Middle School Life Science Teacher's Guide is easy to use. The new design features tabbed, loose sheets which come in a stand-up box that fits neatly on a bookshelf. It is divided into units and chapters so that you may use only what you need. Instead of always transporting a large book or binder or box, you may take only the pages you need and place them in a separate binder or folder. Teachers can also share materials. While one is teaching a particular chapter, another may use the same resource material to teach a different chapter. It's simple; it's convenient.

Komm Mit!

This exciting new text covers all of the essential content and skills required for basic Nurse Assisting courses in a unique and innovative style. All the information is divided neatly into columns, which prioritizes key concepts for readers in the main column so they can concentrate on the most important topics. Streamlined procedures are presented in a 2-column format with illustrations right next to the steps. and with over 1,000 photographs and drawings, students find this text visually stimulating. Students will also uncover all the tips and techniques, safety topics, and federal guidelines they need to be able to work in any setting.
