Acclaimed writer Charles Shaar Murray's Boogie Man
is the authorized and authoritative biography of an

extraordinary musician. Murray was given unparalleled access to Hooker, and he lets the man from Clarksdale, Mississippi, tell his own story. "Everything you read on album covers is not true, and every album reads different," he told Murray. Murray helps Hooker set the record straight, disentangling the myths and legends from truths so rock-ribbed that we understand, as if for the first time, why they have provided the source for a lifetime of unforgettable sound. Murray weaves together Hooker's life and music to reveal their indissoluble bonds. Yet Boogie Man is far more than merely an accomplished and brilliant biography of one man; it gives an account of an entire art form. Grounded in a time and place in American culture, the blues are universal, and in the hands of the greatest practitioners its power resides in the miracle of using despair to transcend it. "The preacher's mantle," Murray tells us, "passes to the bluesman." This bluesman traveled a hard road out of the American South, from obscurity to adulation and back-and back again. John Lee Hooker has seen it all and sung it all, and his music is both a living legacy and an American treasure. Here is the book that does him and his music full justice.

A Very Old Man with Enormous Wings

Award-winning author Gerelchimeg Blackcrane has written a compelling novel, set in Tibet, Mongolia and China, about the adventures of a fiercely powerful yet lovable Tibetan mastiff that is sure to join the ranks of other much-read classic dog stories. Kelsang, a Tibetan mastiff, is just a tiny puppy when his mother dies after a vicious fight with a snow leopard. Soon he comes to fill his mother's role as sheepdog for the master, Tenzin, his instincts teaching him how to herd the flock on the northern Tibetan grasslands. But one day when visitors see this huge, beautiful purebred, they ply Tenzin with drink and convince him to sell his dog. In no time Kelsang finds himself chained up in the back of a jeep traveling far from everything he knows. A series of adventures take Kelsang from the streets of Lhasa, where he fights with local street dogs, to brief refuge with an elderly painter, until he is once again cruelly held in captivity. But Kelsang escapes and meets Han Ma, a master who inspires his love and loyalty. Further adventures include protecting endangered antelope from poachers, warning of a devastating landslide, becoming a guard dog, bonding with a beautiful German shepherd and befriending blind children. are described, and he tells the story of his grandmother Ada and grandfather Otto's adventure in coming to the U.S. during the Civil War, following which they made their fortune building shelters and wagons for the Union Army. He also talks about Ettie, the one love of his life, whom he was forbidden from seeing because of her Gypsy parentage. The two maintained a secret correspondence, but he learns that she was married to another man, and in reaction to this blow, takes a long trip through postwar Europe. Following Grandpa Socks' return to the U.S., his life takes on a new routine. He appears to never leave his neighborhood, he takes up teaching free English classes to immigrants out of his home, and he knits two pairs of socks per day to give to total strangers. Grandpa Socks sets out to teach one of these classes and chooses "caution" as the word of the day for his students, which fills him with a sense of foreboding. Then he sits down to dinner, which is to be followed by the most important part of the day . . . Grandpa Socks steps outside and jumps back into his nightly role as a "searcher"--he dresses like Sherlock Holmes and looks for things on the street, garage sales, and the like that he considers to be "clues" of something important. This time, he goes off in search of a strange old blue bicycle. He finds it again, and watches it from the friendly confines of a local branch of his credit union, in the hopes of identifying the owner. The owner turns out to be a woman named Elinor Johnston, who is living in a shed behind a local bakery with her baby, Zoubida. He chases her, drawing the attention of the police, who then threaten to put Zoubida in the care of Child Protective Services. Concerned for their welfare, Grandpa Socks

accompanies Elinor and Zoubida to the police station, riding along with Oscar Phillips, the police officer, whose interest is piqued when Grandpa Socks mentions he used to work with the Sheriff. After they arrive at the station, Grandpa Socks speaks with Sheriff Thomas, and expresses the desire to take in Elinor and Zoubida, so that Child Protective Services doesn't split them up by putting Zoubida in a foster home. Sheriff Thomas suggests meeting with Elinor and hearing what she has to say in the presence of Linda Bevard from CPS. They learn Elinor's boyfriend was killed in an amateur boxing match, that the couple had been estranged from their families because of their interracial relationship, and that Elinor had been afraid of losing custody of Zoubida, which led her to go on the run with the blue bicycle. After Elinor's story checks out, she and Zoubida come to live with Grandpa Socks, who finds he has a new spring in his step and the start of something new. His life is thrown into chaos, but he doesn't seem to mind. He trusts that he will one day reunite with Ettie, and he is content to wait for her with Elinor and Zoubida now in his life.

Mallory McDonald, Baby Expert

A fascinating account of how the Mississippi River shaped America In Old Man River, Paul Schneider tells the story of the river at the center of America's rich history—the Mississippi. Some fifteen thousand years ago, the majestic river provided Paleolithic humans with the routes by which early man began to explore the continent's interior. Since then, the river has been the site of historical significance, from the arrival of Spanish and French explorers in the 16th century to the Civil War. George Washington fought his first battle near the river, and Ulysses S. Grant and William T. Sherman both came to President Lincoln's attention after their spectacular victories on the lower Mississippi. In the 19th century, home-grown folk heroes such as Daniel Boone and the half-alligator, half-horse, Mike Fink, were creatures of the river. Mark Twain and Herman Melville led their characters down its stream in The Adventures of Huckleberry Finn and The Confidence-Man. A conduit of real-life American prowess, the Mississippi is also a river of stories and myth. Schneider traces the history of the Mississippi from its origins in the deep geologic past to the present. Though the busiest waterway on the planet today, the Mississippi remains a paradox—a devastated product of American ingenuity, and a magnificent natural wonder.

Adventures of Huckleberry Finn

When Don Petterson, a former American ambassador, told family and friends he intended to ride a bicycle from New Hampshire to San Francisco, most of them questioned his judgment, if not his sanity. He was in his seventies, hadn't been on a bike for years, and had never ridden more than a few miles at a time. But, in May 2002, putting doubters-and self-doubt-behind him, Petterson headed west. Laboring against strong headwinds, struggling up steep hills, or coping with extreme weather, he sometimes wondered what in the world he was doing. But he kept going-the lure of riding his bike across the Golden Gate a compelling incentive. Ahead of him lay many challenges-among them, riding his loaded bike over the Rocky Mountains and Sierra Nevada, crossing the Great Plains in brutal summer heat, dealing with the aftermath of a collision with a car, and traversing Nevada's basin and range country and the Great Salt Lake's desert. His rewards included passing through spectacular mountain forests, experiencing the aching beauty of the lonely plains, and viewing the grandeur of the West's

sculpted canyons and mesas. In *Old Man on a Bicycle*, the author relates how he prepared for the 3,600-mile journey and what he saw and did during the two months he was on the road. In addition he rebuts the misconception that aging means debilitating decline and, drawing on certain events of his ride, offers research-based advice on how to ease the physical aspects of aging. It's an inspirational account, emphasizing the importance of exercise to physical and mental well-being.
