State of the Union Address By Franklin D. (Franklin Delano) Roosevelt I come before you at the opening of the Regular

Session of the 73d Congress, not to make requests for special or detailed items of legislation; I come, rather, to counsel with you, who, like myself, have been selected to carry out a mandate of the whole people, in order that without partisanship you and I may cooperate to continue the restoration of our national wellbeing and, equally important, to build on the ruins of the past a new structure designed better to meet the present problems of modern civilization. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.
