Pollution Abstracts

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect with ancillaries.

Labor Relations Reference Manual

Government reports annual index

Indexes material from conference proceedings and hard-to-find documents, in addition to journal articles. Over 1,000 journals are indexed and literature published from 1981 to the present is covered. Topics in pollution and its management are extensively covered from the standpoints of atmosphere, emissions, mathematical models, effects on people and animals, and environmental action. Major areas of coverage include: air pollution, marine pollution, freshwater pollution, sewage and wastewater treatment, waste management, land pollution, toxicology and health, noise, and radiation.

Manual of Liver Surgery

Wong's Clinical Manual of Pediatric Nursing

"Written especially for the opal collector and gemmology student, as well as for the opal miner or visitor to the opal fields, this bokk names every recorded opal deposit in Australia and pinpoints every location on concise geological maps. The text claifies in understandable terms the many mioneralogical, gemmological, and commercial complexities of the opal gemstone and explains the scientific factors involved in opal formation." - book jacket.

The Scientist

Manual of Methods for General Bacteriology

Scientific Apparatus and Reagents

As research in liver disease has greatly expanded over the past few decades the etiology, pathology, and natural history of many hepatic disorders have been clearly defined. Many new and accurate diagnostic tools are now available. In spite of all this progress the treatment of many liver diseases remains ameliorative. Nevertheless a more aggressive and successful surgical approach has taken place in regard to many diseases of the liver in part due to the pioneering work of Dr. William P. Longmire, Jr. and his colleagues. Dr. Longmire was among the early advocates of liver resection of neoplasms, successfully remov ing a large benign tumor of the liver in 1946. In the following decades his contributions covered the surgical treatment of trauma, tumors, cysts, and other congenital abnormalities. He has performed hundreds of operations on patients with these disorders. In 1948 he reported a procedure now named for him, in which intractable common duct

obstruction was relieved by partial left hepatectomy and cholan giojejunostomy. He was one of the first to advocate side-to-side portacaval shunt for portal hypertension. Other essential contributions by this master surgeon were the periodic reviews that covered the advances in his field. Dr. Longmire, with his scholarly approach and broad background of knowl edge in all aspects of hepatic surgery, is exceptionally qualified to write this book. He and his colleague, Dr. Ronald K. Tompkins, are to be congratulated on this complete treatise.

A Laboratory Manual of Analytical Methods of Protein Chemistry

The popular science monthly

This handbook is designed to provide the student and practicing nurse with a portable, convenient, and concise guide to the care of children, including assessment, health promotion, and care during illness, hospitalization, and at home.

Manual of Surgical Therapeutics

Code of Federal Regulations

Federal Procedural Forms, Lawyers Edition

British Columbia Lumberman

A Laboratory Manual of Analytical Methods of Protein Chemistry (including Polypeptides)

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

Canadian Forest Industries

Journal of Fermentation and Bioengineering

The Journal of Cell Biology

A textbook for the technician. Langley provides a solid grounding in principles upon which to build intelligent practice. This is a revision of Refrigeration and air

conditioning, 3d ed., 1986. Annotation copyrighted by Book News, Inc., Portland, OR

Clinical Manual of Pediatric Nursing

Nuclear Science Abstracts

Chemical Engineering Equipment Buyers' Guide

No. 2, pt. 2 of November issue each year from v. 19 (1963)-47 (1970) and v. 55 (1972)- contain the Abstracts of papers presented at the Annual Meeting of the American Society for Cell Biology, 3d (1963)-10th (1970) and 12th (1972)-

A Field Guide to Australian Opals

One of the most authoritative works in bacterial taxonomy, this resource has been extensively revised. This five volume second edition has been reorganized along phylogenetic lines to reflect the current state of prokaryotic taxonomy. In addition to the detailed treatments provided for all of the validly named and well-known species of prokaryotes, this edition includes new ecological information and more extensive introductory chapters.

The Code of Federal Regulations of the United States of America

Wong provides students and practicing nurses with a portable, convenient, concise guide to the assessment of children, health promotion and care during illness, hospitalization and home. Including virtually all aspects of health care for children, this book addresses acute care, nursing care plans, health maintenance, assessment, and home and community care. 12/99.

Bergey's Manual of Systematic Bacteriology

Contents: Laboratory Computers & Automation; Chromatography--Gas, High Performance, Liquid, and Planar; Spectrophotometry--Ultraviolet-Visible, Fluorescence & Phosphorescence; Spectroscopy--Infrared, and Raman; Flame Spectrophotometric Methods; Flame Emission Spectroscopy with Plasma & Electrical Discharges; X-Ray Methods; Radiochemical Methods; Nuclear Magnetic Resonance Spectroscopy; Mass Spectrometry; Intro. to Electrochemical Methods; Measurement of pH; Potentiometry; Voltammetric Methods; Electroseparation, Coulometry and Conductance Methods; Analysis--Thermal & Automated; Determination of Physical Properties; Preliminary Operations of Analysis; Moisture & Drying; Extraction Methods; Distillation Methods; Filtration; Gases; Balance; Misc. Lab Info.; Pressure & Vacuum; and more. 288 charts, tables, photos and line illustrations.
