A este respecto decia Juan Pablo II: Es esencial desarrollar en vuestras Iglesias particulares una nueva apologetica para vuestro pueblo, a fin de que comprenda lo que ensena la Iglesia y asi pueda dar razon de su esperanza En un mundo donde las personas estan sometidas a la continua presion cultural e ideologica de los medios de comunicacion social y a la actitud agresivamente anticatolica de muchas sectas, es esencial que los catolicos conozcan lo que ensena la Iglesia, comprendan esa ensenanza y experimenten su fuerza liberadora. Best known for winning the Mr. Olympia title eight times, and for lifting every heavy weight in existence (including an 800-pound squat for two easy reps), Ronnie Coleman came from humble beginnings. Born in rural Louisiana to a single mother, Ronnie rose from poverty to achieve his lifelong goal of becoming the best bodybuilder in history. In the process, he learned about life, victory, triumph, defeat, hard work, determination, discipline, glory and adversity. In this book, Ronnie tells us the story his life, from his own perspective, all the way from childhood to the present. He covers, in great detail, all aspects of his journey, from his eight Olympias and his quest to become a muscleman, to the difficult years working at a fast food restaurant, to his love life, to the birth of his daughters, to the relationship with his mother, the rise of his supplement brand, to his back problems, and everything in between. With insights from bodybuilding legends like Arnold Schwarzenegger, Lee Haney, Jay Cutler, Phil Heath, Kevin Levrone, Flex Wheeler, and many others, Ronnie holds nothing back and truly exposes his life in a way he was never done before.
