SCP Foundation anomalies SCP-1000 through to SCP-1999, including containment procedures, auxiliary documents, experiment logs and interview transcripts. An encyclopedia of the unnatural. The

Foundation Operating clandestine and worldwide, the Foundation operates beyond jurisdiction, empowered and entrusted by every major national government with the task of containing anomalous objects, entities, and phenomena. These anomalies pose a significant threat to global security by threatening either physical or psychological harm. The Foundation operates to maintain normalcy, so that the worldwide civilian population can live and go on with their daily lives without fear, mistrust, or doubt in their personal beliefs, and to maintain human independence from extraterrestrial, extradimensional, and other extranormal influence. Our mission is three-fold:

- Secure The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies, through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity.
- Contain The Foundation contains anomalies with the goal of preventing their influence or effects from spreading, by either relocating, concealing, or dismantling such anomalies or by suppressing or preventing public dissemination of knowledge thereof.
- Protect The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior.

This publication, Soldier Training Publication STP 21-1-SMCT Soldier's Manual of Common Tasks: Warrior Skills Level 1 August 2015, contains the individual tasks that are essential to the Army's ability to win on the modern battlefield. In an operational environment, regardless of job or individual MOS, each Soldier risks exposure to hostile actions. This manual contains the warrior skills that Soldiers must be able to perform to fight, survive, and win in combat. This SMCT gives the commander, NCO trainer, first-line supervisor, and individual Soldiers the information necessary to support integration and sustainment training in their units. This information allows trainers to plan, prepare, train, evaluate, and monitor individual training of warrior tasks. Using the appropriate mission-training plan (MTP), military

occupational specialty (MOS)-specific Soldier's training publication (STP), and this manual helps provide the foundation for an effective unit-training plan. This manual includes the Army Warrior Training plan for warrior skills level (SL) 1 and task summaries for SL 1 critical common tasks that support unit wartime missions. This manual is the only authorized source for these common tasks. Task summaries in this manual supersede any common tasks appearing in military occupational specialty (MOS)-specific Soldier manuals. Training support information, such as reference materials, is also included. Trainers and first-line supervisors will ensure that SL 1 Soldiers have access to this publication in their work areas, unit learning centers, and unit libraries. Civil Society and Social Reconstruction

In a chaotic blast of gunfire, the James Gang fled a posse's attack and the infamous Jesse threw his cousin Jeston Nash a hoard of stolen cash. Hoping to lie low in the mountains of the Northwest, Jeston and his partner, Quiet Jack, find themselves on a journey into the dark heart of human nature—and deadly animal instinct Jeston Nash is used to dodging bullets, but when a hired thug's rotten remark gets under his skin, he can't let it go—and he makes himself an instant enemy aboard a snowbound train owned by the sleaze's boss, Ben Larr. A rich son-of-a-gun hell-bent on getting the grizzly who robbed him of a leg, Larr is a fouler piece of work than the usual brand of lowlifes Nash comes up against. When Larr blackmails Nash into leading his hunt, Nash discovers the killers of man in Larr's twisted domain—a netherworld filled with violence and drugs, obsession and revenge. Nash finds himself face-to-face with Laura, Larr's gorgeous, murderously manipulative wife, and one savage grizzly, a man-killer straight from the jaws of hell . In a tale sparked with his trademark wit and bull's-eye historical detail, Ralph Cotton captures the essence of the Old West in the adventures of his extraordinary outlaw hero, Jeston Nash.
