Why Nations Fail

Get ready for a fundamentally different approach to personal finance. This program helps you transform your relationship with money-whether your goal is to get out of debt, become financially independent or align your financial decisions with your personal values. Your choice: this inexpensive workbook or a free PDF. First and foremost, the PDF version of this entire course is available for free on my website "financinglife-dot-org". (Amazon doesn't allow discrete web links, but you'll find it quickly there.) This paperback version exists for those who prefer a hardcopy to use as a workbook, or to give as a gift. This workbook is organized to be very personal. You need some time, a pencil, and a commitment to get full benefit of this course. You may print specific pages from the PDF version. A paperback version is available from Amazon.com, although we offer this primarily as a convenience if you prefer hardcopy, and so that you can gift a pretty paperback version to a friend or family member on their birthday, holiday, or graduation. What you can expect from this program: The late Joe Dominguez, co-author of the bestseller *Your Money or Your Life*, spent a decade developing this program for himself. Nearly 40 years later, people's lives are still being enriched by the Financial Integrity Program he helped create. The program enables you to: Get out of debt Spend less Develop savings Learn to base your transactions (the getting, spending, investing and giving of your resources) on your own personal principles Achieve a degree of financial independence that allows you to spend your time doing what is fulfilling for you Rick Van Ness, author of *Why Bother With Bonds* recently expanded Steps 8 and 9 to reflect the time-proven wisdom that many call the common sense investing principles. These are also recognized as the Bogleheads Investment Philosophy, an endearing term honoring John C. Bogle, lifelong champion for ordinary investors. What's different about the 9-Step Financial Integrity Program? Many books and "step programs" on managing your money are available today. What most of these books have in common is that they assume your financial life functions separately from the rest of your life. The Financial

Integrity Program is different. It is a 'whole systems' approach to your life. And it will take you back to basics—the basics of making your spending (and hopefully your saving and investing) of money into a clear mirror of your life values and purpose. The purpose of the Financial Integrity Program is not to sell you anything—a product, a guru, a lifestyle. You don't need any of those to achieve your goals. But you don't need to go it alone, either. By using this proven, comprehensive program of nine steps based on classic financial principles, you can get where you want to go faster than making them up yourself. And it's all free. Is this program what you need? Ask yourself these questions: Are you comfortable with the amount of money you have? Is it enough? Are you spending as much time with family and friends as you would like? Do you come home from your job feeling fulfilled? Do you have time to participate in things you believe are worthwhile? If you were laid off from your job, would you see it as a tragedy or an opportunity? Do you have enough savings to support you through six months of normal living expenses? When you think about your finances, do you feel peaceful and at ease? If you were to die in the next few years, would you be comfortable with your legacy or contribution to your family, your community, the world? Are all the aspects of your life - your job, your possessions, your relationships, your values - integrated? If you answered, 'no' to even one of these, then this 9-Step program can help.

5 Simple Steps to Financial Freedom

Times have changed and the rules have changed, but financial security is still the goal. Do you know how to get there? There is a new reality out there—a new normal. What was once certain—that you would be able to retire comfortably, that you would pay for your kids' education, that your home would appreciate in value—is no longer a sure thing. So much has changed on the financial landscape that it's hard to know which moves are the right ones to make. Suze Orman's million-copy bestselling financial action plan—fully revised and updated—will show you the way. NEW TIMES CALL FOR NEW RULES—AND THIS IS WHAT SUZE ORMAN'S ACTION PLAN DELIVERS: • up-to-date information on new legislation that could affect how you will achieve your financial goals • an explanation of new FICO practices, and a new strategy for dealing with credit cards when you're trying to get out of debt • sound advice about rebuilding your retirement plan, and what to do if you're already retired • guidance on how to live within your means, and strategies to keep you on the path to achieving your goals in this new age of financial honesty PLUS AN ALL-NEW CHAPTER ON KIDS AND MONEY—how to give your kids a solid financial education, no matter their age!

People are using this simple, powerful concept to focus on what matters most in their personal and work lives. Companies are helping their employees be more productive with study groups, training, and coaching. Sales teams are boosting sales. Churches are conducting classes and recommending for their members. By focusing their energy on one thing at a time people are living more rewarding lives by building their careers, strengthening their finances, losing weight and getting in shape, deepening their faith, and nurturing stronger marriages and personal relationships. YOU WANT LESS. You want fewer distractions and less on your plate. The daily barrage of e-mails, texts, tweets, messages, and meetings distract you and stress you out. The simultaneous demands of work and family are taking a toll. And what's the cost? Second-rate work, missed deadlines, smaller paychecks, fewer

promotions--and lots of stress. AND YOU WANT MORE. You want more productivity from your work. More income for a better lifestyle. You want more satisfaction from life, and more time for yourself, your family, and your friends. NOW YOU CAN HAVE BOTH — LESS AND MORE. In *The ONE Thing*, you'll learn to * cut through the clutter * achieve better results in less time * build momentum toward your goal* dial down the stress * overcome that overwhelmed feeling * revive your energy * stay on track * master what matters to you *The ONE Thing* delivers extraordinary results in every area of your life--work, personal, family, and spiritual. WHAT'S YOUR ONE THING?

The Smart Couples Finish Rich nine-step journey provides every couple with strategies for organization, communication, and smarter spending that you can put into action immediately. This journey reveals: * The Couples' Latte Factor -- how to build a million-dollar portfolio on \$3.50 a day * How to talk to your partner about money without fighting * How to increase your income by 10 percent in nine weeks * The FinishRich File Folder System -- giving yourself a financial clean-up * The 10 biggest mistakes couples can make A book for couples of all ages and all tax brackets, Smart Couples Finish Rich is the ultimate guide for creating a lifetime of wealth--both personal and financial.

Confessions of an Economic Hit Man

Dr. Dorriah Rogers, CEO of Paradyne Consulting Works, shares her last twelve years of consulting and research for numerous Fortune 100 and 500 companies, large government entities and the U.S. military in her book *Decide to Profit: 9 Steps to a Better Bottom Line*. The book is the result of discussions and intensive problem-solving with thousands of employees, managers and executives experiencing an inability to tie innovation and growth to bottom-line profit; where due to market pressure for growth, managers found themselves pushing decision-making to the lowest levels of the organization, and companies were finding themselves in need of a tool to ensure that these decisions were executed in a safe and profitable way. In other words, as their organizations grew, net margin and productivity began to erode, and a solution was required. *Decide to Profit* provides a step-by-step guide for organizations to connect all ideas and decisions that affect change to the financial goals of the company. Employees will have a clear systematic process that links decisions to the financial performance of their organization. Managers will have a ready tool to shape their organizational culture and business outcomes. With this process, both leaders and employees can adapt to increasingly tough competition and excel within their ever-changing markets, while ultimately maintaining or growing net profit. The 9 Step process has been vetted and implemented within some of the largest and most complex projects and organizations across North America, and it works. Each of the 9 Steps shows you how to avoid common decision-making mistakes, provides checklists and tools to foster a creative and idea-driven culture within organizations, and includes easy-to-understand and implement guidelines to ensure a financially sound future. The nine chapters chronologically and systematically outline each of the steps and its application, and include checklists, critical questions, and easy-to-use forms for managers and employees. Imbedded within each step are checks and balances and a process for accountability, so managers and employees can remain in sync in both their thinking and actions. A user code will be provided to book purchasers allowing them to access tips for easy-to-download forms on the *Decide to Profit* website. The website will also include a user forum, a best practices blog and tips from the author.

Work Your Wealth

Would you like to get the financial information you need to survive and eventually thrive in any financial crisis? In *Money and the 9 Steps You Need to Survive Any Financial Crisis*, author Nick Ruiz tackles the truth behind the financial myths that have kept you locked in a perpetual cycle of financial trouble. Readers will not only encounter fundamental financial wisdom but will tackle the emotional side of finances, which is the factor that is actually driving America into its deep recession. Nick is an expert on telling it like it is and showing how we all can survive this mess by providing Main Street's solutions to Wall Street's problems.

The Barefoot Investor

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read *Financial Freedom* three times, cover-to-cover." --Lifemaker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. *Financial Freedom* is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5

job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

You've Earned It, Don't Lose It

It's Your Money. What Happens To It Will Directly Affect The Quality Of Your Life. "You don't want to become a story in one of my books, and you don't have to," says financial advisor Suze Orman, who goes beyond the usual financial primer to describe how to safeguard your financial future, illustrated with stories of ordinary, real-life people who faced misfortune because of naiveté, procrastination, or misinformation. So that you can avoid making similar mistakes and so you can better protect the money you have earned and saved, Orman gives you this easy-to-understand guide to eight vital areas essential for your security and well-being. With simplicity and clarity, complete with resource lists and glossary, she covers: Choosing and assessing financial advisors. Trusts, wills, gifts, joint tenancy: Which is right for you? Early retirement: What to do and how to avoid penalties when receiving your retirement money. Joint and survivor benefits: Making sure you protect those you love. Long-term care insurance: How to choose the right policy and what you should pay for it. Estate taxes and probate costs: How to avoid them. Durable power of attorney: How it works and why you should have one. Minimizing expenses and maximizing income: getting the most for your health-care money; getting the most for your life. As featured on QVC, CNN, FOX, and more. A selection of The Book-of-the-Month Club.

Health - Wealth

As a young and naïve pastor, Dan Willis maxed out twenty-three credit cards and ruined his credit to support his ministry. It wasn't until massive debt caused the cards to stop working that he realized that God never asked him to do this. Through his candor and honesty, Dan reveals the five steps God showed him to get out of debt: stop spending, create a budget, develop a debt payoff plan, begin saving, and repair bad credit. This led him to becoming a thriving and financially-free ministry. Now, Dan is on a mission to teach this to the world. Using biblical principles, but not relying on miracles or "name-it-and-claim-it" theology, Dan provides easy-to-follow, practical steps that can be used by anyone to escape

financial bondage. Finally, he encourages readers to use their financial freedom to help others and advance God's kingdom, and to use their newfound fiscal wisdom to store up wealth. Without shaming those who struggle financially, 5 Simple Steps to Financial Freedom is the perfect combination of spiritual wisdom and practical advice for those who desperately need it.

Smart Couples Finish Rich, Revised and Updated

Suze Orman, the woman millions of Americans have turned to for financial advice, delivers a master class on personal finance and teaches her readers that the "New American Dream" is not the things they accumulate, but the confidence that comes from knowing that which they've worked so hard for cannot be taken away from them.

Want to conquer your e-mail inbox once and for all? Need help getting organized and staying focused? Start reading! Millions of people already benefit from the innovative, time-saving tips that Stever Robbins dispenses each week in his #1 ranked Get-It-Done Guy podcast. Now he's come up with a 9-step plan to transform even the most overwhelmed into an overachiever. You will learn to: Beat procrastination by speed dating your tasks: You'll face anything if it's just for three minutes; schedule small, finite periods of time for those tasks that seem too overwhelming to get started on. Give your technology a performance review: Our smart phones, PDAs, and computers often make less work in one area while making much more work in others. Review your technology to make sure it's delivering on its promise. Cut out the small talk: Small talk builds superficial relationships, which is a grand waste of time. Ask better questions to make instant connections that'll benefit you for years to come. Written in the uniquely humorous style Stever is known for, Get-It-Done Guy's 9 Steps to Work Less and Do More will help you break the bad habits slowing you down and holding you back. Work less and do more—your free time is waiting!

Nine Steps to Financial Freedom

Suze Orman's Financial Guidebook

**** Fully reviewed and updated for the 2019-2020 financial year**** This is the only money guide you'll ever need That's a bold claim, given there are already thousands of finance books on the shelves. So what makes this one different? Well, you won't be overwhelmed with a bunch of 'tips' or a strict budget (that you won't follow). You'll get a step-by-step formula: open this account, then do this; call this person, and say this; invest money here, and not there. All with a glass of wine in your hand. This book will show you how to create an entire financial plan that is so simple you can sketch it on the back of a serviette and you'll be able to manage your money in 10 minutes a week. You'll also get the skinny on: Saving up a six-figure house deposit in 20 months Doubling your income using the 'Trapeze Strategy' Saving \$78,173 on your mortgage and wiping out 7 years of payments Finding a financial advisor who won't rip you off Handing your kids (or grandkids) a \$140,000 cheque on their 21st birthday Why you don't need \$1 million to retire with the 'Donald Bradman Retirement Strategy' Sound too good to be true? It's not. This book is full of stories from everyday Aussies — single people, young families, empty nesters, retirees — who have applied the simple steps in this book and achieved amazing, life-changing results. And you're next.

The Courage to Be Rich

The Money Class

Isn't it time you got started on the road to your dream life? You are not alone in your journey. This book will help you not only get off the starting line and reach your destination. You want more from your life. You can visualize the life you dream about but may not know how to get there. This book was designed to be a road map to help you make the changes you have dreamed about and make those changes stick. Life is too short to wait for happiness. These 9 simple steps will help you take action and claim the life you truly deserve. Kimanzi Constable lays out this plan with an easy to read style that combines specific advice with anecdotes from his own experience. Kimanzi shares with you his method, his experience, and his advice in an entertaining yet practical guide. The method he describes can be applied effectively to your specific dream. Kimanzi has used this same plan to go from a life and work that made him miserable for ten years to becoming a successful international speaker, life coach, and author.

Smart Women Finish Rich

"I recommend this book highly as one of the 10 most important 'must read' books published this year," Robert Plotkin, Founding President, World Trade Center San Diego. "Three Steps to Wealth & Financial Security – All That Glitters Isn't Gold" is a back to basics, easy to use guide to reassert financial control and secure your financial future. The book draws on real world examples that husband-and-wife

authors attorney Gary Laturno, Esq. and Victoria Kuick, MBA, have encountered in counseling over two thousand homeowners in financial distress since 2007. As a result, the book will be an easy read for people who find financial matters confusing or even frightening. The authors' straightforward guidance and recommendations will help many take charge of their financial futures. Comments by Readers: I read your book last night. I'm incredibly impressed! It's a huge undertaking to present an enormous wealth of REALLY important and helpful information in a streamlined way...but you guys did it! And, I think your readers will really appreciate the genuine tone and straightforward approach—life changing stuff. Great job! I see this book distributed in high schools, colleges (law schools particularly—some lawyers are not great when it comes to financial matters), vocational schools, and the like. I hope you're aiming to reach the masses with this one—the subject matter is so salient right now, and this information is really resonating with people. Jennifer Manganello, Esq., University of California, Hastings College of the Law I just finished reading your book. Outstanding! I love the unique way it was written in PowerPoint format—original, straightforward, and easy to follow. The information the book contains, and how it is explained, makes it stand out. You do not allow the reader to blame others or make excuses about their financial situation. You tell them to look in the mirror, take responsibility, and you show them that money problems are not hopeless but fixable. The stock and real estate investing sections are informative and easy to understand. You take the complexity out of stock market investing. You show real estate investors the pitfalls to avoid. Readers will especially benefit from how you compare and contrast real estate investing with the stock market and other investments — bonds, precious metals and cash. It's evident the book was written from firsthand experience, making it truly authentic. I am impressed both by your credentials and your experience counseling over 2,000 homeowners in financial distress since 2007. This book cuts to the core of what people need to know and do to put their financial house in order. I highly recommend your book! Read it and you will substantially increase your financial I.Q. Dory Laramore, Certified Registered Tax Preparer, and author of *Get Your Finances Right: The Foundation for Success* “Three Steps to Wealth & Financial Security” is well written, concise and provides a wealth of financial advice for every American. The authors ask and answer a number of profound questions. What are the lessons of the housing crisis? Why are savings rates in the United States so low? Why do so many retire on Social Security only? Why do so many mismanage their financial affairs? How do we put our financial house in order? What do we need to know and do to be financially secure? Understand the mistakes that so many made and continue to make. Fine tune your financial plan and money management skills. Recommendation: Read the book! Money management, financial planning, and wealth building are mandatory subjects not electives. Andrew J. Sussman, Esq., Partner, RSR Law Group, San Diego, California

Your Money or Your Life

Book Praise & Reviews ""As a how-to guide, this book contains everything you may need to know to turn your passions into profits."" Bill Bartmann (Billionaire entrepreneur, author, speaker, educator) Read & Give Program A portion of the sale of this book is donated to charity. Book Description Are you unhappy in your job? Are you tired of living paycheck to paycheck and feel like you just don't have

enough money, skills, or education to turn your life around? Even if you're not sure you know what it is you like to do, you can change your life and get rich doing it, says entrepreneur Duane Harden in his wise and entertaining new book, *5 Easy Steps to Financial Freedom: Do What You Love & Get Rich Doing It*. Turning your passion into a profitable business is easy, fast, and fun, says Harden, and you can become rich in just five easy steps. First, start by saying yes to financial freedom. Attitude is everything and as the Law of Attraction states, what you put out into the universe is often what you attract. If you imagine yourself financially secure and happy, you will be. Imagining a new life for yourself is the inspiration you need to go out and do the concrete things to turn your dreams into a reality.

Con conversationally written and filled with humorous drawings, helpful worksheets, and key tips, *5 Easy Steps to Financial Freedom* also offers a 90-day action plan that includes blueprints for success that Harden himself used to build his wealth. His own journey included the purchase of numerous real-estate properties, opening a restaurant, starting a music company, and much more. Harden gives you "Life Assignments" that get you thinking and acting differently. Beware of what he calls the "crabs in a pot" mentality, where everyone is trying to pull everyone else down in order to struggle to the top. Instead, he advises, think positively. Stay away from the naysayers and feed your dream. Soon you will realize that your inner life is reflected in your outer life. Harden helps you to discover the real you, what you want, and how much money you want to be there for you now and in the future. He explains how the real difference between rich people and poor people is fear and an unwillingness to keep an open mind to new opportunities. Rich people are not afraid to take risks, and well-planned risks almost always pay off. Success, he reminds you, is your birthright and it's your job to claim it. Review your credit and your financial house. Clean up the clutter in your life, whether it is the wrong way of thinking or a messy desk. Discover what really makes you tick because when you love what you do it's never really work, and when passion is present the money will miraculously follow. Keep daily positive reminders taped where you can see them, or even have a vision board filled with photographs of where you want to be in life. Write your resignation letter to your boss, but don't send it yet. Just the act of writing it puts you in the right frame of mind for moving on to something much better. "You are what you think and will become what you dream," says Harden. You'll learn to be a PIG (passive income generator) Farmer, which requires little work but makes you tons of money. *5 Easy Steps to Financial Freedom* shows you how go from rags to riches and is understandable and easy to read. This invaluable guide will change your life!

Are You Living or Existing?

Imagine ditching the stress around your finances once and for all. Think about what your life would be like to have control over your money instead of feeling like it has control over you. *Work Your Wealth* isn't your traditional personal finance book. Mary Beth Storjohann, CFP(r), speaker and writer makes it her mission to cut through the crap, toss the fancy lingo, make money relatable, and breaks down specific steps and to-dos along the way to provide you with confidence and clarity in your financial life. *Work Your Wealth* makes taking control of your finances exciting and easy to do. It provides an organized plan of attack that covers everything from setting goals, budgeting, paying down debt, investing, planning for retirement, using credit wisely, and more. Not to mention a whole chapter that

covers your real life money questions. In addition, Mary Beth wraps up each chapter with a list of detailed, actionable Money Moves to help you build the foundation you need to create your own financial plan. Work Your Wealth educates, motivates and empowers you to gain a financial education, to kick your bad money habits (and your debt) to the curb, to step up and invest in yourself, and most of all to celebrate your wins along the way. If you're ready to take control of your money, Work Your Wealth is your ticket to a new financial life.

Destroy Your Student Loan Debt

Suze Orman has transformed the concept of personal finance for millions by teaching us how to gain control of our money -- so that money does not control us. She goes beyond the nuts and bolts of managing money to explore the psychological, even spiritual power money has in our lives. The 9 Steps to Financial Freedom is the first personal finance book that gives you not only the knowledge of how to handle money, but also the will to break through all the barriers that hold you back. Combining real-life recommendations with the motivation to overcome financial anxieties, Suze Orman offers the keys to providing for yourself and your family, including: * seeing how your past holds the key to your financial future * facing your fears and creating new truths * trusting yourself more than you trust others * being open to receiving all that you are meant to have * understanding the lessons of the money cycle The 9 Steps to Financial Freedom is useful advice and inspiration from the leading voice in personal finance. As Orman shows, managing money is far more than a matter of balancing your checkbook or picking the right investments. It's about redefining financial freedom -- and realizing that you are worth far more than your money.

The Index Card

Addresses personal finance issues that are of relevance to today's world of high debt and disproportionate lifestyles, addressing such topics as credit cards, student loans, credit scores, insurance, and mortgages.

The Total Money Makeover

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

100 Steps to Financial Independence

"What would it take for you to change the course of your life?" reads the first sentence of The Courage to Be Rich, a book that goes beyond the phenomenal success of The 9 Steps to Financial Freedom in challenging and inspiring us to realize our full financial potential, and to realize as well that the bottom line of life is comprised of much more than money. Why does it take courage to be rich? Because it takes courage to meet every obstacle and opportunity of life, to forgive ourselves and others for past mistakes, to imagine and achieve a future rich with possibility. With her signature blend of inspirational and practical advice, Suze

Orman asks us to look within, asserting her powerful conviction that once we achieve a state of emotional clarity regarding money, financial clarity will always follow. She guides us through a lifetime of financial issues, from relationships and prenuptial agreements to investment options, from the money we spend in daily life to the money we need for tomorrow. Finally, Suze takes on the seldom-explored subject of money and grace, the rewards it bestows and the responsibilities it confers. Suze Orman may be the only financial planner for whom words like "hope," "acceptance," and "courage" are part of her daily lexicon. The *Courage to Be Rich* is a book that will change our very definitions of wealth and abundance.

Twenty-five Cent Dinners for Families of Six

“THE MOST NOTABLE PERSONAL FINANCE WRITING OF 2013 . . . WAS A HANDWRITTEN 4 × 6 INDEX CARD.” —MINNEAPOLIS STAR TRIBUNE TV analysts and money managers would have you believe your finances are enormously complicated, and if you don’t follow their guidance, you’ll end up in the poorhouse. They’re wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling *Pound Foolish*, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.
