she might be worth the risk. Zoey Mitchell is high on life, free spirited, and adventurous. Deciding to give their instant marriage a chance, Zoey moves from her big city life to a small town Texas ranch. She has to know if their connection is based on more than just a wild one-night stand before announcing to her family that she got hitched. Murder leads to the White House Marko Zorn, a Washington, D.C. homicide detective with expensive tastes in art, classic cars, and women, must take on extra work—not always strictly legal, often unorthodox and usually dangerous—to supplement his income—work which requires his special combination of skill and steel nerves. Although he's adept at navigating the corridors of law enforcement and the world of criminal gangs, he'd prefer to stay home and watch old movies, enjoy his art collection, and listen to cool jazz. When Zorn discovers the body of a Secret Service agent—a supposed drowning victim—it leads him to a domestic terrorist group with tentacles in the White House—a White House that does not want this death investigated. As the demands of his professional life escalate, Zorn's alternate career heats up, placing him in the middle of competing D.C. crime bosses feuding over a shipment of illegal arms—making Zorn the hunted and the hunter. He needs to avoid becoming the victim as he navigates the twin forces of evil closing in on him from his legitimate job—facing down political power—and his secret side job. Overcoming textbook fatigue means reaching within and beyond the textbook to access all sorts of 21st century tools, the same ones that students will be using in college, careers, and daily life. -ReLeah Cossett Lent Textbook fatigue is a malaise that negatively affects teachers and students. It is the result of scripted programs and step-by-step teachers' manuals that dismiss the individualization of schools, teachers, and students. Because textbooks provide a one-way distillation of information aimed at a broad, generic population, they offer little to engage or pique

the interest of the 30 individuals in a classroom. In this example-packed book, ReLeah Cossett Lent shows how educators can reclaim the curriculum by shifting the textbook from sole source to resource. She also gives advice on using Common Core State Standards throughout the school and in the classroom. Teachers, coaches, curriculum coordinators, and administrators will discover proven techniques that will revitalize teaching and learning in every content area: \*Discipline-specific writing activities that extend and deepen lessons. \*Strategies for using content-specific materials that encourage students to "read to learn." \*Effective vocabulary strategies that work throughout the curriculum. \*Methods to tap into and build background knowledge. \*Fun activities that use relevant life skills to involve and engage students in learning. Lent highlights what's to be gained from loosening the grip on textbooks and provides practical guidance on how to accomplish that goal, using real-life examples from schools that have made the change. *Overcoming Textbook Fatigue* is brimming with ideas to restore the joy of teaching and learning and, in the process, boost student achievement. Lent is a 20-year teaching veteran, an award-winning author, and an experienced international consultant specializing in literacy and communities of practice.

On Self-Harm, Narcissism, Atonement and the Vulnerable Christ explores St. Augustine of Hippo's theology of sin, described as various forms of self-loathing and self-destruction, in addition to sin's antidote, a vulnerable relationship with the crucified Christ. Incorporating recent thinking on self-destruction and self-loathing into his reading of Augustine, David Vincent Meconi explores why we are not only allured by sin, but will actually destroy ourselves to attain it, even when we are all too well aware that this sin will bring us no true, lasting

pleasure. Meconi traces the phenomena of self-destruction and self-loathing from Augustine to today. In particular, he focuses in on how self-love can turn to self-harm, and the need to provide salvage for such woundedness by surrendering to Christ, showing how Augustine's theology of sin and salvation is still crucially applicable in contemporary life and societies.
