Prophet of Moonshae

What would you sacrifice to save the one's you love? To save the one who holds your heart? To save the world? Kenley Grayson is all too familiar with these questions. After Earth is thrust into its first intergalactic war with an unknown race called the Bringers, our military forces begin to suffer heavy losses. Desperate for a solution, the Allied Federation issues a worldwide draft for every able seventeen year old to enlist. As Kenley turns seventeen, she finds herself thrown into the very war that took her older brother's life. This year's draft is a little different than in the past though. A new program, known as the Magnus Project, has been introduced, and only the best and brightest qualify. Kenley is amongst a select few whom are chosen to join this elite group of soldiers, and as a part of this project, undergoes a modification procedure that leaves her and her peers endowed with powers beyond their wildest dreams. As Earth continues in its struggle against the Bringers, Kenley is transported to a high-tech training facility, the Magnus Academy, to prepare for the major battle that lies ahead. It's here that she meets the California heartthrob, and son of a legendary war hero, Landon Shaw. As unexpected feelings toward Landon begin to develop, Kenley wonders if this is the right time or place for romance to bloom, especially when those feelings start to interfere with her training. With the weight of the world on her shoulders, Kenley is constantly reminded of how important she and the rest of the Magnus cadets are to the fate of humanity. She is one of the Modified, Earth's last line of defense against utter destruction.

Handbook of Seal Integrity in the Food Industry

Human colonists defend their planet from terrifyingly advanced assassins in this tale of "fast-paced action and political intrigue" (Library Journal). This is the third novel from award-winning novelist Christopher Hinz. Beginning where the critically acclaimed Liege-Killer and Ash Ock end, The Paratwa chronicles the lives of the

Irryan colonists as they prepare for the imminent attack of the fierce and vicious Paratwa assassins. Facing the threat of their dark enemies, an Irryan named Gillian must also cope with her inner turmoil, as the madness of her nature threatens to consume her life. She discovers that she is a genetically modified creature whose purpose is to serve the needs of others, and the course of her destiny is not in her own hands.

The Paratwa

Writer Piper George keeps a journal that marks the passage of the seasons and time since she put her baby up for adoption as a teen mother. She develops a friendship with her neighbor Edward "Ned" Chesterfield that could be more if she would open up her heart and learn that love is never truly lost.

Her Demonic Angel

Before the Evolution there was TorBane: technology that infused human DNA with cybernetic matter. It had the ability to grow new organs and limbs, to heal the world. Until it evolved out of control and spread like the common cold. The machine took over, the soul vanished, and the Bane were born. The Bane won't stop until every last person has been infected. With less than two percent of the human population left, mankind is on the brink of extinction. Eve knows the stories of the Evolution, the time before she wandered into the colony of Eden, unable to recall anything but her name. But she doesn't need memories to know this world is her reality. This is a world that is quickly losing its humanity, one Bane at a time. Fighting to keep one of the last remaining human colonies alive, Eve finds herself torn between her dedication to the colony, and the discovery of love. There is Avian and West - one a soldier, one a keeper of secrets. And in the end, Eve will make a choice that will change the future of mankind. The Bane is The Terminator meets The Walking Dead with a heart-twisting romance. Previously published as Eden, due to reader demand it has been revamped and rereleased as The Bane: book one in The Eden Trilogy. The Bane: Book One The Human: Book Two The Eve: Book Three The Ashes: an Eden prequel The Raid: an Eden short story

Seal integrity is vital in food supply chains with modern methods of food retailing and a requirement for very high levels of consumer satisfaction. Robust packages are an important factor in food preservation, consumer confidence in the product as well as waste minimisation and cost control throughout the system. The Handbook of Seal Integrity in the Food Industry is aimed at people working in food supply chains and associated industries from packing machine operators to quality managers and from retail technical staff to packaging machine designers and maintenance engineers. This well illustrated and comprehensively indexed handbook paints a complete picture of all of the factors that operate together in the creation of food packages with high performing seals. A comprehensive review of the reasons for poor seal integrity is included along with suggestions for improvements in maintenance, machine set up and operation. Seal testing systems are featured along with management techniques to ensure a high level of

performance and consistency in your business and a right first time approach within packaging systems. The design and operation of the main types of sealing system is reviewed for rigid, semi rigid and flexible packaging systems along with an overview of packing materials such as thermoplastics. Finally the handbook looks at innovations in the packaging of food products with a view of developments in packaging materials, sealing systems and on-line seal integrity measurement and monitoring systems.

Confronting the Hostile

When Leigh Benoit returns home to Louisiana for the funeral of her brother and his wife, she becomes increasingly concerned about the welfare of her orphaned niece, Lyla. She is prompted by her grandmother, Clothilde, to move back to take care of her. Leigh has no desire to take on any responsibility, and being home again brings back painful memories. At the funeral, Leigh's childhood friend, Detective Lucas Castille, tells her the mysterious details of the accident that killed her brother and his wife. Lucas' young son has dreams of a Dark Man who wishes to harm Lyla. Leigh begins to have similar dreams. She struggles with her rational mind but vows to protect her niece. Soon, she finds out there is more to the story

and more to her grandmother than she thought.

Carry Her Heart

The Hostile by Joy Mutter is an unusual, involving contemporary thriller with a heavy sprinkling of paranormal and fantasy. In a rundown area of Manchester, inside a bathroom in a small, terraced house overflowing with children and dysfunctional parents, an unfathomable, powerful entity infiltrates twelve-year-old Serena's life with disastrous effects. The enigmatic force not only dramatically affects introverted Serena's life, but threatens the well-being of everyone she knows, especially those people who for some reason have earned the strange girl's displeasure. It soon becomes clear that nobody should ever upset Serena if they know what is good for them. After reading The Hostile, you will never look at DIY in the same way again.

Random Bullets

Nocturne Op.27 No.1

The co-host of TLC's hit series, *Freaky Eaters*, reveals the ultimate diet plan to kick the junk-food habit in just four weeks- without the pain of withdrawal. In March 2010, The Scripps Research Institute released a study showing how rats on a junk-food diet had just as difficult a time-if not more so-giving up excess fat and sugar as the rats who were struggling to recover from cocaine dependence. The results showed that certain foods actually alter the brain's chemistry, making our consumption of these foods less like an indulgence and more like an addiction. Our brains require two key neurotransmitters to maintain proper mood and function, serotonin and dopamine. We get a rush of the two when we eat junk food, but the converse is also true: If we stop eating them cold turkey, we go through serotonin and dopamine withdrawal. This is what causes so many dieters to ultimately fail. In order to successfully lose weight, explains Dr. Mike Dow, dieters should be sensitive both to their emotional and physical needs. Dr. Dow, a psychologist who specializes in addictive behavior and eating disorders, introduces a four-week program for breaking the hold that food has over the body, mind, and spirit by gradually decreasing the amount of "bad" foods while increasing activities and foods that boost serotonin and dopamine levels. Sensible and uniquely effective, *Diet Rehab* eliminates the withdrawal pains of most diet plans, and provides the structure for a sustainable, healthy, and happy lifestyle.

The Eden Trilogy: Omnibus Edition

Suspense mounts in this third and final novel in the Rising World trilogy, a magical post-apocalyptic adventure about a set of ancient books that hold the key to humanity's survival. Following the events in Journey Through the Mirror, Logan, Valerie, and Mr. Perrot continue their frantic search for Simon Hitchclords, the man who now possesses all four copies of the Chronicles of Satraya. The trio embarks on a worldwide manhunt to track down the fugitive and his accomplices as a mysterious illness of unknown origins begins to threaten the lives of all men, women, and children. The secret to the world's survival, once again, lies in an artistic masterpiece given to Logan by the enigmatic Sebastian Quinn. Time is ticking as Logan travels the world—from Easter Island, to the Sky Caves of Mustang, to the legendary city of Angkor Wat—to unravel a series of clues forged in the stones eons ago. The hidden symbols of the Chronicles emerge as their secrets bend to the will of a tyrant's dark vision. It looks as though it will take more than the flame of a candle, or the morphing reflection of a mirror, for Logan to stop what is coming. But, unbeknownst to all, the Chronicles have a final secret to unveil, a secret so powerful it will turn the tables on everyone and pit Logan against Simon in a final showdown. The third book in the Rising World trilogy, Journey Past Time is the stunning finale to a race-against-time adventure that you won't want to end. Says Gotham Chopra, author of Walking Wisdom: "The result is a bold and exciting odyssey that not only entertains, but also asks every reader to question the greater purpose of their own existence and the world around them."

The Outstretched Shadow

Post-apocalyptic adventure tale for fans of Bernard Cornwall, Cormack McCarthy, and the Samurai 7 Series

The End of Apartheid in South Africa

Forager's Twists & Turns Will Keep You Guessing Until the Very End Eighteen-year-old Ethan Jones has a secret that even his parents and foraging companions don't know. And if that secret is discovered, he'll be dragged away by the town's draconian paramilitary Custodians to be dissected like a frog. The only time he feels safe, the only time he feels free, is when he's out in the ruins of 2122 AD Melbourne, foraging for scrap metals. The dull, drudgery of his life, however, is shattered when he rescues a mysterious Japanese girl from the degenerate, savage Skel. A girl who then breaks the town's rigid conventions in her attempts to get to know him, a girl who also carries the pain of a broken heart. Meanwhile, the nomadic Skel savages are ramping up their attacks on Newhome's foraging teams and infesting Melbourne's ruins in ever greater numbers. Is this part of a larger plan that could spell the town's doom?

The Hostile Game

TorBane was created to save the world. Cybernetic technology designed to fuse with human DNA gave it the ability to heal anything. Instead, it left ninety-eight percent of Earth's population more machine than man. Eve is a soldier without a past. Her only goal is to keep her family, the colony of Eden, alive and away from the Bane: those infected by TorBane. She hunts, she watches, and she fights when needed. Avian and West will wake her up. One a soldier, one a keeper of secrets—they will both test Eve's sanity and awaken emotions she never knew she could feel. And she will make a choice that will change the future of mankind. Those few humans left will fight. Against the evolving Bane, against those among themselves that may be human, but may not have a conscience or soul. And they'll stand together until the very end. The Eden Trilogy is The Terminator meets The Walking Dead with a heart-twisting romance and an explosive finish you'll never see coming. This omnibus edition includes THE BANE, THE HUMAN, THE EVE, THE RAID: an Eden short story, and THE ASHES: an Eden prequel.

The Bane

After shooting and killing his nephew, a gunman runs wild in a London park. What drives Edward to commit such a heinous act? Who will survive yet another of his moments of madness? Set in 2015, Random Bullets is an erotic thriller with a fantasy twist.

Philip K. Dick

The Outstretched Shadow, the first book in The Obsidian Trilogy from Mercedes Lackey and James Mallory Kellen Tavadon, son of the Arch-Mage Lycaelon, thought he knew the way the world worked. His father, leading the wise and benevolent Council of Mages, protected and guided the citizens of the Golden City of the Bells. Young Mages in training--all men, for women were unfit to practice magic--memorized the intricate details of High Magic and aspired to seats on the council. Then he found the forbidden Books of Wild Magic--or did they find him? The three slim volumes woke Kellen to the wide world outside the City's isolating walls. Their Magic was not dead, strangled by rules and regulations. It felt like a living thing, guided by the hearts and minds of those who practiced it and

benefited from it. Questioning everything he has known, Kellen discovers too many of the City's dark secrets. Banished, with the Outlaw Hunt on his heels, Kellen invokes Wild Magic--and finds himself running for his life with a unicorn at his side. Kellen's life changes almost faster than he can understand or accept. Rescued by a unicorn, healed by a female Wild Mage who knows more about Kellen than anyone outside the City should, meeting Elven royalty and Elven warriors, and plunged into a world where the magical beings he has learned about as abstract concepts are flesh and blood creatures--Kellen both revels in and fears his new freedom. Especially once he learns about Demons. He'd always thought they were another abstract concept--a stand-in for ultimate evil. But if centaurs and dryads are real, then Demons surely are as well. And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage. Turned him into a Demon. Would that be Kellen's fate? Deep in Obsidian Mountain, the Demons are waiting. Since their defeat in the last great War, they've been biding their time, sowing the seeds of distrust and discontent between their human and Elven enemies. Very soon now, when the Demons rise to make war, there will be no alliance between High and Wild Magic to stand against them. And all the world will belong to the Endarkened. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Hierophant's Daughter

The Annotated Gilbert and Sullivan

Winner of the Compton Crook Award: This tale of genetically modified killers of the future is "a genuine page-turner . . . Don't miss it" (Locus). Two hundred years after a nuclear apocalypse forced humanity to flee earth, humans still remember the most feared warriors of that planet--the Paratwa, genetically modified killers who occupy two bodies controlled by one vicious mind. The legendary Paratwa named Reemul, known as the Liege-Killer, was the strongest of them all. Now someone has revived Reemul from stasis and sent him to terrorize the peaceful orbital colonies of Earth. Is this an isolated incident, or has the one who unleashed this terrible power announced a gambit for control over the entire human race?

The Color of Secrets

In *The Hostile Game*, Manchester-based Serena, now eighteen and pregnant, finally discovers the reason why Tile X befriended her seven years before. She doesn't like what she hears. Mayhem ensues, with a retired Irish police superintendent becoming more involved than perhaps he should have. *The Hostile Game* is the third book in *The Hostile* series of gripping paranormal thrillers. Each book in this unusual collection can be read as a standalone, but maybe you should treat yourself and read the two previous books, *The Hostile*, and *Holiday for The Hostile*.

The Hostile

Journey Past Time

Her demonic Angel is a collection of all of Joy Mutter's short stories that she has written thus far. As the stories are in a variety of genres, there should be something for everyone to enjoy. Some of her baker's dozen of tales are stranger than others, but all could be described as different shades of dark. Despite its suggestive title, Her demonic Angel is not erotica.

Forager

Philip K. Dick's VALIS trilogy and Exegesis began with a series of startling mystical experiences in February and March of 1974. Find out what happened, and how he explained it, through the eyes of his wife, who lived through it with him. This personal look at Phil's "pink light" experience and the work that it spawned covers the final ten years of his life, with some background from his earlier years. This edition is expanded- Chapter Three is new.
