The Oxford Advanced Learner's English-Chinese Dictionary

Oxford Advanced Learner's Dictionary, 8th Edition International Student's Edition with CD-ROM and Oxford iWriter (only available in certain markets)

Produced by Oxford's American Dictionaries Program, and drawing on the expertise of scores of American scholars and advisors, The New Oxford American Dictionary sets the standard of excellence for lexicography in this country. Here is the most accurate and richly descriptive picture of American English ever offered in any dictionary. Oxford's American editors drew on our 200-million-word databank of contemporary North American English, plus the unrivaled citation files of the world-renowned Oxford English Dictionary. We started with American evidence--an unparalleled resource unique to Oxford. Our staff logged more than 50 editor-years, checking every entry and every definition. Oxford's ongoing North American Reading Program, begun in the early 1980s, keeps our lexicographers in touch with

fresh evidence of our language and usage--in novels and newspapers, in public records and magazines, and on-line, too. To provide unprecedented clarity, the entries are organized around core meanings, reflecting the way people think about words and eliminating the clutter and confusion of a traditional dictionary entry. Each entry plainly shows the major meaning or meanings of the word, plus any related senses, arranged in intuitive constellations of connected meanings. Definitions are supplemented by illustrative, in-context examples of actual usage. This major new edition of The New Oxford American Dictionary includes a guide to the pronunciations on every page, a new etymology essay by Anatoly Liberman, completely updated and revised maps, and more than a thousand new entries, covering everything new in our language from low-carb to warblog and beyond. The New Oxford American Dictionary is designed to serve the user clearly, simply, and quickly, with the precise guidance you expect from Oxford University Press. With in-depth and up-to-date coverage that all users need and expect--for reading and study, for technical terms, for language guidance--it continues the tradition of scholarship and lexicographic excellence that are the hallmarks of every Oxford dictionary. Web Site A companion web site is now available at www.oup.com/us/noad.

This Mandarin picture dictionary covers the 1000 most useful Mandarin Chinese words and sentences. Each word and sentence is given in Chinese characters with Hanyu Pinyin pronunciation and English definition. The words are grouped into 37 themes or topics. Each theme has 25 to 35 words and 5 to 8 sentences and is richly illustrated with color photographs. Online audio recordings by native Mandarin speakers of all the vocabulary and sentences comes free with the ebook. A brief introduction to Chinese pronunciation and tones is included, and indexes at the back allow you to quickly look up any of the words or characters in the book. Since this dictionary covers all the words for the AP Chinese Language and Culture Exam as well as the Chinese HSK Levels 1 & 2, it is an ideal test prep resource for a visual learner.

Oxford Advanced Learner's Dictionary of Current English

This volume provides concise, authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products. Leading scholars and professional lexicographers, from all over the world and representing all the main traditions and perspectives, assess the state of the art in every aspect of research and practice. The book is divided into four parts, reflecting the main types of lexicography. Part I looks at synchronic dictionaries - those for the general public, monolingual dictionaries for second-language learners, and bilingual dictionaries. Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively, while chapters in Part IV examine specific topics such as description and prescription; the representation of pronunciation; and the practicalities of dictionary production. The book ends with a chronology of the

major events in the history of lexicography. It will be a valuable resource for students, scholars, and practitioners in the field.

Advanced english course

Seminar paper from the year 1998 in the subject English Language and Literature Studies - Linguistics, grade: 1 (A), University of Zurich (English Seminar), course: Lexicography, 18 entries in the bibliography, language: English, abstract: In this paper, 80 lexicographic definitions from the Oxford Advanced Learner's Dictionary are classified and evaluated, the basic question being the following: are similar words defined in similar ways? The words are classified according to part of speech, concreteness and word frequency, and eight different ways to define a word are considered. The study confirms that concreteness and part of speech have a considerable impact on the way a particular word is defined in the ALD.
