Describes Diaz's daring undercover effort to stop New York City kingpin Leroy "Nicky" Barnes, describing his infiltration of the dangerous drug operation and sharing details from other front-page cases.

The Devil All the Time

I was profoundly touched by evil at the dawn of my life and have been haunted by the experience throughout most of my life. My mother was poisoned before my eyes at about age four; I grew up on that that fateful day and became aware of myself. I was touched by evil and the wickedness of man against man at the dawn of my life. She died an agonizing and horrible death. The room I shared with her smelled like rotten flesh or putrefied meat before her death. But the last time I saw her on earth she looked radiant and was miraculously transformed when I saw her seated in the village square for public viewing. She was at peace, the lines and marks of pain and anguish etched on her face as she lay dying were smoothed out. Her countenance was peaceful devoid of the expressions of agony and pains the hallmark of the last three to four months of her life. She was beautiful in death than during the last months of her life; death gave her peace. I did not know it but I was affected or influenced by the events of my mother's last days on earth. I do not fear death and whenever I came close to death I was more concerned about the inconvenience my death would have imposed on others than fear for my life. Death is not a bogey man. About a year after her death I encountered malicious spirits in the bush. I did not know the spirits were not human but I was apprehensive and fearful at the sight of little people under the fruit tree on which I sat. The spirits chased me from the bush to the village; during the chase the earth opened up and swallowed me for my protection. And not to be

outdone the spirits followed me into the bowels of the earth. That was the second time in my young life that I was touched by evil of a different kind; I nearly died from the encounter with the malicious spirits. I was reunited with a father I did not know I had before my mother's death. But about three years after I was reunited with him he walked out on my new family; my stepmother and her children. Thus by age seven or eight I had gone through two broken homes. First, my mother walked out on my father when I was a baby and second my father walked out on my new mother and half siblings. For most of my life I was haunted by forces of darkness, malevolent spirits and scary nightmares from time to time. Scary and haunting nightmares led me to discover the power of prayer very early in life. I started praying before going to bed when I was in class three and the nightly nightmares ceased until I was a young adult and went to St. John Bosco's College. I discovered alcohol and began ignoring and skipping my nightly prayers or prayed haphazardly without heart and the nightmares came back. I was hospitalized about five times in one year from the effects of a nightmare and vision when I was a student at the University of Science & Technology, Kumasi Divided by Faith United by Love My father was a tolerant Muslim; he did not foist his faith on the rest of the family. My stepmother followed no particular faith or organized religion until the last days of her life. She was animist; she worshipped our ancestral spirits and deities. I became a Catholic or Christian by virtue of education, my father made no attempt to convert me to Islam. The family while together was united by love not by faith; each member followed his/her own faith. I could not

reconcile my new faith with my parents and realized that but for love we would not have known peace in our family. We are divided by faith but united by love that was the experience from my upbringing. My lack of blind faith is influenced by my upbringing. Man as God and Satan. I understand the meaning of some popular bible passages different from most because of my experience of the forces of darkness, my struggle in life against evil, witchcraft and malicious spirits. I understand the true meaning of the passage in Luke 17-20-21 -----For indeed the kingdom of God is within you . And the adm

The Devil in France - My Encounter with Him in the Summer of 1940

I first read Mikhail Bulgakov's *The Master and Margarita* on a balcony of the Hotel Metropole in Saigon on three summer evenings in 1971. The tropical air was heavy and full of the smells of cordite and motorcycle exhaust and rotting fish and wood-fire stoves, and the horizon flared ambiguously, perhaps from heat lightning, perhaps from bombs. Later each night, as was my custom, I would wander out into the steamy back alleys of the city, where no one ever seemed to sleep, and crouch in doorways with the people and listen to the stories of their culture and their ancestors and their ongoing lives. Bulgakov taught me to hear something in those stories that I had not yet clearly heard. One could call it, in terms

that would soon thereafter gain wide currency, "magical realism". The deadpan mix of the fantastic and the realistic was at the heart of the Vietnamese mythos. It is at the heart of the present zeitgeist. And it was not invented by Gabriel Garcia Marquez, as wonderful as his *One Hundred Years of Solitude* is. Garcia Marquez's landmark work of magical realism was predated by nearly three decades by Bulgakov's brilliant masterpiece of a novel. That summer in Saigon a vodka-swilling, talking black cat, a coven of beautiful naked witches, Pontius Pilate, and a whole cast of benighted writers of Stalinist Moscow and Satan himself all took up permanent residence in my creative unconscious. Their presence, perhaps more than anything else from the realm of literature, has helped shape the work I am most proud of. I'm often asked for a list of favorite authors. Here is my advice. Read Bulgakov. Look around you at the new century. He will show you things you need to see.

Roth, Eddie Van Halen, and the legendary band that changed rock music. Van Halen's rise in the 1980s was one of the most thrilling the music world had ever seen—their mythos an epic party, a sweaty, sexy, never-ending rock extravaganza. During this unparalleled run of success, debauchery, and drama, no one was closer to the band than Noel Monk. A man who'd worked with some of rock's biggest and most notorious names, Monk spent seven years with Van Halen, serving first as their tour manger then as their personal manager until 1985, when both he and David Lee Roth exited as controversy, backstabbing, and disappointment consumed the band. Throughout Van Halen's meteoric rise and abrupt halt, this confidant, fixer, friend, and promoter saw it all and lived to tell. Now, for the first time, he shares the most outrageous escapades—from their coming of age to their most shocking behavior on the road; from Eddie's courtship and high profile wedding to Valerie Bertinelli to the incredible drug use which would ultimately lead to everyone's demise. Sharing never-before-told stories, Monk paints a compelling portrait of Eddie Van Halen, bringing into focus the unique combination of talent, vision, hardship, and naiveté that shaped one of the greatest rock guitarists of all time—and made him and his brother vulnerable to the trappings and failings of fame. Illustrated with dozens of rare photographs from Monk's vaults, *Runnin' with the Devil* is manna from rock heaven no Van Halen fan can miss.

Capturing the Devil

“The most comprehensive and comprehensible history of the West Virginia Coal War I’ve ever read” (John Sayles, writer and director of *Matewan*). On September 1, 1912, the largest, most protracted, and deadliest working class uprising in American history was waged in West Virginia. On one side were powerful corporations whose millions bought armed guards and political influence. On the other side were fifty thousand mine workers, the nation’s largest labor union, and the legendary “miners’ angel,” Mother Jones. The fight for unionization and civil rights sparked a political crisis that verged on civil war, stretching from the creeks and hollows of the Appalachians to the US Senate. Attempts to unionize were met with stiff resistance. Fundamental rights were bent then broken, and the violence evolved from bloody skirmishes to open armed conflict, as an army of more than fifty thousand miners finally marched to an explosive showdown. Extensively researched and vividly told, this definitive book about an essential chapter in the history of American freedom, “gives this backwoods struggle between capital and labor the due it deserves. [Green] tells a dark, often despairing story from a century ago that rings true today” (Pittsburgh Post-Gazette).

On the tenth anniversary of the date that UN

peacekeepers landed in Rwanda, Random House Canada is proud to publish the unforgettable first-hand account of the genocide by the man who led the UN mission. Digging deep into shattering memories, General Dallaire has written a powerful story of betrayal, naïveté, racism and international politics. His message is simple and undeniable: "Never again." When Lt-Gen. Roméo Dallaire received the call to serve as force commander of the UN intervention in Rwanda in 1993, he thought he was heading off on a modest and straightforward peacekeeping mission. Thirteen months later he flew home from Africa, broken, disillusioned and suicidal, having witnessed the slaughter of 800,000 Rwandans in only a hundred days. In *Shake Hands with the Devil*, he takes the reader with him on a return voyage into the hell of Rwanda, vividly recreating the events the international community turned its back on. This book is an unsparing eyewitness account of the failure by humanity to stop the genocide, despite timely warnings. Woven through the story of this disastrous mission is Dallaire's own journey from confident Cold Warrior, to devastated UN commander, to retired general engaged in a painful struggle to find a measure of peace, reconciliation and hope. This book is General Dallaire's personal account of his conversion from a man certain of his worth and secure in his assumptions to a man conscious of his own weaknesses and failures and critical of the institutions he'd relied on. It might not sit easily with standard ideas of military leadership, but understanding what happened to General Dallaire and his mission to Rwanda is crucial to understanding the moral minefields our peacekeepers are forced to

negotiate when we ask them to step into the world's dirty wars. Excerpt from *Shake Hands with the Devil*
My story is not a strictly military account nor a clinical, academic study of the breakdown of Rwanda. It is not a simplistic indictment of the many failures of the UN as a force for peace in the world. It is not a story of heroes and villains, although such a work could easily be written. This book is a *cri de coeur* for the slaughtered thousands, a tribute to the souls hacked apart by machetes because of their supposed difference from those who sought to hang on to power. . . . This book is the account of a few humans who were entrusted with the role of helping others taste the fruits of peace. Instead, we watched as the devil took control of paradise on earth and fed on the blood of the people we were supposed to protect.

After midnight on December 10, 1964, in Ferriday, Louisiana, African American Frank Morris awoke to the sound of breaking glass. Outside his home and shoe shop, standing behind the shattered window,

Klansmen tossed a lit match inside the store, now doused in gasoline, and instantly set the building ablaze. A shotgun pointed to Morris's head blocked his escape from the flames. Four days later Morris died, though he managed in his last hours to describe his attackers to the FBI. Frank Morris's death was one of several Klan murders that terrorized residents of northeast Louisiana and Mississippi, as the perpetrators continued to elude prosecution during this brutal era in American history. In *Devils Walking: Klan Murders along the Mississippi in the 1960s*, Pulitzer Prize finalist and journalist Stanley Nelson details his investigation—alongside renewed FBI attention—into these cold cases, as he uncovers the names of the Klan's key members as well as systemized corruption and coordinated deception by those charged with protecting all citizens. *Devils Walking* recounts the little-known facts and haunting stories that came to light from Nelson's hundreds of interviews with both witnesses and suspects. His research points to the development of a particularly virulent local faction of the Klan who used terror and violence to stop integration and end the advancement of civil rights. Secretly led by the savage and cunning factory worker Red Glover, these Klansmen—a handpicked group that included local police officers and sheriff's deputies—discarded Klan robes for civilian clothes and formed the underground Silver Dollar Group, carrying a silver dollar as a sign of unity. Their eight known victims, mostly African American men, ranged in age from nineteen to sixty-seven and included one Klansman seeking redemption for his past actions. Following the 2007 FBI reopening of unsolved civil rights-era cases,

the Wind, is one of the most important records of the American civil rights movement as told by a true American hero, John Lewis, who Cornel West called a "national treasure." An eloquent and gripping first-hand account of the turbulent struggle for civil rights and the willingness and courage to change the course of history. Forty years ago, a teenaged boy named John Lewis stepped off a cotton farm in Alabama and into the epicenter of the struggle for civil rights in America. The ideals of nonviolence which guided that critical time of American history established him as one of the movement's most charismatic and courageous leaders. Lewis's leadership in the Nashville Movement—a student-led effort to desegregate the city of Nashville using sit-in techniques based on the teachings of Gandhi—established him as one of the movement's defining figures and set the tone for the major civil rights campaigns of the 1960s. During this decade, he was repeatedly a victim of violence and intimidation, but his singular belief in non-violent action, inspired by his mentor, Dr. Martin Luther King, was a defining characteristic of his leadership and vision. In 1986, he ran and won a congressional seat in Georgia, and remains in office to this day. Walking with the Wind is the story of an American hero. A boy from rural Alabama whose journey led him to Washington, and whose vision and perseverance changed a nation.

2016 Olympic Games it seems that its moment has come. But in order to prepare itself for the world stage, Rio must vanquish the entrenched problems that Barbassa recalls from her childhood. Turning this beautiful but deeply flawed place into a pristine showcase of the best that Brazil has to offer in just a few years is a tall order—and with the whole world watching, the stakes couldn't be higher. “Moonshiners put more time, energy, thought, and love into their cars than any racer ever will. Lose on the track and you go home. Lose with a load of whiskey and you go to jail.” —Junior Johnson, NASCAR legend and one-time whiskey runner Today’s NASCAR is a family sport with 75 million loyal fans, which is growing bigger and more mainstream by the day. Part Disney, part Vegas, part Barnum & Bailey, NASCAR is also a multibillion-dollar business and a cultural phenomenon that transcends geography, class, and gender. But dark secrets lurk in NASCAR’s past. Driving with the Devil uncovers for the first time the true story behind NASCAR’s distant, moonshine-fueled origins and paints a rich portrait of the colorful men who created it. Long before the sport of stock-car racing even existed, young men in the rural, Depression-wracked South had figured out that cars and speed were tickets to a better life. With few options beyond the farm or factory, the best chance of escape was running moonshine. Bootlegging offered speed, adventure, and wads of cash—if the drivers survived. Driving with the Devil is the story of bootleggers whose empires grew during Prohibition and continued to thrive well after Repeal, and of drivers who thundered down dusty back roads with

moonshine deliveries, deftly outrunning federal agents. The car of choice was the Ford V-8, the hottest car of the 1930s, and ace mechanics tinkered with them until they could fly across mountain roads at 100 miles an hour. After fighting in World War II, moonshiners transferred their skills to the rough, red-dirt racetracks of Dixie, and a national sport was born. In this dynamic era (1930s and '40s), three men with a passion for Ford V-8s—convicted criminal Ray Parks, foul-mouthed mechanic Red Vogt, and crippled war veteran Red Byron, NASCAR's first champion—emerged as the first stock car "team." Theirs is the violent, poignant story of how moonshine and fast cars merged to create a new sport for the South to call its own. *Driving with the Devil* is a fascinating look at the well-hidden historical connection between whiskey running and stock-car racing. NASCAR histories will tell you who led every lap of every race since the first official race in 1948. *Driving with the Devil* goes deeper to bring you the excitement, passion, crime, and death-defying feats of the wild, early days that NASCAR has carefully hidden from public view. In the tradition of Laura Hillenbrand's *Seabiscuit*, this tale not only reveals a bygone era of a beloved sport, but also the character of the country at a moment in time.
