Throughout biblical history, some faiths have fought and argued over the bloodlines of Isaac and Ishmael and the covenant God made through Abraham. Many consider the two brothers as the father of the Jews and the father of the Arabs. In this story, the two bloodlines stem into present-day Megiddo, Israel, when King Rueben Tobias, a Jew, marries a Muslim princess, Senobia. Turmoil amongst the Jews and Muslims living within the kingdom arose after the marriage in fear of the heir to the throne. Some believe religion is passed through the mother, and in this instance, the Jews did not want a Muslim as the king's heir if the queen were to bear a child. Senobia is assassinated after she bore Aramon. This caused tension between the Jews and Muslims for the next few years. However, the tension became much worse when King Rueben decided to remarry, this time to Avigail, an American Christian. The confrontations between the Jews and Muslims have now included the Christian citizens of Megiddo after the birth of Avigail's son, Aden. King Ruben's once harmonious kingdom of the three faiths has now risen to a kingdom of violence, hatred, and discrimination amongst the citizens. Uneasy sleep leads the king into a dream where he is met by an angel. The angel tells Rueben of his bloodline of his forefather Isaac and his late wife's bloodline to Ishmael. The angel explains the catastrophic events that will take place in the near future if his oldest son succeeds the throne and the importance of Aden becoming the next king. King Rueben explains his dream to Avigail as Aramon, unfortunately, overhears his future to be king is no more. Struck with jealousy, Aramon is quickly influenced by a fallen angel, Sappharus, and plots to kill his family in order to become the successor to the throne. After the death of King Rueben, Aramon claims the throne, and under his rule, Christians and Jews live in a society of unfair persecution. Aramon's only threat is his baby brother Aden. By the protection of the chieftain angel of God, Michael, Aden must fulfill his destiny and claim the throne as the rightful heir. As an adult, Aden's confrontation with his brother ignites war between the Israeli and Megiddo armies, a supernatural war between angels and demons, and a climactic battle between Sappharus and Michael. These events impact faiths all over the world, which soon lead to the war of all wars—Armageddon.

The Conformity

Nocturnal

Once upon a time... a long time ago in a land far, far away, there lived a girl by the name of Cinderella. This is not her story. This is the story of Lucinda Isabella Casteleoni, who, like her namesake, has a wicked stepmother, two tacky stepsisters, and countless hours of hard work to (not) look forward to. But unlike that fairy tale princess, Bella's Prince Charming is nowhere to be found. Until a little old man with sparkling green eyes opens a shoe store down the street. Then the magic begins

The Practitioner's Manual

Seever Kerns has spent the last fifty plus years as his best friend's subordinate, even though his lion is far more powerful. When he meets Reese Nelson, he realizes the human is his mate and thinks Fate is rewarding his patience. Unfortunately, even though Seever can scent that Reese is attracted to him, the human resists, hiding behind a belligerent façade. Trouble with a rogue shifter soon interrupts his attempts to woo his standoffish mate, and Seever makes a grave mistake. He had assumed that Reese—who was there visiting his cousin, Rocky, a human bonded to a shifter—was aware of shifters and the paranormal world. Reese freaks out, refusing to believe what is right before his eyes. Even Rocky's influence does little to calm him. Can Seever convince Reese that they belong together, or will Reese cut his losses and flee, which would put his human in even more danger?

In his first novel, the national bestselling *The Book of Shadows*, James Reese beguiled readers with a boldly imaginative, darkly erotic tale of awakening that introduced the captivating and deeply unusual Herculine. Now this extraordinary writer continues Herculine's incredible journey of self-discovery -- a search that will lead her into a world of shadows and perils, where she will taste the forbidden and find redemption. September 1826. Taught to trust and to learn by a quartet of remarkable saviors, Herculine is bound for America, leaving behind a strange and violent past in France for an uncertain future in an exotic new land. Arriving in Virginia, Herculine is led by fate to Mother-of-Venus, a mysterious old slave woman who is blessed with gifts both terrifying and strange, and to a young poet named Edgar Poe who is haunted by evils of the past. Under the mystical guidance of Mammy Venus, Herculine soon calls upon her powerful legacy to rescue Celia, a beautiful, damaged slave. Landing in the coastal wilds of Florida, Celia stirs passions -- and dark, otherworldly powers -- within Herculine, propelling them into an erotic obsession that only the missing witch Sebastiana d'Azur can break. Hope comes in a missive that will lure the desperate Herculine north, to the chaotic streets of New York and a strange, magical house in which the confused and eager witch is accepted by a band of like-minded sisters and introduced to exquisite carnal pleasures. Finally loosed from the shackles of shame and desire, Herculine heads south once again to find salvation and fulfill her destiny. Set in a time of promise and peril, bondage and bloodshed, James Reese's lush, richly atmospheric, and beautifully told tale shatters the boundaries between the living and the dead, the magical and the ordinary, the imagined and the historical. A novel of the mind and the senses, *The Book of Spirits* is a mesmerizing and unforgettable work from an exceptional talent.
