'The oldest is 70. The youngest, 26. In between, the best list of this kind I have ever seen.' Marlon James In three issues, the literary anthology from leading editor and literary critic John Freeman has gained an international following and wide

acclaim: 'fresh, provocative, engrossing' (BBC.com), 'impressively diverse' (O Magazine), 'bold, searching' (Minneapolis Star-Tribune). Freeman's: The Future of New Writing departs from the series' progression of themes. This special fourth installment instead introduces a list - to be announced just before publication - of thirty poets, essayists, novelists and short story writers from around the world who are shaping the literary conversation right now and will continue to impact it in years to come. Drawing on recommendations from book editors, critics, translators and authors from across the globe, Freeman's: The Future of New Writing includes pieces from a select list of writers aged 25 to 70, from over a dozen countries and writing in almost as many languages. This will be a new kind of list, and an aesthetic manifesto for our times. Against a climate of nationalism and silo'd thinking, writers remain influenced by work from outside their region, genre and especially age group. Serious readers, this special issue celebrates, have always read this way too - and Freeman's: The Future of New Writing brings them an exciting view of where writing is going next.

Unfortunately he's also a criminal, the President of an outlaw motorcycle club, and I've sworn off bad boys in my efforts to live my dream of being normal. He would be so much easier to resist him if he hadn't saved my life more than once and didn't treat me like his queen. Beach Gorgeous, smart, and deadly, Sarah is my ideal woman, even if she is almost young enough to be my daughter. On the surface she's one of the toughest females I've ever met, but underneath all that hard beauty and menace lies an incredibly tender heart that's been damaged in the past. Winning her love is gonna be a challenge, but I'm determined to have her as my old lady and I'll do whatever I have to in order to make that happen. That would be a hell of a lot easier to do if people weren't trying to kill us all the time.

Rantoul and the former Chanute Air Force Base are inseparably intertwined as primary players in a single historical narrative. Rantoul was first founded as an agriculturally based community in 1848 near an area known as Mink Grove. The settlement boomed with the coming of the Illinois Central Railroad in 1854; a railroad championed by the town's namesake, Robert Rantoul Jr. Disaster followed in 1899 and again in 1901 with devastating fires. Then, in 1917, a U.S. Army flying field was built on the outskirts of Rantoul. Named after the aviation pioneer Octave Chanute, Chanute Field, later Chanute Air Force Base, became a premier technical training facility. A mutually beneficial relationship quickly developed between these civilian and military establishments that would last for over 75 years. Chanute Air Force Base closed in 1993, ushering in yet another new era for the village of Rantoul.
