Canadian Journal of Zoology

Are you one of the 100 million people in the USA that own either a dog or a cat? If you flip through your digital camera - what do you see pictures of the most? Your kids and your pets! If you have ever wondered how to take pictures of an all black animal or how to get your pup to sit still during a family holiday picture, this book is for you. With love only a pet owner can

have and humor that only animals can bring to us, this author shows how to take pictures that celebrate the furry creatures in our lives. Packed with techniques including lighting and postproduction and even info on getting those pictures up online, you'll be taking pictures of your pets that you'll be proud of.

Pakistani Assistance For The Anti-Government Of India Activities Was Not Due To Only Its Revanchist Spirit Following Its Loss Of East Pakistan But For Keeping Itsmilitary Preoccupied With Internal Security Duties Thereby Trying To Neutralize The Superiority Of The Indian Armed Forces. Such A Policy Could Ultimately Weaken The Unity Of India Just As The Bleeding Of Soviet Troops In Afghanistan Contributed To The Break-Up Of Ussr. Terrorism Is An Absolute Evil And Has To Be Treated As Such.

Nikon D5600 For Dummies

A beginner's guide to digital photography offers coverage of selecting a camera, manipulating images, applying special effects, and using digital photos for such projects as calendars, scrapbooks, personal archives, and websites.

An Introduction to Mathematical Physics

The Buying Guide 2004

The authors demonstrate the process of translating coherent thinking into coherent grammar, with attention to all parts of speech, verb tenses and moods. Examples of proper sentence construction deal with simple, compound, and complex sentences, and demonstrate agreement in number, correct sequence of tenses, and more. Other topics covered include punctuation, vocabulary building, and writing style. Exercises with answers appear throughout the text. Barron's continues its ongoing project of updating, improving, and giving handsome new designs to its popular list of Easy Way titles, now re-named Barron's E-Z Series. The new cover designs reflect the books' brand-new page layouts, which feature extensive two-color treatment, a fresh, modern typeface, and more graphic material than ever. Charts, graphs, diagrams, instructive line illustrations, and where appropriate, amusing cartoons help to make learning E-Z. Barron's E-Z books are self-teaching manuals focused to improve students' grades across a wide array of academic and practical subjects. For most subjects, the skill level ranges between senior high school and college-101 standards. In addition to their self-teaching value, these books are also widely used as textbooks or textbook supplements in classroom settings. E-Z books review their subjects in detail, using both short quizzes and longer tests to help students gauge their learning progress. All exercises and tests come with answers. Subject heads and key phrases are set in a second color as an easy reference aid.

The New Nikon Compendium

Outlines an inspirational, four-step roadmap for reinventing oneself during times of personal or professional crisis, counseling readers in such areas as innovation, creating value, revising old approaches and understanding long-term processes. TV tie-in.

The British Journal of Photography

This book, by Alexander S. White, is a complete, clearly written guide to the operation of the Nikon Coolpix P900 digital camera. The book explains all shooting modes, menus, functions, and controls of this superzoom camera, accompanied by more than 350 full-color illustrations and sample photographs. The guide shows beginning and intermediate photographers how to use the camera's many options to get the results they want. The book explains topics such as autofocus, manual focus, HDR (High Dynamic Range) photography, ISO, memory cards, and flash modes. It includes a discussion of techniques for using the P900's phenomenal zoom lens, with a maximum optical focal length of 2000mm, to full advantage. The book also discusses the camera's features for image transfer and remote control through the P900's built-

in Wi-Fi network, as well as its features for adding location data to images. The book includes sample images taken with the creative settings of the camera, including the Picture Control options, which alter the color processing of images; the Scene and Special Effects shooting modes, with settings optimized for subjects such as landscapes, birds, pets, sunsets, and action shots; and the camera's features for burst shooting and time-lapse photography. In addition, the book provides introductions to topics such as infrared photography, street photography, and macro photography. The book also explains the video features of the P900, which can shoot HD video with stereo sound and can record high-speed video at rates up to 4 times normal speed. In addition, the book describes procedures for playing back images and videos in the camera and for using the Filter Effects option to add special effects to images after they have been captured. In three appendices, the book discusses accessories for the Coolpix P900, including cases, external flash units, and charging and power options. The appendices include a list of useful web sites and other resources, as well as a section with "quick tips" to help users take advantage of the camera's features in the most efficient ways possible.

The 650th anniversary of the foundation of Wingfield College was the occasion for a special two-day symposium marking the culmination of a three-year UEA-funded research project into the college and castle. The building projects of the late medieval aristocracy focused on their homes and the monasteries, churches or chantry foundations under their patronage where their family were buried and commemorated. This commemoration allowed a visual celebration of their achievements, status and lineage, the scale and prestige of which reflected on the fortunes of the family as a whole. Wingfield is explored in the context of both the actual building of the castle, chantry chapel and the college, and that of the symbolic function of these as a demonstration of aristocratic status. The contributions to this book examine many topics which have hitherto been neglected, such as the archaeology of the castle, which had never been excavated, the complex history of the college's architecture, and the detailed study of the monuments in the church. The latest techniques are used to reconstruct the college and castle, with a DVD to demonstrate these. And the context of the family and its fortunes are explored in chapters on the

place of the de la Poles in fifteenth century history, as soldiers, administrators and potential claimants to the throne.

Show biz memoir at its name-dropping, bridge-burning, profane best: the music industry's most outspoken, outrageous, and phenomenally successful executive delivers a rollicking memoir of pop music's heyday. During the 1970s and '80s the music business was dominated by a few major labels and artists such as Michael Jackson, Bruce Springsteen, the Rolling Stones, Bob Dylan, Billy Joel, Paul Simon, Barbra Streisand and James Taylor. They were all under contract to CBS Records, making it the most successful label of the era. And, as the company's president, Walter Yetnikoff was the ruling monarch. He was also the most flamboyant, volatile and controversial personality to emerge from an industry and era defined by sex, drugs and debauchery. Having risen from working-class Brooklyn and the legal department of CBS, Yetnikoff, who freely admitted to being tone deaf, was an unlikely label head. But he had an uncanny knack for fostering talent and intimidating rivals with his appalling

behavior—usually fueled by an explosive combination of cocaine and alcohol. His tantrums, appetite for mind-altering substances and sexual exploits were legendary. In Japan to meet the Sony executives who acquired CBS during his tenure, Walter was assigned a minder who confined him to a hotel room. True to form, Walter raided the minibar, got blasted and, seeing no other means of escape, opened a hotel window and vented his rage by literally howling at the moon. In *Howling at the Moon*, Yetnikoff traces his journey as he climbed the corporate mountain, danced on its summit and crashed and burned. We see how Walter became the father-confessor to Michael Jackson as the King of Pop reconstructed his face and agonized over his image while constructing *Thriller* (and how, after it won seven Grammys, Jackson made the preposterous demand that Walter take producer Quincy Jones's name off the album); we see Walter, in maniacal pursuit of a contract, chase the Rolling Stones around the world and nearly come to blows with Mick Jagger in the process; we get the tale of how Walter and Marvin Gaye—fresh from the success of "Sexual Healing"—share the same woman, and of how Walter bonds with Bob Dylan because of their mutual Jewishness. At the same time we witness Yetnikoff's clashes with Barry Diller, David Geffen, Tommy Mottola, Allen Grubman and a host of others. Seemingly, the more Yetnikoff feeds his cravings for power, sex, liquor and cocaine, the more profitable CBS becomes—from \$485 million to well over \$2 billion—until he finally succumbs, ironically, not to substances, but to a corporate coup. Reflecting on the sinister cycle that left his career in tatters and CBS flush with cash, Yetnikoff emerges with a hunger for

redemption and a new reverence for his working-class Brooklyn roots. Ruthlessly candid, uproariously hilarious and compulsively readable, *Howling at the Moon* is a blistering *You'll Never Eat Lunch in this Town Again* of the music industry.

A Terrorist State as a Frontline Ally

British Journal of Photography

A Dirty Old Man Goes Bad, by John Cowart, records the humor and happiness of a frustrated writer. John's daily blog, Rabid Fun, bears the caption, A befuddled ordinary Christian looks for spiritual realities in day to day living. Sounds like a downer. Yet, over 104,000 readers from 102 countries visited his website in 2005. A Dirty Old Man Goes Bad reveals John's happy joys as well as his struggles with temptation over bitterness, resentment, pornography, Microsoft,

depression, laziness, Google, Blogger, pettiness, sloth, Krispy Kreme Donuts, and anger. All in all, this is a real-time love story told day by day by a man who loves reality.
