"The President Has Been Shot!": The Assassination of John F. Kennedy

Brimming with surprising characters, chilling political revelations, and a heart-pounding climax, *The Nazi Hunter* is a thrilling debut and "an action-packed story," says *Jewish Book World*.

The Nazi Hunters

The never-before-told story of Eric Roberts, who infiltrated a network of Nazi sympathizers in Great Britain in order to protect the country from the grips of fascism. June 1940: Europe has fallen to Adolf Hitler's army, and Britain is his next target. Winston Churchill exhorts the country to resist the Nazis, and the nation seems to rally behind him. But in secret, some British citizens are plotting to hasten an invasion. Agent Jack tells the incredible true story of Eric Roberts, a seemingly inconsequential bank clerk who, in the guise of "Jack King", helped uncover and neutralize the invisible threat of fascism on British shores. Gifted with an extraordinary ability to make people trust him, Eric Roberts penetrated the Communist Party and the British Union of Fascists before playing his greatest role for MI5: Hitler's man in London. Pretending to be an agent of the Gestapo, Roberts single-handedly built a network of hundreds of British Nazi sympathizers—factory workers, office clerks, shopkeepers—who shared their secrets with him. It was work so secret and so sensitive that it was kept out of the reports MI5 sent to Winston Churchill. In a gripping real-world thriller, Robert Hutton tells the fascinating story of an operation whose existence has only recently come to light with the opening of MI5's WWII files. Drawing on these newly declassified documents and private family archives, Agent Jack shatters the comforting notion that Britain could never have succumbed to fascism and, consequently, that the world could never have fallen to Hitler. Agent Jack is the story of one man who loved his country so much that he risked everything to stand against a rising tide of hate.

The Grand Escape: The Greatest Prison Breakout of the 20th

Century (Scholastic Focus)

A stunning adventure involving Nazis, nukes, fighting, failure, and everyday heroes, from the author of the award-winning *The Nazi Hunters*. Neal Bascomb delivers another nail-biting work of nonfiction for young adults in this incredible true story of spies and survival. The invasion begins at night, with German cruisers slipping into harbor, and soon the Nazis occupy all of Norway. They station soldiers throughout the country. They institute martial rule. And at Vemork, an industrial fortress high above a dizzying gorge, they gain access to an essential ingredient for the weapon that could end World War II: Hitler's very own nuclear bomb. When the Allies discover the plans for the bomb, they agree Vemork must be destroyed. But after a British operation fails to stop the Nazis' deadly designs, the task falls to a band of young Norwegian commandos. Armed with little more than skis, explosives, and great courage, they will survive months in the snowy wilderness, elude a huge manhunt, and execute two dangerous missions. The result? The greatest act of sabotage in all of World War II.

Return to the Reich

For fans of *The Boys in the Boat* and *In the Garden of Beasts*, a pulse-pounding tale of triumph by an improbable team of upstarts over Hitler's fearsome Silver Arrows during the golden age of auto racing. They were the unlikeliest of heroes. Rene Dreyfus, a former top driver on the international racecar circuit, had been banned from the best European teams—and fastest cars—by the mid-1930s because of his Jewish heritage. Charles Weiffenbach, head of the down-on-its-luck automaker Delahaye, was desperately trying to save his company as the world teetered toward the brink. And Lucy Schell, the adventurous daughter of an American multi-millionaire, yearned to reclaim the glory of her rally-driving days. As Nazi Germany launched its campaign of racial terror and pushed the world toward war, these three misfits banded together to challenge Hitler's dominance at the apex of motorsport: the Grand Prix. Their quest for redemption culminated in a remarkable race that is still talked about in racing circles to this day—but which, soon after it ended, Hitler attempted to completely erase from history. Bringing to life this glamorous era and the sport that defined it, *Faster* chronicles one of the most inspiring, death-defying upsets of all time: a symbolic blow against the Nazis during history's darkest hour.

101 Ways to Dance

There was a time when running the mile in four minutes was believed to be beyond the limits of human foot speed, and in all of sport it was the elusive holy grail. In 1952, after suffering defeat at the Helsinki Olympics, three world-class runners each set out to break this barrier. Roger Bannister was a young English medical student who epitomized the ideal of the amateur — still driven not just by winning but by the nobility of the pursuit. John Landy was the privileged son of a genteel Australian family, who as a boy preferred butterfly collecting to running but who trained relentlessly in an almost spiritual attempt to shape his body to this singular task. Then there was Wes Santee, the swaggering American, a Kansas farm boy and natural athlete who believed he was just plain better than everybody else.

Spanning three continents and defying the odds, their collective quest captivated the world and stole headlines from the Korean War, the atomic race, and such legendary figures as Edmund Hillary, Willie Mays, Native Dancer, and Ben Hogan. In the tradition of *Seabiscuit* and *Chariots of Fire*, Neal Bascomb delivers a breathtaking story of unlikely heroes and leaves us with a lasting portrait of the twilight years of the golden age of sport.

Sabotage: The Mission to Destroy Hitler's Atomic Bomb

Beginning readers will laugh and easily relate to Pete the Kitty and his search for the perfect remedy for his hiccups! Pete gets a case of the hiccups, and he doesn't know what to do. He decides to ask his wisest friends for help, like Grumpy Toad, Callie, and Bob. But Pete is still stuck with the hiccups. Will Pete the Kitty ever get rid of his terrible hiccups? This My First I Can Read book is carefully crafted using basic language, word repetition, sight words, and sweet illustrations—which means it's perfect for shared reading with emergent readers. The active, engaging My First I Can Read stories have appealing plots and lovable characters, encouraging children to continue their reading journey. This is the very first Pete the Kitty I Can Read favorite from New York Times bestselling Pete the Cat author-artist James Dean!

The Perfect Mile

In 1905 more than seven hundred Russian sailors mutinied against their officers aboard the battleship *Potemkin*, one of the most powerful battleships in the world. Led by the charismatic firebrand Matyushenko, they risked their lives to take control of their ship and fly the red flag of revolution. What followed was a violent port-to-port chase that spanned eleven harrowing days and came to symbolize the Russian Revolution itself. This pulse-pounding story alternates between the opulent court of Nicholas II and the drama on the high seas. Neal Bascomb combines extensive research and fresh information from Soviet archives to tell the true story of the deadliest naval mutiny in history. *Red Mutiny* is a terrific adventure filled with epic naval battles, heroic sacrifices, treachery, bloodlust, and the rallying cries of freedom.

Hunting Hitler's Nukes

Astrid Jones desperately wants to confide in someone, but her mother's pushiness and her father's lack of interest tell her they're the last people she can trust. Instead, Astrid spends hours lying on the backyard picnic table watching airplanes fly overhead. She doesn't know the passengers inside, but they're the only people who won't judge her when she asks them her most personal questions . . . like what it means that she's falling in love with a girl. As her secret relationship becomes more intense and her friends demand answers, Astrid has nowhere left to turn. She can't share the truth with anyone except the people at thirty thousand feet, and they don't even know she's there. But little does Astrid know just how much even the tiniest connection will affect these strangers' lives--and her own--for the better. In this truly original portrayal of a girl struggling to break free of society's definitions, Printz Honor author A.S. King asks readers to question

everything--and offers hope to those who will never stop seeking real love.

The Nazi Hunter

Bestselling historian Andrew Nagorski takes a fresh look at the decisive year 1941, when Hitler's miscalculations and policy of terror propelled Churchill, FDR, and Stalin into a powerful new alliance that defeated Nazi Germany. In early 1941, Hitler's armies ruled most of Europe. Churchill's Britain was an isolated holdout against the Nazi tide, but German bombers were attacking its cities and German U-boats were attacking its ships. Stalin was observing the terms of the Nazi-Soviet Pact, and Roosevelt was vowing to keep the United States out of the war. Hitler was confident that his aim of total victory was within reach. \By the end of 1941, all that changed. Hitler had repeatedly gambled on escalation and lost: by invading the Soviet Union and committing a series of disastrous military blunders; by making mass murder and terror his weapons of choice, and by rushing to declare war on the United States after Japan's attack on Pearl Harbor. Britain emerged with two powerful new allies—Russia and the United States. By then, Germany was doomed to defeat. Nagorski illuminates the actions of the major characters of this pivotal year as never before. 1941: The Year Germany Lost the War is a stunning examination of unbridled megalomania versus determined leadership. It also reveals how 1941 set the Holocaust in motion, and presaged the postwar division of Europe, triggering the Cold War. 1941 was a year that forever defined our world.

How I Resist

Robert F. Sibert Award-winner Susan Campbell Bartoletti explores the riveting and often chilling story of Germany's powerful Hitler Youth groups.

Hunting the Truth

The gripping story of a team of Nazi hunters at the U.S. Department of Justice as they raced against time to expose members of a brutal SS killing force who disappeared in America after World War Two. In 1990, in a drafty basement archive in Prague, two American historians made a startling discovery: a Nazi roster from 1945 that no Western investigator had ever seen. The long-forgotten document, containing more than 700 names, helped unravel the details behind the most lethal killing operation in World War Two. In the tiny Polish village of Trawniki, the SS set up a school for mass murder and then recruited a roving army of foot soldiers, 5,000 men strong, to help annihilate the Jewish population of occupied Poland. After the war, some of these men vanished, making their way to the U.S. and blending into communities across America. Though they participated in some of the most unspeakable crimes of the Holocaust, "Trawniki Men" spent years hiding in plain sight, their terrible secrets intact. In a story spanning seven decades, Citizen 865 chronicles the harrowing wartime journeys of two Jewish orphans from occupied Poland who outran the men of Trawniki and settled in the United States, only to learn that some of their one-time captors had followed. A tenacious team of prosecutors and historians pursued these men and, up against the forces of time and political opposition, battled to the present day to remove them from U.S. soil. Through insider accounts and research in four countries, this

urgent and powerful narrative provides a front row seat to the dramatic turn of events that allowed a small group of American Nazi hunters to hold murderous men accountable for their crimes decades after the war's end.

The Family Romanov: Murder, Rebellion, and the Fall of Imperial Russia

In 1945, at the end of World War II, Adolf Eichmann, the head of operations for the Nazis' Final Solution, walked into the mountains of Germany and vanished from view. Sixteen years later, an elite team of spies captured him at a bus stop in Argentina and smuggled him to Israel, resulting in one of the century's most important trials -- one that cemented the Holocaust in the public imagination. **THE NAZI HUNTERS** is the thrilling and fascinating story of what happened between these two events. Survivor Simon Wiesenthal opened Eichmann's case; a blind Argentinean and his teenage daughter provided crucial information. Finally, the Israeli spies -- many of whom lost family in the Holocaust -- embarked on their daring mission, recounted here in full. Based on the adult bestseller **HUNTING EICHMANN**, which is now in development as a major film, and illustrated with powerful photos throughout, **THE NAZI HUNTERS** is a can't-miss work of narrative nonfiction for middle-grade and YA readers.

SAS Nazi Hunters

Neal Bascomb, author of *The Nazi Hunters*, returns with his next thrilling work of narrative nonfiction about a group of Allied POWs who staged an escape for the ages during World War I.

The Eternal Nazi

"The true story of a group of boy resistance fighters in Denmark after the Nazi invasion"--

The Winter Fortress

An artist, forced to paint swastikas on train cars for the Nazis during the Holocaust, has become an unlikely vigilante in pre-Cold War Europe. Alongside his army companion, Bruno, he hunts down the criminals responsible for murdering his wife, his family, and his people. **SIMON SAYS** is one part action-adventure, one part crime-noir and all high stakes drama!

Hunting Eichmann

A breathtaking and dramatic account of the JFK assassination by the **NEW YORK TIMES** bestselling author of **CHASING LINCOLN'S KILLER!** In his new young-adult book on the Kennedy assassination, James Swanson will transport readers back to one of the most shocking, sad, and terrifying events in American history. As he did in his bestselling Scholastic YA book, **CHASING LINCOLN'S KILLER**, Swanson will deploy his signature "you are there" style -- a riveting, ticking-clock pace, with an unprecedented eye for dramatic details and impeccable historical accuracy -- to

tell the story of the JFK assassination as it has never been told before. The book will be illustrated with archival photos, and will have diagrams, source notes, bibliography, places to visit, and index YALSA-ALA Excellence in Young Adult Nonfiction Award Finalist

The Nazi Hunters

"The untold story of a Latvian Nazi's gruesome crimes and an Israeli spy's epic journey to bring him to justice-a case that altered the fates of all ex-Nazis."--

Citizen 865

From the New York Times reporters who first uncovered S.S. officer Aribert Heim's secret life in Egypt comes the never-before-told story of the most hunted Nazi war criminal in the world. Dr. Aribert Heim worked at the Mauthausen concentration camp for only a few months in 1941 but left a devastating mark. According to the testimony of survivors, Heim euthanized patients with injections of gasoline into their hearts. He performed surgeries on otherwise healthy people. Some recalled prisoners' skulls set out on his desk to display perfect sets of teeth. Yet in the chaos of the postwar period, Heim was able to slip away from his dark past and establish himself as a reputable doctor and family man in the resort town of Baden-Baden. His story might have ended there, but for certain rare Germans who were unwilling to let Nazi war criminals go unpunished, among them a police investigator named Alfred Aedtner. After Heim fled on a tip that he was about to be arrested, Aedtner turned finding him into an overriding obsession. His quest took him across Europe and across decades, and into a close alliance with legendary Nazi hunter Simon Wiesenthal. The hunt for Heim became a powerful symbol of Germany's evolving attitude toward the sins of its past, which finally crested in a desire to see justice done at almost any cost. As late as 2009, the mystery of Heim's disappearance remained unsolved. Now, in *The Eternal Nazi*, Nicholas Kulish and Souad Mekhennet reveal for the first time how Aribert Heim evaded capture--living in a working-class neighborhood of Cairo, praying in Arabic, beloved by an adopted Muslim family--while inspiring a manhunt that outlived him by many years. It is a brilliant feat of historical detection that illuminates a nation's dramatic reckoning with the crimes of the Holocaust.

The Escape Artists

Traces the life of a concentration camp survivor who tracked down Nazi war criminals after the war and brought them to justice

Rose Under Fire

An eminent psychiatrist delves into the minds of Nazi leadership in "a fresh look at the nature of wickedness, and at our attempts to explain it" (Sir Simon Wessely, Royal College of Psychiatrists). When the ashes had settled after World War II and the Allies convened an international war crimes trial in Nuremberg, a psychiatrist, Douglas Kelley, and a psychologist, Gustave Gilbert, tried to fathom the psychology of the Nazi leaders, using extensive psychiatric interviews, IQ tests, and Rorschach

inkblot tests. The findings were so disconcerting that portions of the data were hidden away for decades and the research became a topic for vituperative disputes. Gilbert thought that the war criminals' malice stemmed from depraved psychopathology. Kelley viewed them as morally flawed, ordinary men who were creatures of their environment. Who was right? Drawing on his decades of experience as a psychiatrist and the dramatic advances within psychiatry, psychology, and neuroscience since Nuremberg, Joel E. Dimsdale looks anew at the findings and examines in detail four of the war criminals, Robert Ley, Hermann Göring, Julius Streicher, and Rudolf Hess. Using increasingly precise diagnostic tools, he discovers a remarkably broad spectrum of pathology. *Anatomy of Malice* takes us on a complex and troubling quest to make sense of the most extreme evil. "In this fascinating and compelling journey . . . a respected scientist who has long studied the Holocaust asks probing questions about the nature of malice. I could not put this book down."—Thomas N. Wise, MD, Johns Hopkins University School of Medicine "This harrowing tale and detective story asks whether the Nazi War Criminals were fundamentally like other people, or fundamentally different."—T.M. Luhrmann, author of *How God Becomes Real*

Pete the Kitty and the Case of the Hiccups

"Riveting and poignant . . . The Winter Fortress metamorphoses from engrossing history into a smashing thriller . . . Mr. Bascomb's research and, especially, his storytelling skills are first-rate."—The Wall Street Journal "Weaving together his typically intense research and a riveting narrative, Neal Bascomb's *The Winter Fortress* is a spellbinding piece of historical writing." — Martin Dugard, author of *Into Africa* and co-author of the *Killing* series In 1942, the Nazis were racing to complete the first atomic bomb. All they needed was a single, incredibly rare ingredient: heavy water, which was produced solely at Norway's Vemork plant. Under threat of death, Vemork's engineers pushed production into overdrive. If the Allies could not destroy the plant, they feared the Nazis would soon be in possession of the most dangerous weapon the world had ever seen. But how would the Allied forces reach the castle fortress, set on a precipitous gorge in one of the coldest, most inhospitable places on earth? Based on a trove of top-secret documents and never-before-seen diaries and letters of the saboteurs, *The Winter Fortress* is an arresting chronicle of a brilliant scientist, a band of spies on skis, perilous survival in the wild, Gestapo manhunts, and a last-minute operation that would alter the course of the war. "A taut and peerlessly told adventure story full of thrills, derring-do and heart-stopping tension." — Seattle Times "Told with both historical and scientific accuracy . . . this book has rocketed into my pantheon of the top suspense-filled stories about [World War II], along with *The 900 Days* and *The Colditz Story*." — Ethan Siegel, Forbes

Hitler Youth: Growing Up in Hitler's Shadow

A Newbery Honor Book author has written a powerful and gripping novel about a youth in Nazi Germany who tells the truth about Hitler.

Titanic: Voices From the Disaster

'You couldn't make these stories up: yet they're true, and Lewis does the memory of these extraordinary men full justice in a tale that is both heart-stopping and moving' Evening Standard 'Suicidal bravery, untold moral courage and awe-inspiring survival. An utterly compelling read' Bear Grylls From the bestselling author of true military classics ZERO SIX BRAVO, THE NAZI HUNTERS and CHURCHILL'S SECRET WARRIORS In the Spring of 1940, as Britain reeled from defeats on all fronts and America seemed frozen in isolation, one fear united the British and American leaders like no other: the Nazis had stolen a march on the Allies towards building the atomic bomb. So began the hunt for Hitler's nuclear weapons - nothing else came close in terms of priorities. It was to be the most secret war of those wars fought amongst the shadows. The highest stakes. The greatest odds. Prior to the outbreak of the war the massive German chemicals conglomerate I.G. Farben - the future manufacturers of Zyklon-B, the gas used in the Nazi concentration camps - had started producing bulk supplies of deuterium oxide - heavy water - at the remote Norwegian plant of Vemork. This was the central target of three separate missions - Operations GROUSE, FRESHMAN and GUNNERSIDE - over the ensuing four years. As Churchill commented: 'The actual facts in many cases were equal to the most fantastic inventions of romance and melodrama. Tangle with tangle, plot and counter-plot, ruse and treachery, cross and double-cross, true agent, false agent, double agent, gold and steel, the bomb, the dagger and the firing party were interwoven in a texture so intricate as to be incredible yet true.' Damien Lewis's new bestseller intercuts the hunt for the scientists, the raw materials and the plant, with the cloak and dagger intelligence game being played in the shadows. This relied in part on ENIGMA intercepts to guide the SOE's hand. Lewis delves into some of the most extraordinarily inventive and Machiavellian innovations at the SOE, and their related research and training schools, whereby the enemy were tricked, deceived, framed, blackmailed and double and triple-crossed, all in the name of stopping the Reich from getting the bomb.

The New Cool

A report on genius inventor Dean Kaman's FIRST program follows a team of brilliant, misfit high school students through the program's 2009 robotics competition, during which the teens confronted other hopefuls in stadiums throughout the country. Reprint.

The Wiesenthal File

Scheduled to coincide with the 100th anniversary of the tragic sinking of the TITANIC, a topic that continues to haunt and thrill readers to this day, this book by critically acclaimed author Deborah Hopkinson weaves together the voices and stories of real TITANIC survivors and witnesses to the disaster -- from the stewardess Violet Jessop to Captain Arthur Rostron of the CARPATHIA, who came to the rescue of the sinking ship. Packed with heartstopping action, devastating drama, fascinating historical details, loads of archival photographs on almost every page, and quotes from primary sources, this gripping story, which follows the TITANIC and its passengers from the ship's celebrated launch at Belfast to her cataclysmic icy end, is sure to thrill and move readers.

Agent Jack

2018 NATIONAL JEWISH BOOK AWARD BOOK OF THE YEAR In this dual autobiography, the Klarsfelds tell the dramatic story of fifty years devoted to bringing Nazis to justice For more than a century, Beate and Serge Klarsfeld have hunted, confronted, and exposed Nazi war criminals, tracking them down in places as far-flung as South America and the Middle East. It is they who uncovered the notorious torturer Klaus Barbie, known as “the Butcher of Lyon,” in Bolivia. It is they who outed Kurt Lischka as chief of the Gestapo in Paris, the man responsible for the largest deportation of French Jews. And it is they who, with the help of their son, Arno, brought the Vichy police chief Maurice Papon to justice. They were born on opposite sides of the Second World War. Beate’s father was in the Wehrmacht, while Serge’s father was deported to Auschwitz because he was a Jew. But when Serge and Beate met on the Paris metro, they instantly fell in love. They soon married and have since dedicated their lives to “hunting the truth”—both as world-famous Nazi hunters and as meticulous documenters of the fate of the innocent French Jewish children who were killed in the death camps. They have been jailed and targeted by letter bombs, and their car was even blown up. Yet nothing has daunted the Klarsfelds in their pursuit of justice. Beate made worldwide headlines at age twenty-nine by slapping the high-profile ex-Nazi propagandist Chancellor Kurt Georg Kiesinger and shouting “Nazi!” Serge intentionally provoked a neo-Nazi in a German beer hall by wearing an armband with a yellow star on it, so that the press would report on the assault. When Pope John Paul II met with Austria’s then-president, Kurt Waldheim, a former Wehrmacht officer in the Balkans suspected of war crimes, the Klarsfelds’ son, dressed as a Nazi officer, stood outside the Vatican. The Klarsfelds also dedicated themselves to defeating Jean-Marie Le Pen’s National Front and his daughter Marine Le Pen’s 2017 campaign for president in France. Brave, urgent, and buoyed by a remarkable love story, *Hunting the Truth* is not only the dramatic memoir of bringing Nazis to justice, it is also the inspiring story of an unrelenting battle against prejudice and hate.

1941: The Year Germany Lost the War

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Buzz Books 2020: Fall/Winter

This “fast-paced account” of WWI airmen who escaped Germany’s most notorious POW camp is “expertly narrated” by the New York Times bestselling author (Kirkus, starred review). During World War I, Allied soldiers might avoid death only to find themselves in the abominable conditions of Germany’s many prison camps. The most infamous was Holzminden, a land-locked Alcatraz that housed the most escape-prone officers. Its commandant was a boorish tyrant named Karl Niemeyer, who swore that none should ever leave. Desperate to break out of “Hellminden”, a group of Allied prisoners hatch an audacious escape plan that requires a risky feat of engineering as well as a bevy of disguises, forged documents, and fake walls—not to mention steely resolve and total secrecy. Once beyond the watchtowers and round-the-clock patrols, they are then faced with a 150-mile dash

through enemy-occupied territory toward free Holland. Drawing on never-before-seen memoirs and letters, historian Neal Bascomb “has unearthed a remarkable piece of hidden history, and told it perfectly. The story brims with adventure, suspense, daring, and heroism” (David Grann, New York Times bestselling author of Killers of the Flower Moon).

Simon Says: Nazi Hunter

"Describes the small group of men and women who sought out former Nazis all over the world after the Nuremberg trials, refusing to let their crimes be forgotten or allowing them to quietly live inconspicuous, normal lives."--NoveList.

The Good Assassin

Already acclaimed in England as "first-rate" (The Sunday Times); "a model of meticulous, courageous and path-breaking scholarship"(Literary Review); and "absorbing and thoroughly gripping... deserves a lasting place among histories of the war." (The Sunday Telegraph), *Hunting Evil* is the first complete and definitive account of how the Nazis escaped and were pursued and captured -- or managed to live long lives as fugitives. At the end of the Second World War, an estimated 30,000 Nazi war criminals fled from justice, including some of the highest ranking members of the Nazi Party. Many of them have names that resonate deeply in twentieth-century history -- Eichmann, Mengele, Martin Bormann, and Klaus Barbie -- not just for the monstrosity of their crimes, but also because of the shadowy nature of their post-war existence, holed up in the depths of Latin America, always one step ahead of their pursuers. Aided and abetted by prominent people throughout Europe, they hid in foreboding castles high in the Austrian alps, and were taken in by shady Argentine secret agents. The attempts to bring them to justice are no less dramatic, featuring vengeful Holocaust survivors, inept politicians, and daring plots to kidnap or assassinate the fugitives. In this exhaustively researched and compellingly written work of World War II history and investigative reporting, journalist and novelist Guy Walters gives a comprehensive account of one of the most shocking and important aspects of the war: how the most notorious Nazi war criminals escaped justice, how they were pursued, captured or able to remain free until their natural deaths and how the Nazis were assisted while they were on the run by "helpers" ranging from a Vatican bishop to a British camel doctor, and even members of Western intelligence services. Based on all new interviews with Nazi hunters and former Nazis and intelligence agents, travels along the actual escape routes, and archival research in Germany, Britain, the United States, Austria, and Italy, *Hunting Evil* authoritatively debunks much of what has previously been understood about Nazis and Nazi hunters in the post war era, including myths about the alleged "Spider" and "Odessa" escape networks and the surprising truth about the world's most legendary Nazi hunter Simon Wiesenthal. From its haunting chronicle of the monstrous mass murders the Nazis perpetrated and the murky details of their postwar existence to the challenges of hunting them down, *Hunting Evil* is a monumental work of nonfiction written with the pacing and intrigue of a thriller. From the Hardcover edition.

Anatomy of Malice

"The Ultimate Resistance Guidebook." — Bustle "This book will be a light in the darkness for some, and help guide them from despair."— Booklist An all-star collection of essays about activism and hope, edited by bestselling YA author Maureen Johnson. Now, more than ever, young people are motivated to make a difference in a world they're bound to inherit. They're ready to stand up and be heard - but with much to shout about, where do they begin? What can I do? How can I help? How I Resist is the response, and a way to start the conversation. To show readers that they are not helpless, and that anyone can be the change. A collection of essays, songs, illustrations, and interviews about activism and hope, How I Resist features an all-star group of contributors, including, John Paul Brammer, Libba Bray, Lauren Duca, Modern Family's Jesse Tyler Ferguson and his husband Justin Mikita, Alex Gino, Hebh Jamal, Malinda Lo, Dylan Marron, Hamilton star Javier Muñoz, Rosie O'Donnell, Junauda Petrus, Jodi Picoult, Jason Reynolds, Karuna Riazi, Maya Rupert, Dana Schwartz, Dan Sinker, Ali Stroker, Jonny Sun (aka @jonnysun), Sabaa Tahir, Shaina Taub, Daniel Watts, Jennifer Weiner, Jacqueline Woodson, and more, all edited and compiled by New York Times bestselling author Maureen Johnson. In How I Resist, readers will find hope and support through voices that are at turns personal, funny, irreverent, and instructive. Not just for a young adult audience, this incredibly impactful collection will appeal to readers of all ages who are feeling adrift and looking for guidance. How I Resist is the kind of book people will be discussing for years to come and a staple on bookshelves for generations.

The Boy Who Dared

Buzz Books 2020 presents passionate readers with an insider's look at 30 of the buzziest books due out this fall season. Our "digital convention" features such major bestselling authors as Ken Follett, Matt Haig, Jonathan Lethem, and Sue Miller. Other sure-to-be popular titles are by Rumaan Alam, J'nell Ciesielski, Vendela Vida, and Bryan Washington. Buzz Books has had a particularly stellar track record with highlighting the most talented, exciting debut authors. Simon Stephenson's novel about a humanlike bot has already been optioned for film, while Finnish sensation Max Seeck's thriller is due out as a television series. Robert Jones Jr.'s *The Prophets* and Richard Osman's *The Thursday Murder Club* were both sold at auction. Our nonfiction selections include an inspirational World War II story, *Three Ordinary Girls: The Remarkable Story Of Hannie Schaft And The Oversteegen Sisters*, *Teenaged Saboteurs And Nazi Assassins* by Tim Brady); a true crime read, *We Keep the Dead Close* by Becky Cooper; and the incisive *Can't Even: How Millennials Became The Burnout Generation* by BuzzFeed columnist Anne Helen Petersen. Finally, we present early looks at new work from up-and-coming young adult authors: Alexandra Bracken, Caroline George, and Cole Nagamatsu. And be sure to download *Buzz Books 2020: Romance*, also available now.

Red Mutiny

'A humbling, inspiring account of some of the real founders of modern day Special Forces soldiering' Bear Grylls Praise for Sunday Times No.1 bestselling author Damien Lewis' SAS mission series: 'One of the great untold stories of WWII' - Bear Grylls on SAS Ghost Patrol 'A tale of bravery against desperate odds' - Sunday Times on Churchill's Secret Warriors 'True adventures laced with staggering

bravery and sacrifice' - Sun on Hunting the Nazi Bomb SAS Nazi Hunters is the incredible, hitherto untold story of the most secret chapter in the SAS's history. Officially, the world's most elite special forces unit was dissolved at the end of the Second World War, and not reactivated until the 1950s. Among their last actions was a disastrous commando raid into occupied France in 1944, which ended in the capture, torture and execution of 31 soldiers. It can now be revealed that the SAS never was dissolved: it lived on, commanded personally by Churchill and hidden even from the British government. They were tasked with hunting through the ruins of the Reich for the SS commanders responsible for the murder of their comrades, including many who had escaped the failed justice of the Nuremberg trials. Along the way, they discovered before anyone else the full horror of Hitler's regime, and the growing threat from Stalin's Russia. Still studied by the SAS today and a central part of their founding myth, the story of the Nazi hunters is now told by bestselling author Damien Lewis.

Faster

Hunting Eichmann is the first complete narrative of a relentless and harrowing international manhunt. When the Allies stormed Berlin in the last days of the Third Reich, Adolf Eichmann shed his SS uniform and vanished. Following his escape from two American POW camps, his retreat into the mountains and out of Europe, and his path to an anonymous life in Buenos Aires, his pursuers are a bulldog West German prosecutor, a blind Argentinean Jew and his beautiful daughter, and a budding, ragtag spy agency called the Mossad, whose operatives have their own scores to settle (and whose rare surveillance photographs are published here for the first time). The capture of Eichmann and the efforts by Israeli agents to secret him out of Argentina to stand trial is the stunning conclusion to this thrilling historical account, told with the kind of pulse-pounding detail that rivals anything you'd find in great spy fiction.

Ask the Passengers

"[A] superb history. In these thrilling, highly readable pages, we meet Rasputin, the shaggy, lecherous mystic; we visit the gilded ballrooms of the doomed aristocracy; and we pause in the sickroom of little Alexei, the hemophiliac heir who, with his parents and four sisters, would be murdered by the Bolsheviks in 1918." —The Wall Street Journal Here is the tumultuous, heartrending, true story of the Romanovs—at once an intimate portrait of Russia's last royal family and a gripping account of its undoing. Using captivating photos and compelling first person accounts, award-winning author Candace Fleming (*Amelia Lost*; *The Lincolns*) deftly maneuvers between the imperial family's extravagant lives and the plight of Russia's poor masses, making this an utterly mesmerizing read as well as a perfect resource for meeting Common Core standards. "An exhilarating narrative history of a doomed and clueless family and empire." —Jim Murphy, author of *Newbery Honor Books An American Plague* and *The Great Fire* "For readers who regard history as dull, Fleming's extraordinary book is proof positive that, on the contrary, it is endlessly fascinating, absorbing as any novel, and the stuff of an altogether memorable reading experience." —Booklist, Starred "Marrying the intimate family portrait of Heiligman's *Charles and Emma* with the politics and intrigue of Sheinkin's *Bomb*, Fleming has outdone herself with this riveting work of narrative

nonfiction that appeals to the imagination as much as the intellect." —The Horn Book, Starred Winner of the Los Angeles Times Book Prize for Young Adult Literature Winner of the Boston Globe–Horn Book Award for Nonfiction A Robert F. Sibert Honor Book A YALSA Excellence in Nonfiction Award Finalist Winner of the Orbis Pictus Award for Outstanding Nonfiction From the Hardcover edition.

The Boys Who Challenged Hitler

A true crime thriller -- the first book for teens to tell the nearly unknown tale of the brazen attempt to steal Abraham Lincoln's body! The action begins in October of 1875, as Secret Service agents raid the Fulton, Illinois, workshop of master counterfeiter Ben Boyd. Soon after Boyd is hauled off to prison, members of his counterfeiting ring gather in the back room of a smoky Chicago saloon to discuss how to spring their ringleader. Their plan: grab Lincoln's body from its Springfield tomb, stash it in the sand dunes near Lake Michigan, and demand, as a ransom, the release of Ben Boyd --and \$200,000 in cash. From here, the action alternates between the conspirators, the Secret Service agents on their trail, and the undercover agent moving back and forth between the two groups. Along the way readers get glimpses into the inner workings of counterfeiting, grave robbing, detective work, and the early days of the Secret Service. The plot moves toward a wild climax as robbers and lawmen converge at Lincoln's tomb on election night: November 7, 1876.

Jim Henson

Rose Justice is a young pilot with the Air Transport Auxiliary during the Second World War. On her way back from a semi-secret flight in the waning days of the war, Rose is captured by the Germans and ends up in Ravensbrück, the notorious Nazi women's concentration camp. There, she meets an unforgettable group of women, including a once glamorous and celebrated French detective novelist whose Jewish husband and three young sons have been killed; a resilient young girl who was a human guinea pig for Nazi doctors trying to learn how to treat German war wounds; and a *Nachthexen*, or Night Witch, a female fighter pilot and military ace for the Soviet air force. These damaged women must bond together to help each other survive. In this companion volume to the critically acclaimed novel *Code Name Verity*, Elizabeth Wein continues to explore themes of friendship and loyalty, right and wrong, and unwavering bravery in the face of indescribable evil.

Hunting Evil

A quirky collection of stories about teens in lust and in love. From the first stirrings of same-sex desire to paternity questions around a teen pregnancy, *101 Ways to Dance* reflects the spectrum of teen sexuality from the sweet to the scary.

The Professors

The remarkable story of Fred Mayer, a German-born Jew who escaped Nazi Germany only to return as an American commando on a secret mission behind enemy lines. Growing up in Germany, Freddy Mayer witnessed the Nazis' rise to

power. When he was sixteen, his family made the decision to flee to the United States—they were among the last German Jews to escape, in 1938. In America, Freddy tried enlisting the day after Pearl Harbor, only to be rejected as an “enemy alien” because he was German. He was soon recruited to the OSS, the country’s first spy outfit before the CIA. Freddy, joined by Dutch Jewish refugee Hans Wynberg and Nazi defector Franz Weber, parachuted into Austria as the leader of Operation Greenup, meant to deter Hitler’s last stand. He posed as a Nazi officer and a French POW for months, dispatching reports to the OSS via Hans, holed up with a radio in a nearby attic. The reports contained a goldmine of information, provided key intelligence about the Battle of the Bulge, and allowed the Allies to bomb twenty Nazi trains. On the verge of the Allied victory, Freddy was captured by the Gestapo and tortured and waterboarded for days. Remarkably, he persuaded the Nazi commander for the region to surrender, completing one of the most successful OSS missions of the war. Based on years of research and interviews with Mayer himself, whom the author was able to meet only months before his death at the age of ninety-four, *Return to the Reich* is an eye-opening, unforgettable narrative of World War II heroism.

Lincoln's Grave Robbers

Chronicles the life of Jim Henson, describing how he pushed the boundaries of entertainment and brought the art of puppets to a new level with the creation of his Muppets.
