Pentecostal Currents in American Protestantism

The theology of Dutch theologian Jacob Arminius has been misinterpreted and caricatured in both Reformed and Wesleyan circles. By revisiting Arminius's theology, the book hopes to be a constructive voice in the discourse between so-called Calvinists and Arminians. Traditionally, Arminius has been treated as a divisive figure in evangelical theology. Indeed, one might be able to describe classic evangelical theology up into the twentieth century in relation to his work: one was either an Arminian and accepted his theology or one was a Calvinist and rejected his theology. Although various other movements within evangelicalism have provided additional contour to the movement (fundamentalism, Pentecostalism, etc.), the Calvinist-Arminian 'divide' remains a significant one. What this book seeks to correct is the misinterpretation of Arminius as one whose theology provides a stark contrast to the Reformed tradition as a whole. Indeed, this book will demonstrate instead that Arminius is far more in line with Reformed orthodoxy than popularly believed and show that what emerges as Arminianism in the theology of the Remonstrants and Wesleyan movements was in fact not the theology of Arminius but a development of and sometimes departure from it. book also brings Arminius into conversation with modern theology. To this end, it includes essays on the relationship between Arminius's theology and open theism and Neo-Reformed theology. In this way, this book fulfills the promise of the title by showing ways in which Arminius's theology—once properly understood—can serve as a resource of evangelical Wesleyans and Calvinists doing theology together today. Pentecostal Currents in American Protestantism addresses the theme of encounter within the Protestant faith by exploring moments in which identities and boundaries have been established or challenged as the Pentecostal and charismatic movements that have taken their place on the American religious scene. Examining topics as diverse as the animosity that marked Pentecostalism's encounter with the Holiness movement, the forms and results of engagement between Pentecostal missionaries and Protestant mission boards in China, and the response of Southern and American Baptists to the charismatic renewal, contributors show how the confluence of the mainstream with other streams brings about questioning, realignment, and change.

Around the turn of the twentieth century, revivalist Protestantism in America splintered into multiple pieces. Few persons of that era knew as many of the central figures of the splinter groups as Aaron Merritt Hills. Originally a Congregationalist who studied under Finney at Oberlin, Hills was a dyed-in-the-wool postmillennial revivalist until his death in 1935. While a Congregationalist, he befriended Reuben A. Torrey and made an enemy of Washington Gladden. In 1895 he joined the Holiness Movement after his experience of Spirit baptism. For the next forty years he founded colleges, held holiness revivals in both America and Britain, and wrote voluminously. While Hills himself is a lesser-known figure in the story of American Christianity, because of the many embroilments of his life, his story offers a unique window into the relationship between the Holiness Movement, Fundamentalism, Pentecostalism, American liberalism, and the Social Gospel Movement.

Baptized in the Spirit creatively examines the most recent trends in Pentecostal and charismatic theology, especially with regard to the displacement of Spirit baptism as Pentecostalism's central distinctive. The author begins by focusing on the significance of the Holy Spirit in reciprocal and mutual work with the Son in fulfilling the will of the Father. He also shows how the pneumatological emphases in Pentecostal and charismatic theology can help to correct the tendency in Western Christianity to subordinate the Spirit to the Word.

and controversial interpretation, a 're-vision', of the Pentecostal tradition. As Pentecostalism approaches its centennial, Land argues that the early years of the movement form the heart, not the infancy, of its spirituality, and he emphasizes the crucial importance of its Wesleyan, Holiness and nineteenth-century revivalist-restorationist roots. Land's foundational study includes - an account of the relationship of spirituality and theology - a description and analysis of Pentecostal beliefs and practices - a demonstration of how these beliefs and practices are integrated into Pentecostal affections - a trinitarian definition of Pentecostal Spirituality, arguing that a passion for the kingdom of God is ultimately a passion for God Himself
