Normal0falsefalsefalseMicrosoftInternetExplorer4"For the Love of Alabama" is a compilation of the most poignant and trenchant writing--editorials, reportage, and columns--by two of Alabama's most committed and reform-minded journalists. Ron Casey and Bailey Thomson both died young: Casey at forty-eight and Thomson at fifty-four. Nevertheless, through their work at the "Birmingham News" and the "Mobile Press-Register," respectively, they labored tirelessly to illuminate and confront the state's chronic and interrelated problems of race, government, education, and poverty. Both journalists attended The University of Alabama shortly after George Wallace stood in the schoolhouse door, and their subsequent work tackled the tumultuous politics of that era. Casey and Thomson soon became voices of statewide reform movements. As such, they attacked the 1901 Constitution for its stagnating effects on the laboring class, race relations, education, and healthcare; allowances for special-interest influence; and impediments to fair taxes--an ongoing crusade that

spawned, among much other work, Casey's Pulitzer Prize-winning series of editorials "What They Won't Tell You About Your Taxes" and Thomson's series "Dixie's Broken Heart," which won the Distinguished Writing Award from the American Society of Newspaper Editors. Compiled here are the writings that challenged not only the entrenched corruption of the times, but also the apathy toward that corruption. It is a testament to the process of reform Casey and Thomson hoped would improve the lives of all Alabamians. It is also a volume of strong personal convictions, uncompromised religious beliefs, and a grounded devotion to community--all displayed in the clear, concise prose of two friends driven to change, for the better, the state that they loved.

Rules and authorities that oversee the various facilities are real necessities, and there is no suggestion for them to be eliminated. I want to offer some ideas here for consideration that will slice up impossibilities like a pizza. Eating a whole pizza would be awkward and messy. Slicing up the pie

Looking at the Doctrine & Covenants Again for the Very First Time

FROM the end of the thirteenth to the beginning of the fifteenth century may be called the golden age of mystical literature in the vernacular. In Germany, we find Mechthild of Magdeburg (d. 1277), Meister Eckhart (d. 1327), Johannes Tauler (d. 1361), and Heinrich Suso (d. 1365); in Flanders, Jan Ruysbroek (d. 1381); in Italy, Dante Alighieri himself (d. 1321), Jacopone da Todi (d. 1306), St. Catherine of Siena (d. 1380), and many lesser writers who strove, in prose or in poetry, to express the hidden things of the spirit, the secret intercourse of the human soul with the Divine, no longer in the official Latin of the Church, but in the language of their own people, "a man's own vernacular," which "is nearest to him, inasmuch as it is most closely united to him." [1] In England, the great names of Richard Rolle, the Hermit of Hampole (d. 1349), of Walter Hilton (d. 1396), and of Mother Juliana of Norwich, whose Revelation of Divine Love professedly date from 1373, speak for themselves. The seven tracts or treatises before us were published in 1521 in a little quarto volume: "Imprynted at London in Poules chyrchyarde at the sygne of the Trynyte, by Henry Pepwell. In the yere of our lorde God, M.CCC.CC.XXI., the xvi. daye of Nouembre." They may, somewhat loosely speaking, be regarded as

belonging to the fourteenth century, though the first and longest of them professes to be but a translation of the work of the great Augustinian mystic of an earlier age.

Born in 1916, Henri Dutilleux is one of France's leading composers, enjoying an international reputation for his beautifully crafted works. This is the first translation into English of a series of interviews between Dutilleux and the French writer and journalist Claude Glayman which took place in 1996. Dutilleux discusses aspects of his life including his early training at the Paris Conservatoire, the German occupation of France and the time that he spent in the United States. The interviews reveal much about his music and his approach to composition, as well as the influences on his musical style. Originally published by Actes Sud in 1997, this English edition is the work of translator Roger Nichols, one of the UK's leading specialists on French music.
