SchoolAutism in Lockdown: Expert Tips and Insights on Coping with the Covid-19 Pandemic

## **Ten Things Every Child with Autism Wishes You Knew**

A leading child psychiatrist shows why it's best for parents to put down the flashcards and follow their instincts. Parents are constantly exposed to dubious claims and fads that create needless anxiety and stress, from the vaccine-autism scare to worthless products such as "Baby Einstein" videos. Worse, they're often discouraged from doing things that have been proven to protect children, promote learning, and wire young brains for healthy development. Child development expert Stephen Camarata draws on research, case studies, and his own experiences to argue for a return to instinct-driven parenting. He shows why developmental milestones are misleading and the best things you can do to make sure your kid grows up functional are almost always simple activities such as playing "peek-a-boo," reading aloud, and talking to them. This is the true "magic" that turns babies into intelligent, confident, curious adults. Camarata debunks a range of parenting myths and empowers parents to recognize irrational fears and incredible claims that increase worry, steal their cash, and generally diminish their enjoyment of the parenting process.

From the popular author of *21 Days to a Happier Family* and *9 Ways to a Resilient Child*, this book is a moving, inspiring and loving call to action for all parents. Parenting expert Dr Justin Coulson shares the ten things every parent needs to know to raise their children in positive ways. They are also ways to make parenting easier for you - so you don't have to keep 'making it up as you go along'. Drawing on positive psychology, the book gives simple and effective strategies for the main issues parents of 2-12 year olds confront in everyday family life. Justin shares his secrets of effective attention, communication and understanding; how to discipline effectively and set limits; and how to manage hot-button issues such as sibling conflict, chores, school and screens - yet still have fun as a family. Praise for Dr Justin Coulson 'Justin is a genius! His honest, compassionate and sensible advice is music to this mum's ears. I want him to adopt our family!' - Jessica Rowe, co-host, Studio 10 'Dr Justin Coulson is who I turn to when I'm feeling overwhelmed with parenting my three young (and frequently boisterous) kids. His calm, logical advice never fails to help me be a better parent.' - Bec Sparrow, author of *Find Your Tribe* 'If your aim is to be the best parent you possibly can, this is your go-to book.' - Madonna King, author of *Being 14* 'A wonderfully practical book that's bulging with heart, soul and wisdom. It's a book I'll definitely be recommending to my children, who are now parents themselves.' - Michael Grose, parenting expert and founder of Parenting Ideas

Help Your Child Do Great in Grades Six Through Eight  
Do you remember those awkward years between ages 11 and 14? Sandy Silverthorne does, and he wants to equip your child with practical advice on how to manage middle school. This thorough (and thoroughly humorous) guide contains helpful hints on how to get over middle school phobia, what to expect on the first day, why following the rules is important, and much more. There are also a variety of lists and questionnaires to help kids determine where they fit in, what classes they would be interested in taking, and what extracurricular activities they might like to try. All along the way, Sandy will share wisdom from God's Word, including the gospel message. With this book and God's help, your child can not only survive, but thrive, during the middle school years!

Feeling different, especially as a kid, can be tough. But in the same way that different types of plants and flowers make a garden more beautiful and enjoyable, different types of people make our world more vibrant and wonderful. In *Just Ask*, United States Supreme Court Justice Sonia Sotomayor celebrates the different abilities kids (and people of all ages) have. Using her own experience as a child who was diagnosed with diabetes, Justice Sotomayor writes about children with all sorts of challenges--and looks at the special powers those kids have as well. As the kids work together to build a community garden, asking questions of each other along the way, this book encourages readers to do the same- When we come across someone who is different from us but we're not sure why, all we have to do is *Just Ask*.

Her brother's letter touched a match to the wick of Annie's doused dreams. Dream enough for her, to stroll the length of a town without the abortive glances, the stilted greetings, the wider berth given her on the sidewalk. "I could use some help out here," he wrote. "What's holding you to Iowa anyway?" Annie Rushton leaves behind an unsettling past to join her brother on his Montana homestead and make a determined fresh start. There, sparks fly when she tangles with Adam Fielding, a visionary businessman-farmer determined to make his own way and answer to no one. Neither is looking for a partner, but they give in to their undeniable chemistry. Annie and Adam's marriage brims with astounding success and unanticipated passion, but their dream of having a child eludes them as a mysterious illness of mind and body plagues Annie's pregnancies. Amidst deepening economic adversity, natural disaster, and the onset of world war, their personal struggles collide with the societal mores of the day. Annie's shattering periods of black depression and violent outbursts exact a terrible price. The life the Fieldings have forged begins to unravel, and the only path ahead leads to unthinkable loss. Based on true events, this sweeping

21 DAYS TO A HAPPIER FAMILY draws on positive psychology to give parents ways to make their family happier than ever, starting today! 'Parenthood can be a jungle, but Justin's advice and simple strategies will help you find that path back to sanity, stability and smiling kids.' - Lisa Wilkinson Everyone wants their family to be happy, but so much gets in the way - work stress, commitments and our children's challenging behaviour are some of the usual suspects. Less obvious obstacles are our own habits and expectations, a reactive parenting style, and even a lack of clarity about what makes a family truly happy. As a result, families often seem fragmented, stressed and out of control. Kidspot parenting expert Justin Coulson knows how to make families happier. In this book, he combines cutting-edge insights from positive psychology with classic psychological research to help parents identify and develop habits that will strengthen their family. In his trademark warm and empathic style Justin covers topics like finding the most effective parenting style for your child, getting relationships right and how that leads to effective discipline, using mindfulness in parenting, being emotionally available to your children - and so much more. ### **The Intuitive Parent**

Are You Ready To Be A Grown-Up? A wise person once said "The greatest gifts you can give your children are the roots of responsibility and the wings of independence." Because that's the goal of parenting, right? We all want to raise compassionate, independent young adults, who have the courage, confidence and desire to reach their potential. But how do we raise children to be this way: resilient and confident? Self-confidence, for the most part, rises out of a sense of competence - from a feeling that we can do things, big and small. Inside this book you will find 100 LIFE SKILLS that every kid would benefit from learning by the time they're ready to leave home. Why? Because we are raising the future adults of this world. The bottom line is this: we need to equip our kids with the skills they need to survive and prosper in the real world. Eventually they will leave home and we need to do what we can to guarantee their greatest chance of success in life. This book provides information on all the important skills, needed to succeed both inside and outside the home. These skills are not only valuable but achievable because it's never too late to learn something new.

Empowering and practical, this guide is the perfect companion for parents who are finding it difficult to tell their children about their autism diagnosis. It provides a realistic yet uplifting approach to autism, treating it not as a disability but as a difference. Not telling children about their autism diagnosis can have a significant negative impact on their mental health; by equipping parents with a language of positivity around autism, the book will make a difference to many children on the spectrum. It advises on how and when to talk to autistic children with both high and low care needs, and provides guidance on supporting children's relationships with peers at school, as well as how to broach the conversation with the child's siblings. Concise and easy to read, The Little Book of Autism FAQs answers parents' questions with accessible language, preparing them to approach this difficult conversation in a constructive manner.

and resilient children. Do today's children lack the flexibility and mental strength they need to cope with life's challenges in an increasingly complicated and scary world? With safe spaces and trigger warnings designed to "protect" kids, many adults worry that children don't have the resilience to reach their greatest potential. Amy Morin, the author who identified the characteristics that mentally strong people share, now gives adults—parents, teachers, and other mentors—the tools they need to become mental strength trainers. While other books tell parents what to do, Amy teaches parents what "not to do," which she says is equally important in raising mentally strong youngsters. As a foster parent, psychotherapist, and expert in family and teen therapy, Amy has witnessed first-hand what works. When children have the skills they need to deal with challenges in their everyday lives, they can flourish socially, emotionally, behaviorally, and academically. With appropriate support, encouragement, and guidance from adults, kids grow stronger and become better. Drawing on her experiences and insight, *13 Things Mentally Strong Parents Don't Do* combines case studies, practical tips, specific strategies, and concrete and proven exercises to help children of all ages—from preschoolers to teenagers—build mental muscle and develop into healthy, strong adults.
