Index of Patents Issued from the United States Patent Office

Electronic Design

Computers and People

The book discusses existing rules in the various states relating to the enforcement of premarital or postnuptial agreements regarding the parties' rights if they divorce.

Machinery

Searching the Law, the States

Steel

The new Manual of Environmental Microbiology will serve as a state of the art compendium of methods for the ever more important field of environmental microbiology. The book has major sections on general methods, water and public health microbiology, aquatic environments, subsurface and landfills, aerobiology, and biotransformation and biodegradation. An invaluable research tool!

Handbook of Metalforming Processes

Manufacturing Engineering & Management

This new two-volume set reproduces the easy-to-use, logically-organized format of Searching the Law for each of the 50 US states. Arranged by state and by topic within each state, it features: as complete a list as possible of all the legal research materials available for each state jurisdiction; thousands of citations to the legal literature of each state; materials applicable to more than one topic listed under each topic; repeated listings under each state and topic where they apply; and author, title, publisher, format and the latest known supplement for each citation.

Electronic Products

Includes an annual Computer directory and buyers' guide.

Thomas Register of American Manufacturers and Thomas Register Catalog File

American Machinist

Reflecting hands-on experience of materials, equipment, tooling and processes used in the industry, this work provides up-to-date information on flat-rolled sheet metal products. It addresses the processing and forming of light-to-medium-gauge

flat-rolled sheet metal, illustrating the versatility and myriad uses of this material.
