. This environment, now and for the foreseeable future, is characterised by complexity. The development of disruptive digital technologies; the vulnerability of critical national infrastructure; asymmetric threats such as terrorism; the privatisation of national intelligence capabilities: all have far reaching implications for security and risk management. The leading academics and practitioners who have contributed to this handbook have all done so with the objective of cutting through the complexity, and providing insight on the most pressing security, intelligence, and risk factors today. They explore the changing nature of conflict and crises; interaction of the global with the local; the impact of technological; the proliferation of hostile ideologies and the challenge this poses to traditional models of intelligence; and the impact of all these factors on governance and ethical frameworks. The handbook is an invaluable resource for students and professionals concerned with contemporary security and how national intelligence must adapt to remain effective.

### **Who Owns Whom**

Technology, and the democratising of news gathering, continue to change traditional journalistic practice making the path through ethical and regulatory

frameworks tough to negotiate. As high-profile celebrity cases such as Max Mosley's vividly illustrate, conflicts between the law, ethics and the public's right and desire to be informed are not easily resolved. This comprehensive volume addresses the ethical considerations, dilemmas and challenges the practising journalist faces, each minute, every day. Providing context and practical advice, it explores an area of crucial importance for the 21st century, thoroughly equipping the reader with the information and tools to negotiate this challenging area knowledgeably, practically and responsibly. This book has been written for students and trainee journalists, working journalists and editors, and indeed for any student of the media.

For many repeat offenders, previous convictions have more impact on their penalty than the seriousness of their current crime. Why do we punish reoffense more harshly? Should offenders be punished only for crimes they commit and not for crimes committed and paid for in the past? How does this practice affect the views of offenders and the public?

### **Sustainable Coastal Management**

The Military Covenant states that in exchange for their military service and their willingness to make the ultimate sacrifice, soldiers should receive the nation's support. Exploring the concept's invention by the Army in the late 1990s, its migration to the civilian sphere from 2006 and its subsequent entrenchment in public policy, Ingham seeks to understand the Covenant's progress from the esoteric confines of Army doctrine to national recognition. Drawing on interviews with senior commanders, policy-makers and representatives of Forces' charities,

this study highlights how the Army deployed the Military Covenant to convey the pressure on the institution caused by the concurrent combat operations in Iraq and Afghanistan. While achieving a better deal for soldiers whose sacrifice became all too apparent, the Military Covenant licensed unprecedented incursion into politics by senior commanders, enabling them to out-manoeuvre the Blair-Brown governments and to challenge the existing norms within Britain's civil-military relationship. As British Forces prepare to leave Afghanistan, this study considers the value Britain accords to military service and whether civilian society will continue to uphold its Covenant with those who have served the nation.

New York Times bestselling author Linda Fairstein explores the depths of Manhattan's secretive Rockefeller University in this timely, captivating thriller about the deep--and often deadly--reverberations of past sins. Assistant DA Alexandra Cooper of the Manhattan Sex Crimes Unit is finally back at work following a leave of absence, and not a moment too soon. With more women feeling empowered to name their abusers, Alex is eager to return to the courtroom to do what she does best. But even she can't anticipate the complexity of her first case when she meets Lucy, a young woman who testified years earlier at a landmark federal trial . . . and now reveals that she was sexually assaulted by a prominent official during that time. Yet Lucy's isn't the only secret Alex must uncover, with rumors swirling about one colleague's abusive conduct behind closed doors and another's violent, mysterious collapse. As the seemingly disparate cases of her client, adversary, and friend start to intertwine, Alex, along with NYPD detectives Mike Chapman and Mercer Wallace, finds herself in uncharted territory within Manhattan's Rockefeller University, a premier research institute, hospital, and cornerstone of higher learning. But not even the greatest minds in the city can

help her when unearthed secrets begin to collide in dangerous ways . . . and unless she can uncover the truth, the life-saving facility just may become her grave.
