Borgia's Daughter

Welcome to Pip Street! The very ordinary place where extraordinary things happen. Full of quirky black-and-white illustrations throughout, as well as fun activity sheets at the back. Can crumpets be cool? When Bobby's dad becomes the manager of the local crumpet factory, Bobby thinks his moving worries are at last over. He likes it here on Pip Street, especially now he has found a new best friend in fizzy Imelda from next door. Except crumpets are boring! And no one is buying them. Unless someone (and I bet it'll have to be Bobby) comes up with a fantabulous plan to make crumpets more interesting, Bobby's dad might lose his job and that means uh-oh moving again. And who's that even newer boy across the street acting like he's better than everyone else, and making eyes at Imelda and trying to be her best friend instead? Looks like there's a crumpety calamity on Pip Street! Keep your eyes peeled for more PIP STREET adventures: A WHISKERY MYSTERY (9781407132815) "Utterly charming and delightful" Mel Giedroyc

Yamaha YFS200 Blaster ATV

"Simple text and full-color photos illustrate facts about the rules, equipment, and records of baseball"--Provided by publisher.

Dare To Be 100

Abu Dhabi Residents Guide

Death of a Paladin

An understandable introduction to the theory of structural stability, useful for a wide variety of engineering disciplines, including mechanical, civil and aerospace.

Sam Is Born

Now with a Spanish component, this is the one and only multimedia program that integrates actual heart sounds with dynamic images of both normal and diseased

hearts. Includes ultrasound and X-ray motion picture images, graphic hemodynamic recordings, animated diagrams, gross pathology, and text to help physicians and other health professionals better recognize classical heart sounds and murmurs. You will be truly amazed at how these difficult-to-visualize concepts become suddenly clear while you watch, listen and learn. Windows / Macintosh / Network Compatible

101 Facts Steve Jobs: 101 Facts about Steve Jobs You Probably Never Knew

The book provides the essential features necessary to understand and apply the mathematical-mechanical characteristics and tools for vehicle dynamics including control mechanism. An introduction to passenger car modeling of different complexities provides the basics for the dynamical behavior and presents vehicle models later used for the application of control strategies. The presented modeling of the tire behavior, also for transient changes of the contact patch properties, shows the necessary mathematical descriptions used for the simulation of the vehicle dynamics. The introduction to control for cars and its extension to complex applications using e.g. observers and state estimators is a main part of the book. Finally the formulation of proper multibody codes for the simulation leads to the integration of all parts. Examples of simulations and corresponding test verifications show the profit of such a theoretical support for the investigation of the dynamics of passenger cars.

Handbook of Transportation Engineering

In 1917, while the world is at war, Alma and her children are living in a sleep-out at the back of Mrs Lovett's house in working-class Footscray. When Alma falls pregnant, her daughter Molly is born in secret. As Molly grows up, there is a man who sometimes follows her on her way to school. Anna meets Neil in 1952 at her parents' shack at Cockatoo. She later enters a Salvation Army home for unmarried mothers, but is determined to keep her baby. Fitzroy, 1975. Student life. Things are different now, aren't they? Cathy and David are living together, determined not to get married. Against the background of the tumultuous events of the sacking of the Whitlam government, a new chapter is added to the family's story. The Mothers is a book about secrets. It interweaves the intimate lives of three generations of Australian women who learn that it's the stories we can't tell that continue to shape us and make us who we are. Rod Jones's first novel, Julia Paradise (1986), won the fiction award at the 1988 Adelaide Festival, was shortlisted for the Miles Franklin Award and was runner-up for the Prix Femina Étranger. It has been translated into ten languages and is now available as a Text Classic. His four other novels, Prince of the Lilies, Billy Sunday, Nightpictures, and Swan Bay, have all either won or been shortlisted for major literary awards. Rod Jones lives near Melbourne. The Mothers is his most recent novel. 'Rod Jones' The Mothers is beautifully written and deeply poignant. One of the most satisfying Australian novels I've read in years.' Alex Miller 'I was captivated by the humanity and heart of the characters. Rod Jones has created a vivid and compelling world and I cared about everyone in it.' Toni Jordan 'With depth and insight, Jones explores maternal-filial love.' Books & Publishing 'Quietly moving if you like Colm

Toibín's work, I'm sure you will love this book. The Mothers is a terrific achievement for Jones.' Readings 'This is a big-hearted novel, and it is an affecting tribute to generations of Australian mothers who have been unjustly treated.' Saturday Paper '[The Mothers] gives us a rich panoply of characters, places, and issues. The overall effect is rather like that of looking through a box of faded photographs, turning each one in the light, hearing something of their story, bringing lost faces and eras to life.' Australian Book Review 'Big-hearted and ambitious work, combining social history set in Melbourne suburbs not yet gentrified, with personal stories of birth, shame and identity.' Booktopia Buzz 'Jones has done something unexpected. He has uncovered a magnanimity and generosity of spirit that has not been seen in his novels before now. It has more depth and a weight that feels far more like the authentic quick of life.' Age/SMH/Brisbane Times 'You will feel this novel in the depths of your being. Jones does not hold back from portraying the suffering and loneliness of these poor women on whom society turned its collective back. It's an eye-opener for those of us fortunate enough to be born post-1970.' Good Reading 'A social history that interrogates motherhood and mothering in a way that I haven't come across before.' ANZ LitLovers '[Jones] writes with depth and understanding of the joys and angst of taking the plunge into motherhood. It is sad and heart-wrenching at times. Yet, it is beautifully written and while the angst felt for the characters is all too real, their stories are masterfully told.' Weekly Times

Ranger Handbook (Large Format Edition)

Sam is born in the hospital. Watch his parents and grandparents interact with the new addition to their family. After a short time in the hospital Sam is able to go home.

The Car Design Yearbook 1

Looks at concept and production automobiles launched worldwide each year.

Rescued by Her Mr. Right

This is a comprehensive, problem-solving engineering guide on the strategic planning, development, and maintenance of public and private transportation systems. Covering all modes of transportation on land, air, and water, the Handbook shows how to solve specific problems, such as facility improvement, cost reduction, or operations optimization at local, regional, national, and international levels. * Extensive sections on road construction and maintenance, bridge construction and repair, and mass transit systems * Examines airline traffic control systems, airline schedule planning, and airline ground operation * Covers marine, rail, and freight transportation

My Friend's a Gris-Quok!

ICMJE editors and other journal editors require registration of clinical trial information on publicly available Web sites before enrollment of study subjects. Not only does this book discuss the genesis of these requirements, it also provides

practical information for researchers and sponsors on how to establish a workflow for a clinical registry project, how to file to a registry, and how to post results.

The Mothers

Offers advice to the elderly for maintaining physical and mental health and extending life expectancy while preserving a high level of personal satisfaction

Toyota Corolla

Why are books so very powerful? What do the books we've read over our lives—our own personal libraries—make of us? What does the unraveling of our tradition of public libraries, so hard-won but now in jeopardy, say about us? The stories in Ali Smith's new collection are about what we do with books and what they do with us: how they travel with us; how they shock us, change us, challenge us, banish time while making us older, wiser and ageless all at once; how they remind us to pay attention to the world we make. Woven between the stories are conversations with writers and readers reflecting on the essential role that libraries have played in their lives. At a time when public libraries around the world face threats of cuts and closures, this collection stands as a work of literary activism—and as a wonderful read from one of our finest authors.

The Crazy Crumpet Kerfuffle

Illiana and Marym Porsia have been hunted all their lives. On the run from a malevolent cultic order known as the Arcani, the sisters stay hidden in a traveling merchant caravan never remaining in one place for very long. Hope of secrecy disappears, however, once Thessyls is invaded by creatures out of legend, led by invincible demons known as the Nightmare. Caught amidst warring armies, they must find a way to survive even as they are hunted by old enemies. As empires crumble and faith falters a glimmer of hope is sparked when Illiana inexplicably fights off and defeats one of the demon Nightmare. That hope comes with a cost, for the darkness that was the Nightmare clings to Illiana, threatening to consume her. Drawn into a world of enigmatic secret societies and powerful nations that seek to use Illiana as a weapon against Vaelceri, they must grapple not only with a world intent on exploiting them, but with their own mysterious past. In the end, it may be those they have placed their faith in who are the most dangerous threat of all. This is the first book in the epic fantasy series, Sorrow's Rest.

Physiological Origins of Heart Sounds and Murmurs

Infamy is no accident. It is a poison in our blood. It is the price of being a Borgia. Glamorous and predatory, the Borgias became Italy's most ruthless and powerful family, electrifying and terrorizing their 15th-century Renaissance world. To this day, Lucrezia Borgia, the Pope's beautiful daughter, is known as one of history's most notorious villainesses, accused of incest and luring men to doom with her arsenal of poison. Was she the heartless seductress of legend? Or was she an unsuspecting pawn in a familial web, forced to choose between loyalty and her own survival? From her pampered childhood in the palaces of Rome to her ill-fated,

scandalous marriages and complex relationship with her adored father and her brothers, this is the dramatic, untold story of a papal princess whose courage led her to overcome the fate imposed on her by her Borgia blood.

The Unofficial Guide to Adventure Travel in Alaska

The history of the American Ranger is a long and colorful saga of courage, daring, and outstanding leadership. It is a story of men whose skills in the art of fighting have seldom been surpassed. The United States Army Rangers are an elite military formation that has existed, in some form or another, since the American Revolution. A group of highly-trained and well-organized soldiers, US Army Rangers must be prepared to handle any number of dangerous, life-threatening situations at a moment's notice-and they must do so calmly and decisively. This is their handbook. Packed with down-to-earth, practical information, The Ranger Handbook contains chapters on Ranger leadership, battle drills, survival, and first aid, as well as sections on military mountaineering, aviation, waterborne missions, demolition, reconnaissance and communications. If you want to be prepared for anything, this is the book for you. Fundamentals of Structural Stability

Dancing in the best man's arms... ..is her biggest risk of all! In this Bondi Bay Heroes story, injured nurse Harriet Collins agrees to let hunky paramedic Jack Evans get her fighting fit and back on the Specialist Disaster Response team. After all, it's purely platonic, right? Plus she's already nursing a broken heart. But when she's the bridesmaid and Jack's the best man at their teammates' wedding, Harriet wonders if it could be more...

Vehicle Dynamics of Modern Passenger Cars

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an

easy to use index.

Cool Baseball Facts

After Reading this, your view on Steve Jobs will never be the Same Again! 101 Shocking and Amazing Facts about Steve Jobs that will leave you Saying Whaaaaaaaaaaaaa?! Spend a little time this year-end holiday to unravel this collection of 101 Facts about the late Steve Jobs and Discover some new & shocking facts about Steve. This could help you start an interesting conversation with Anyone! CLICK to LOOK INSIDE! and see some of the facts for yourself.Download it Now!
