of Gender: Prisms, Patterns, and Possibilities provides an accessible, timely, and stimulating overview of the cutting-edge literature and theoretical frameworks in sociology and related fields in order to understand the social construction of gender. The kaleidoscope metaphor and its three themes—prisms, patterns, and possibilities—unify topic areas throughout the book. By focusing on the prisms through which gender is shaped, the patterns which gender takes, and the possibilities for social change, the reader gains a deeper understanding of ourselves and our relationships with others, both locally and globally. Editors Catherine Valentine, Mary Nell Trautner, and the work of Joan Spade, focus on the paradigms and approaches to gender studies that are constantly changing and evolving. The Sixth Edition includes incorporation of increased emphasis on global perspectives, updated contemporary social movements, such as #BlackLivesMatter and #MeToo, and an updated focus on gendered violence. Free online resources are available at The SAGE Gender and Sexuality Resource Center. This site is intended to provide you with an array of multimedia resources to enhance your studies of gender and sexuality.

A love so strong that decades couldn't tear it apart. Poring over a dusty hatbox of photographs in her grandmother's closet, Emily Prentice is shocked to discover her father was married and divorced before meeting her mother. In the summer of 1968, Jack and Libbie fall in love under the spell of their small town, untouched by the chaos of the late sixties. Though Libbie's well-to-do parents disapprove of Jack's humble background, she marries Jack a year after they graduate high school. But soon their happiness crumbles as Libbie's mental state unravels and she is drawn to alcohol and drugs. Despite his efforts, Jack loses the woman he loves and is forced to move on with his life. Now that Emily's mother has passed and Jack is alone again, Emily grows obsessed with the beautiful woman who'd given her father such joy. Determined to find Libbie, Emily pieces together the couple's fragmented past. But is it too late for happy endings?

Seven Levels of Glory

A compelling intellectual and literary history of midcentury America In a midcentury American cultural episode forgotten today, intellectuals of all schools shared a belief that human nature was under threat. The immediate result was a glut of dense, abstract books on the "nature of man." But the dawning "age of the crisis of man," as Mark Greif calls it, was far more than a historical curiosity. In this ambitious intellectual and literary history, Greif recovers this lost line of thought to show how it influenced society, politics, and culture before, during, and long after World War II. During the 1930s and 1940s, fears of the barbarization of humanity energized New York intellectuals, Chicago protoconservatives, European Jewish émigrés, and native-born bohemians to seek "re-enlightenment," a new philosophical account of human nature and history. After the war this effort diffused, leading to a rebirth of modern human rights and a new power for the literary arts. Critics' predictions of a "death of the novel" challenged writers to invest bloodless questions of human nature with flesh and detail. Hemingway, Faulkner, and Richard Wright wrote flawed novels of abstract man. Succeeding them, Ralph Ellison, Saul Bellow, Flannery O'Connor, and Thomas Pynchon constituted a new guard who tested philosophical questions against social realities—race, religious faith, and the rise of technology—that kept difference and diversity alive. By the 1960s, the idea of "universal man" gave way to moral antihumanism, as new sensibilities and social movements transformed what had

come before. Greif's reframing of a foundational debate takes us beyond old antagonisms into a new future, and gives a prehistory to the fractures of our own era.

Sleepless in Manchester

In his second compilation of poetry, Kashmiri-American poet Maharaj Kaul explores the shimmering emptiness of modern life. From the author of *Meditations On Time and Inclinations And Reality: The Search For The Absolute* comes an exciting new book of poetry, *The Light Through The Woods*. In it the poet bemoans how modern man has sacrificed his inner freedom and natural joy in living by creating and believing in the present culture of materialism and technology. He believes that man is born with inner freedom, joy, grandeur, and grace but as he grows up the existing culture corrupts him to realize these powerful elements. He strongly urges man to spiritually reconnect with nature to regain his soul. The poems also celebrate the poet's stunningly beautiful birthplace, Kashmir, India, and express his joy in reminiscing about his childhood there as well as his sadness as he contemplates the wastefulness of its political struggles and the tragic dispossession and diaspora of his people, Kashmiri Pandits. The poems also reflect on the drama of human condition and the search of the human values. A visionary collection of poems dreaming of man regaining his natural inner beauty.

Boiler Operation Engineering

Constance Hamilton wrote the book of which this is a part in Spanish; and, having had it published to wide acclaim and excellent reviews, decided to embark on its English version, confident that her easy eclectic approach to cooking, generously spiced with pinches of anecdotes and humour, would also appeal beyond the borders of the Spanish language. You will find that Connie's cuisine has a strong Mediterranean taste; but that she is as equally at home in French fare as she is acquainted with the secrets of Indian and other Far Eastern cooks. Written colloquially, the book is infused with charm and spontaneity, making it highly readable and wonderfully easy to follow.

The Lord has opened a season of increased manifestations of His Glory. In this season, He is doing amazing things and giving fresh new revelations of who He is and what He has planned for us. The Lord has issued a clear call for His disciples to move from glory to glory into the very image of our Lord Jesus! Are you ready for it? "But we all, with unveiled face, beholding as in a mirror the glory of the Lord, are being transformed into the same image from glory to glory, just as by the Spirit of the Lord." At the ripe old age of twenty-three, Madeline Morgan is resigned to the idea that love and marriage are not for her. Unfortunately, her father disagrees and comes up with an ingenious plan. To curb the love life of his youngest, Robert Morgan proclaims that neither of his younger daughters can marry until Maddie does. This causes a stir and a generous pot is set up for whoever can take Maddie off the market. Aghast at being hounded by sweaty bachelors anxious to win the pot and her hand, Maddie turns to her brother for help. Her brother's solution is to spread the story that Maddie was pining away for the love of her life, Evan Montgomery, who left for the war and has never returned. Things go from bad to worse when the ladies in town, struck by the romance of long lost love, demand that Maddie's father rescind his proclamation and that the mayor give Maddie the deed to the dilapidated Montgomery ranch. When Maddie protests that her brother has gone too far, he replies with a shrug and the carefree statement that she needn't worry because after eight years, it's unlikely that any Montgomery would show up. As luck would have it, two years later Trevor Montgomery returns home to find a beautiful stranger living there, claiming to be his brother's fiance. A fiance Trevor

An instant success and bestseller in Kenya, which ran into 6 reprints, this prize-winning novel marked the beginning of popular literature in Kenya. Mangua's novel is a fictional, autobiographical account of the son of a prostitute. The male narrator describes his life as the orphan of a prostitute in the slums of Nairobi, a young man frequenting bars and brothels, a student, corrupt civil servant and seasonal convict. His is a humorous and cynical account revealing much about the unsavoury aspects of a world experiencing rapid social change. Charles Mangua is a prolific writer of popular literature, and author of three other novels, *Son of Woman in Mombasa* (the sequel to *Son of Woman*), *A Tail in the Mouth*, and *Kanina and I*.

Essentials of Pharmacoeconomics

From its emergence as political and social commentary in the 1960s, nueva trova became a defining feature of Cuban musical culture. This study of contemporary Cuban song shows how it has developed over the years and has risen and fallen in cultural relevance, like the social themes reflected in the lyrics. While there are a number of works in Spanish about this artistic movement, this is the first in English that explains this important aspect of Cuban culture. The time span-more than fifty years-allows for analysis of how this particular art form has changed over time. While the accompaniment of a simple six-string guitar is still most common, the traditional structure of the movimiento de la nueva trova was mostly defunct by the mid-1980s. But though they address different motives and problems, the thoughtfully written songs continue. Contemporary Cuban artists are often influenced now by other genres, including hip-hop, pop, and popular Cuban dance music. Written by Joaquín Borges-Triana, a journalist, author, and Cuban music expert, this illustrative work is essential reading for anyone interested in Cuban culture or musicology. It has been translated into English by Robert Nasatir.

Natasha Bishop has come a long way from painting pictures of landscapes in her Caribbean homeland to being a successful Hollywood Screen writer. Fame and popularity however do not fit the mold of the life that Natasha yearns for and though she finds solace and sincerity with her swooning younger boyfriend Andrew Kingston, she finds herself hopelessly drawn to Brody Banister, the ruggedly handsome playboy Scottish actor who starts igniting new feelings of raw passion for the Screen writer. Tormented by her thoughts of infidelity toward Andrew, while harboring a deep and surfacing secret from Brody, Natasha finds herself navigating through the contours of her life, each time racked by new challenges. She soon finds out that the greatest challenge of all is yet to emerge, and with its imminent manifestation will test the mettle of Natasha like nothing else she has ever experienced.

Praying the Right Way

At the end of *Divided We Fall*, Danny Wright's beloved Idaho had been invaded by the federal government, their electricity shut off, their rights suspended. Danny goes into hiding with his friends in order to remain free. But after the state declares itself a Republic, Idaho rises to fight in a second American Civil War, and Danny is right in the center of the action, running guerrilla missions with his fellow soldiers to break the Federal occupation. Yet what at first seems like a straightforward battle against governmental repression quickly grows more complicated, as more states secede, more people die, and Danny discovers the true nature of some of his new allies. Chilling, powerful, and all too plausible, *Burning Nation* further establishes Trent Reedy as a provocative new voice in YA fiction.

An ancient power. Hidden for millennia in a legendary city on an uninhabited continent, the Heart of Nidaar can harness the forces of nature itself. In the wrong hands, the artifact is a weapon that can command the power of the earth and seas to destroy all life. Just the type of power a sinister goblin brotherhood finds irresistible. In their hands, kingdoms will be forced to surrender to their rule. A team of royals and rogues. Chief mage (and nearly rehabilitated practitioner of black magic) Tamnais Nathrach is the perfect goblin duke to stop them. Along with elf pirate Phaelan Benares, these two have a roguish plan to sail to Aquas and snatch the Heart of Nidaar before it can fall into the wrong hands. After all, stealing hearts is what these two do best. Who cares if goblins and elves have been in a near constant state of war for centuries? This common enemy is enough motivation for some teamwork and a little professional competition. The adventure of a lifetime. Perhaps Tamnais and Phaelan have forgotten one small fact. Expeditions that sail to the continent of Aquas never return. It's a blighted wasteland filled with creatures from nightmare and Tamnais might have failed to mention that the Heart has guardians, an ancient race willing to use deadly force to keep themselves and the artifact hidden. Alliances are tested, courage is challenged, and nothing less than the future of all life in the Seven Kingdoms is at stake in the deadliest-and most competitive-treasure hunt of all time.

Relocating from the city to the country is becoming increasingly popular due to the rising cost of living, cramped apartments and the “live to work” mentality of the city. There are, however, realities of country living that many urbanites are unaware of. Alissa, ex-urbanite and writer behind Urban Exodus, presents all of the realistic aspects that potential farm and country house owners need to know in this intriguing and inspirational read. The City Idiot’s Guide to Life in the Country will save readers from some of the pitfalls that Alissa and others have encountered, as well as chart a path to best and successfully enjoy rural life, which can be surprisingly hard to navigate for former city folk turned aliens in a small community. Chapters include Farming, Homesteading, Gardening Oh My, Making That Money: Earning a Living in the Country, What to Look for in a Home Base, Finding Your Mates, Heavy Machinery and Power Tools: What You Never Imagined Needing, Staying Alive: Preparing for Natural Disasters, the Zombie Apocalypse and Other Emergency Situations and The Long Game: Slow Down, Settle Down, Learn to Love The Good Life. Not only has Alissa gained momentum by sharing honest stories about people who have made the transition from city to country life, but she has also been featured on Modern Farmer, which has 146k Facebook likes and 46k Twitter followers. This book is a valuable resource for anyone considering moving to the country or those who have recently moved.

Finding Libbie

A haunting, gloriously imagined novel by the acclaimed author of *History of a Pleasure Seeker* (“a classic” —*The Washington Post*), set in early twentieth-century colonial Cape Town, and a forest full of witch doctors, stingless bees, and hungry leopards. It is 1914. Germany has just declared war on France. Piet Barol was a tutor before he came to South Africa, his wife, Stacey, an opera singer. In Cape Town they are living the high life, impersonating French aristocrats—but their lies are catching up with them. The Barols’ furniture business is on the verge of collapse. They need top-quality wood, and they need it cheap. Piet enlists two Xhosa [pron. KO-sa] men to lead him into a vast forest, in search of a fabled tree. The Natives Land Act has just abolished property rights for the majority of black South Africans, and whole families have been ripped apart. Piet’s guides have their own reasons to lead him through the trees, and to keep him alive while he’s useful to them. Far from the comforting certainties of his privileged existence, Piet finds the prospect of riches beyond measure—and the chance to make great art. He is sure he’ll be able to buy what he needs for a few glass trinkets. But he’s underestimating the Xhosa, who believe the spirits of their ancestors live in this sacred forest. Battle lines are drawn. When Piet’s powers of persuasion fail him, he

resorts to darker, more dangerous talents to get what he is determined to have. As the story moves to its devastating conclusion, every character becomes a suspect, and Piet's arrogance and guile put him on a collision course with forces he cannot understand and that threaten his seemingly enchanted existence.
