The Principles of Our World - Compassion

Life hasn't been kind to Adam Sellars lately. In the past year he has broken up with his fiancée, barely survived a terrible car wreck, and had his brother's family vanish while he lay unconscious in the hospital. Since then he has been a crippled shell going through the motions of life with nothing but the search for his brother to keep him going. But Adam is about to discover that things can still take a turn for the worse. Much worse. His quest for his lost brother has brushed up against a very dark corner of the world and something has come out of that darkness with an unholy vengeance. He can't fight it, he can't hide from it, and not even the police can protect him as his world descends into chaos. His only hope lies in a mysterious pair of strangers who have appeared out of nowhere with an offer of aid. But they have their own agenda, and his survival may not be their top priority. Now Adam must keep his wits about him and learn to believe in himself again as events send him on a collision course with a monster more horrific

than he ever dreamed possible.

A Reader Views Award winner and Eric Hoffer Award finalist The Dark Forest is moving and a horde of bloodthirsty monsters is on the hunt. For the peaceful denizens of Erla, time is running out. Two thousand years have passed since the three clans fled the world of humans through Eon's Door to find sanctuary in a realm called Erla, and now a prophecy left to them by the ancient race that created the tree portal is coming true. A trusted sage has stolen the portal's key and is using the awesome power that separated the worlds to tear apart the very soul of Nature. The key must be taken back and Eon's Door closed--before it's too late. Hope lies with a "child of doubt" from the world the clans left behind and the courageous young Erlan who's been sent to find him. Together they must retrieve the key and close Eon's Door. It won't be easy. Abominations of beasts and trees stand between them and their goal. Even worse, the sage knows the prophecy and is expecting them. "Avatar meets The Lord of the Rings." Readers will feel they know someone just like the characters in this timely novel on social status and social media. Steen Sand, CEO of Stensure Networks, is the head honcho at an IT firm that's developed an Internet service to monitor, compute, and publish people's social status. His chief operating officer, Irene Lund, serves as his muse. He needs her to be part of his world, or he can't achieve anything of significance. But does she feel the same? Chief financial officer, Michael Jensen, is a hard-core pessimist who has learned the hard way not to speak up against the status quo, in spite of his natural inclination to do so. Jensen's a numbers guy. He relates to spreadsheets better than he does to people. Will this cost him in the end? Louise Hald, chief marketing officer, joined Stensure's management team after leaving her post as an assistant professor at a business school. She's beginning to wonder if she'll ever move past the "assistant" part in the eyes of her coworkers. What can she do to ensure she gets ahead? And then there's Sophie Bech. She's made the long trip back to Denmark from South Africa for her own private reasons, and everything looks different to her now. She wonders what her return will hold for her. Was it a mistake? Will her fresh set of eyes-and values-help or hinder the team? Reductionism-understanding complex things by reducing them to fundamental parts and interactions-comes up against social status, so subtle, intricate, and sought-after, in this intriguing modern-day novel. Will these characters-and their supporting players-make the changes they need to survive in today's world? Or will they succumb to the allure of using easy but underhanded methods to get ahead?

World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as I Plan to Kill You Now and the sequel, I Plan to Kill You Now, Too, the ninja film, Chuck Butcher: Sword Wielding Jackal, as well as the light-hearted romp, Harry Hinklehoffer and the Giant Dancing Toad of East Nebraska -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.
